DuPage Airport Authority Illinois

For its Comprehensive Annual Financial Report For the Fiscal Year Ended

December 31, 2019

Christopher P. Morrill

Executive Director/CEO

May 14, 2021

Board of Commissioners DuPage Airport Authority 2700 International Drive, Suite 200 West Chicago, IL 60185

Honorable Commissioners:

We respectfully present for your review this Comprehensive Annual Financial Report (CAFR) for the DuPage Airport Authority (the Authority) for the fiscal year ended December 31, 2020. This CAFR is prepared and presented by the Finance Department and represents the Authority's commitment to provide accurate financial information to the Board of Commissioners and to the community we serve.

The CAFR contains financial statements and statistical information that fully disclose all the material financial operations of the Authority. The financial statements and statistical information contained herein are representations of the Authority's management, which bears the responsibility for the accuracy, completeness, and fairness of the CAFR. A narrative overview and analysis of the financial activities of the Authority, that occurred during the fiscal year ended December 31, 2020, are presented in the Management's Discussion and Analysis (MD&A) found in the Financial Section.

This year's annual financial report is presented as a comprehensive document prepared in accordance with the guidelines set forth by the Government Finance Officers Association of the United States and Canada (GFOA). The GFOA awards a Certificate of Achievement to all public entities whose annual financial reports are judged to conform to the high standards of public financial reporting, including generally accepted accounting principles promulgated by the Government Accounting Standards Board (GASB). It is our belief that the accompanying fiscal year December 31, 2020 CAFR meets the program standards and will be submitted to the GFOA for review.

THE DUPAGE AIRPORT AUTHORITY

The Authority is an independent government body established by law by the State of Illinois. It was created after the State adopted the Airport Authorities Act of 1945. The Authority operates and manages the DuPage Airport (DPA), the fixed-base operations of the DuPage Flight Center (DFC), and the Prairie Landing Golf Club (PLGC). The Authority also manages and provides accounting for the DuPage Business Center Property Owners Association, a joint-partnership that operates the DuPage Business Center, an 800-acre business development park south of the Airport.

The Airport encompasses 2,800+ acres of land. This land was formerly sheep-grazing land that was purchased in 1927 and converted into a grass strip airfield. The U.S. Navy requisitioned the DuPage Airport in 1941, built brick hangars, and paved two runways in order to use the facility to train pilots for the war efforts during WWII. The airport was officially activated in March 1943. In 1946, the Navy sold the airport to DuPage County for one dollar. In the late 1970s, the Airport was designated a reliever airport for general aviation aircraft. In the 1980s, the Authority began an expansion project to accommodate increased traffic. The Airport grew from 900 acres in 1985 to 2,800 acres by 1992 through land acquisitions that provided a large buffer zone and allowed the Authority to maintain control of the property surrounding the runway complex. Since 1992, there have been several land sales and land acquisitions, but the total land owned by the Authority remains around 2,800 acres. Between 2012 and 2014, the Airport's secondary runway 2R/20L was extended to 6,451 feet, and the main runway 2L/20R was widened to 150 feet in order to accommodate larger corporate jet aircraft. With its main runway measuring 7,571 feet, the Airport boasts the second longest runway in the Chicago market outside of Chicago O'Hare International (ORD).

The Authority is located within DuPage County approximately, 29 miles west of downtown Chicago in West Chicago, and is empowered to levy a property tax on real properties located within DuPage County, which encompasses an area of approximately 336 square miles and includes nine townships within the County's boundaries. The physical land owned by the Authority for the airport, golf course, and an associated business park straddles two townships, Wayne and Winfield, and is located on the far western edge of the County along the border with Kane County.

The Authority is governed by a nine-member Board of Commissioners (Board). Commissioners are appointed to staggered five-year terms. Commissioners are appointed by the DuPage County Chairman with the advice and consent of the DuPage County Board. Policy-making and legislative authority rests with the Board, which is responsible for passing ordinances, resolutions, adopting the budget, and hiring the Executive Director. The Executive Director is responsible for carrying out the policies, ordinances and resolutions of the Board, for overseeing the day-to-day operations of the Authority, and overseeing hiring practices. Meetings of the Board are scheduled six times per year in January, March, May, June, September, and November. Additional meetings are scheduled if required, and all meetings are open to the public.

FINANCIAL REPORTING ENTITY

The Authority's financial reporting entity has been defined in accordance with GASB Statement No. 14 as amended by GASB Statement No. 61. The financial statements contained within this CAFR include all departments and operations for which the Authority is financially accountable. Financial accountability is defined in Note 1 to the financial statements. While the Authority is a component unit of DuPage County, no governmental organizations other than the Authority itself are included in the financial reporting entity.

ECONOMIC CONDITION

The financial condition of the Authority is primarily dependent upon aircraft utilization, aviation fuel sales, and the leasing of hangars, tie-down spots, and office space. The Authority's operational revenue is derived from three main operations: the DuPage Airport, the DuPage Flight Center, and Prairie Landing Golf Club.

Total operating revenues decreased \$3,260,213 (-18.9%) from FY19 while total direct operating expenses decreased \$2,787,209 (-21.5%). General and Administrative expenses (including Real Estate Taxes) increased \$195,868 (4.3%) vs. FY19. The net result from operations was an overall decrease of \$(602,887) vs. last year's operating income. A more detailed discussion of the financial results is contained in the Management's Discussion and Analysis found in the Financial Section of this report.

Hangar and tie-down (HTD) rentals continue to be sluggish since the deep recession of 2008 but improved slightly in 2020. At December 31, 2020, 49% of available hangars and tie-downs were leased, which is a nearly 4% improvement over last year. Airport Operations (takeoffs and landings) were down 7.99% (122.5K in FY20 vs. 133.2K in FY19), which is up 47% from nine years prior. Operations are up 50.6K (70.5%) from the Airport's lowest point in the past 10 years (FY14). Revenue from aviation fuel sales decreased vs. last year. Jet A fuel was down 435K gallons (-19.81%) and down \$2.775M (-29.66%) from FY19, while General Aviation fuel (100LL) was down 27.9K gallons (-10.22%) and down \$187K (-12.87%). Revenue from other airport services provided by DFC (e.g. transient plane storage, customs, de-icing, etc.) was down 13.14% from last year (\$721K in FY20 vs. \$830K in FY19). Prairie Landing had a 4.31% increase in number of rounds of golf played (26.9K in FY20 vs. 25.8K in FY19) and had an 11.05% increase in net greens fees collected for the year (\$1.14M in FY20 vs. \$1.02M in FY19).

LONG-TERM FINANCIAL PLANNING

To augment our financial planning process, five-year projections will be developed each year for both operating and capital budget needs as a part of the budget development process. The projections will allow us to determine the impact of capital projects on future operating expense budgets, future revenue requirements, and plans to achieve them.

RELEVANT FINANCIAL POLICIES

The DuPage Airport Authority Code contains policies and regulations that affect the financial operation and results of the Authority. The Code includes relevant financial policies for capital improvements, investments, and procurement.

The Board may make annual appropriation requests not to exceed three percent (3%) of the equalized assessed value of property subject to taxation by the Authority. The Authority's assessed value of property at year end 2019 was \$39,397,774,481, and the amount appropriated for capital improvements in 2020 was \$5,554,605, which is only 0.014% of the assessed value of property and included a \$500K abatement.

The investment policy states that all unrestricted cash funds shall be consolidated to maximize investment earnings and to increase efficiencies with regard to investment pricing, safekeeping, and administration. The ending balance of unrestricted cash and cash equivalents in 2020 was \$15,109,163. Investment income earned in 2020 was \$294,287.

The procurement policy dictates approval thresholds for contracts and purchase orders, minimum competition requirements, and the appropriate use of Authority purchasing cards.

MAJOR INITIATIVES

DuPage Airport - M-B Companies MB4 Front-mount Snow Blower - \$593,314

The new high-speed snow blower replaced a 1989 unit and is utilized by Airport Maintenance during snow removal activities on the airfield.

DuPage Airport - Maintenance Building Expansion - \$387,346 in 2020 (\$2,367,690.10 total project)

The Airport Authority is constructing a 16,500 square foot expansion on the east side of its existing maintenance building. The new expansion will accommodate the existing fleet of equipment and materials utilized by Airport maintenance departments.

DuPage Airport - John Deere 280HP Tractor and Flexible Wing Rotary Mower - \$335,755

The new tractor pulls a 42-foot airfield mower and is utilized by Airport Maintenance for airfield mowing. The new tractor/mower performs the work of three (3) existing mowers.

DuPage Airport - Construct North Perimeter Road Extension - \$367,190

Under the Airport Improvement Program (AIP) Federal and State grant funding, the Airport Authority constructed a roadway that connects pavement at the Echo 1 Hangar Ramp to the existing North Perimeter Road. The road allows airport vehicles to safely travel around the airfield without having to access a runway or taxiway. This AIP project includes 90% Federal funding and 5% State funding reimbursement.

DuPage Airport - John Deere AWD Articulated Road Grader - \$286,979

The new grader replaced a 1988 unit and is utilized by Airport Maintenance for ice control, cutting roadways, and constructing drainage ditches.

DuPage Airport - Doosan DL300-5K Rubber Tire End Loader - \$208,896

The new loader replaced a 2003 unit and is utilized by Airport Maintenance for moving materials and snow removal activities on aircraft parking aprons.

Prairie Landing Golf Club - Clubhouse Banquet Room and Restroom Renovations - \$200,061

The Prairie Landing Golf Club renovated its Clubhouse Banquet Facility to include new paint, wall covering, carpet, light fixtures, and restroom upgrades.

DuPage Airport - New Airport Beacon - \$156,518

The Airport Authority replaced its existing rotating beacon which was more than 30 years old. The beacon provides pilots with a visual reference during nighttime hours and low visibility.

DuPage Airport - Replace Access Control System Hardware and Software - \$162,695

The Airport Authority replaced its access control system hardware and software, which was more than 10 years old. The replacement included 54 access card readers at gates along the eight miles of perimeter fencing in addition to servers, network communications equipment, and existing software platform.

DuPage Airport - Roof Renovations at Hangar E1 - \$172,179

The Airport Authority removed the original metal roof, roof membrane, and insulation on the south end of Hangar E1 due to rotting. New metal roof panels were installed, and closed-cell spray foam insulation was applied inside the hangar bays.

DuPage Airport - Mill and Overlay Various Roadways and Parking Lots - \$122,295

The Airport Authority made repairs to various deteriorated asphalt locations on the Airport to include the Travel Express, Avel Flight School, and Aircraft Rescue and Firefighting Station parking lots, in addition to access roadways.

INTERNAL CONTROLS

We believe that the Authority's internal control framework adequately safeguards assets and provides reasonable assurance of the proper recording of financial transactions. Management also believes that the data in this CAFR, as presented, is accurate in all material respects, that it presents fairly the financial position, results of operations and cash flows of the Authority, and that all disclosures necessary to enable the reader to gain maximum understanding of the Authority's financial affairs have been included.

While it is always management's goal to present the Authority's financial statements as accurately as possible, we understand the costs of any internal controls should not exceed the benefits to be derived. Therefore, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

THE BUDGET

Authority management recognizes the importance of proper and accurate budgeting. Management annually creates a comprehensive line-item budget that is adopted by the Board of Commissioners in a public meeting at the beginning of each fiscal year. The budget includes detailed projections of the expected financial operation over the next year in accordance with the Authority's long-range financial and master plans.

Preparation of the annual budget begins with development of the Capital Improvement Plans in June. The process continues in July with departmental Operating Budget requests. In August and September, the proposed Operating and Capital Budgets are refined by department managers and directors, followed by a thorough review of overall projections by the Executive Director. The proposed Budget is then presented to the Finance Committee in October for review before the formal presentation of the tentative budget to the entire Board of Commissioners in November. The tentative budget is then sent to the DuPage County Chairman, who has 30 days to enact any line-item vetoes. In January, a public meeting is held for the general public to review and comment on the tentative budget. At the January meeting of the Board of Commissioners, the Board approves the official Budget and Appropriation Ordinance. Finally, the Budget Ordinance is filed with the DuPage County Recorder's office.

Management's control of the budget is maintained at the department level. It is the responsibility of each department to administer its operations in such a manner as to ensure that the use of funds is consistent with the goals and programs authorized by the Board of Commissioners. The annual budget is presented on our website site at http://www.dupageairport.com/airport-authority/finance/.

INDEPENDENT AUDITOR

The Authority's independent accounting firm, Sikich LLP, has rendered an unmodified opinion on the Authority's financial statements for the fiscal year ended December 31, 2020, which states that the financial statements present fairly, in all material respects, the results of the Authority's financial position, changes in financial position and cash flows. The Auditor's report on the financial statements is included in the financial section of the report.

AWARDS AND ACHIEVEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to DuPage Airport Authority for its comprehensive annual financial report for the fiscal year ended December 31, 2019. This was the fourth consecutive year that the Authority has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

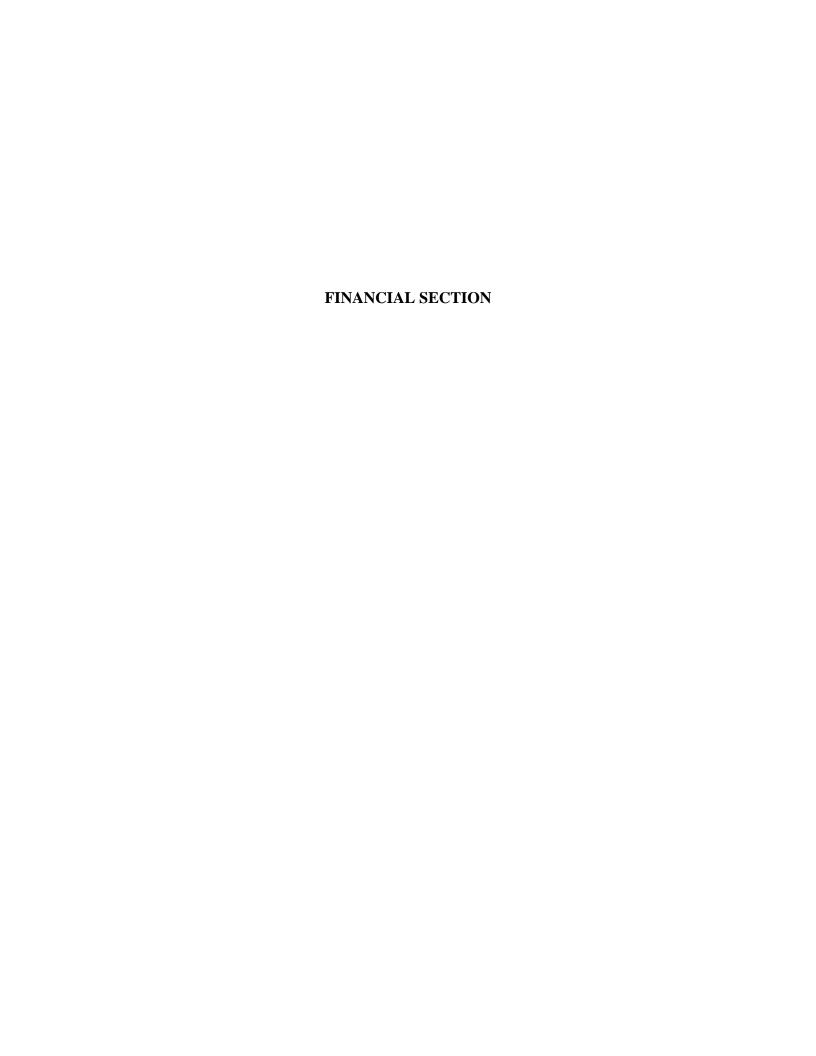

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

ACKNOWLEDGMENTS
The publication of this CAFR reflects the level of excellence and professionalism of the Authority's entire staff. We wish to express our appreciation specifically to all members of the Finance Department, who contributed to the preparation of the CAFR.

We would also like to thank the Board of Commissioners for their guidance and support provided in the planning and conducting of the financial operations of the Authority. Their direction and counsel have helped the DuPage Airport Authority to become an airport of distinction in the general aviation industry.

Respectfully submitted,

Patrick Hoard Director of Finance

1415 West Diehl Road, Suite 400 Naperville, IL 60563 630.566.8400

INDEPENDENT AUDITOR'S REPORT

Board of Commissioners DuPage Airport Authority West Chicago, Illinois

We have audited the accompanying financial statements of the DuPage Airport Authority, West Chicago, Illinois (the Authority), a component unit of DuPage County, Illinois, as of and for the year ended December 31, 2020, and the related notes to financial statements which collectively comprise the Authority's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the DuPage Airport Authority, West Chicago, Illinois, as of December 31, 2020, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The introductory section, supplemental data, other data and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental data is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental data is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section, other data and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Governmental Auditing Standards*, we have also issued our report dated May 14, 2021 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Sikich LLP

Naperville, Illinois May 14, 2021

GENERAL PURPOSE EXTERNAL FINANCIAL STATEMENTS

Management's Discussion and Analysis

As management of the DuPage Airport Authority ("Authority"), we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended December 31, 2020.

Basic Financial Statements

The Authority uses fund accounting to report on its financial position and the results of its operations. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Authority, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. A fund is a separate accounting entity with a self-balancing set of accounts.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. The Authority uses one enterprise fund to account for those activities which include providing goods and services to outside parties. The Authority currently has three divisions within a single enterprise fund in order to appropriately account for its daily activities.

Under this method of accounting, revenue is recorded when earned and expenses are recorded when incurred. The basic financial statements include a statement of net position, a statement of revenues, expenses, and changes in net position, and a statement of cash flows.

The *Statement of Net Position* reports information on all the Authority's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with assets plus deferred outflows of resources less liabilities and deferred inflows of resources reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of the Authority's financial position.

The Statement of Revenues, Expenses and Changes in Net Position presents information showing how the Authority's net position changed during the year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future periods.

The Statement of Cash Flows relates to the flows of cash and cash equivalents. Consequently, only transactions that affect the Authority's cash accounts are recorded in this statement. A reconciliation is provided at the bottom of the Statement of Cash Flows to assist in the understanding of the difference between cash flows from operating activities and operating income.

Financial Highlights

Operating loss before depreciation and amortization was \$961,437. This compares to an operating loss of \$292,569 in the prior year. This \$669K year-over-year decrease was mostly driven by depressed operating activities due to the Coronavirus pandemic. In 2020, nearly every revenue line, expense line, and metric were down from the prior year due to the global mitigation efforts to try and control the spread of COVID-19. The year-over-year change by business was: DAA increase of \$26K, DFC decrease of \$553K, and PLGC decrease of \$141K.

- Operating revenues were down 19% from \$17.2 million to \$13.9 million. The biggest share of the decrease was driven by lower Fueling Revenues in Line Service (down \$3.03M). The total volume of fuel sold in 2020 was down 18.75%, and the average selling price of a gallon of fuel decreased by 10.73% (or \$0.47 per gallon). Revenue from Aircraft Storage was up 1.12% from 2019 due to increased hangar rentals (up \$91K). Revenues at PLGC were down 10% mostly from decreased wedding and banquet events (down \$324K).
- Operating expenses decreased 14.8% from \$17.5 million to \$14.9 million. Direct Costs were down \$2.8M from 2019 mostly due to decreased fuel sales costs, IMRF expenses, and Major Maintenance expenses.
- Net position increased by \$3.8 million compared to a \$8.8 million increase the year prior. The main driver of this increase is the sale of three parcels of land at the DuPage Business Center in 2020, which totaled \$4.9 million in proceeds. The ending Net Position is \$191.3 million.
- The DuPage Airport Authority designates all property tax income to be used for capital and major maintenance projects. The Authority had \$5.2 million designated for these purposes at the end of 2019. The Authority received an additional \$5.5 million in property tax revenues in 2020. The Authority spent \$5.01 million in 2020 on capital and major maintenance projects. The balance of designated money was \$5.8 million at year-end in 2020. Top projects in the capital program were a new high-speed runway plow/broom combo unit (\$699K), new runway snowplow (\$593K), airport perimeter fencing (\$417K), maintenance building expansion (\$387K), and a new tractor/mower combo (\$336K).

Financial Information

| TOTAL NET POSITION | 191,305,547 | 187,457,532 | 3,848,015 | 2.05% |

The following schedule presents a summary of revenues, expenses, and changes in net position for the fiscal years ended December 31, 2019 and 2020:

| | 2020 | 2019 | Increase (Decrease) | % Increase -Decrease |
|---|-------------|-------------|------------------------|-------------------------|
| OPERATING REVENUES | | | | |
| Airport Operations | 11,903,800 | 14,937,643 | (3,033,843) | -20.31% |
| Golf Course Operations | 2,050,205 | 2,276,575 | (226,370) | -9.94% |
| Total Operating Revenues | 13,954,005 | 17,214,218 | (3,260,213) | -18.94% |
| OPERATING EXPENSES | | | | |
| Direct Costs | 10,206,708 | 12,993,917 | (2,787,209) | -21.45% |
| General and Administrative | 4,273,558 | 4,260,570 | 12,989 | 0.30% |
| Real Estate Tax | 435,176 | 252,297 | 182,879 | 72.49% |
| Total Operating Expenses | 14,915,442 | 17,506,784 | (2,591,341) | -14.80% |
| OPERATING INCOME (LOSS) | | | | |
| BEFORE DEPRECIATION | (961,437) | (292,566) | (668,872) | -228.62% |
| Depreciation | 6,807,647 | 6,873,630 | (65,985) | -0.96% |
| OPERATING INCOME (LOSS) | (7,769,084) | (7,166,196) | (602,887) | -8.41% |
| NON-OPERATING REVENUES (EXPENSES) | | | | |
| Property Taxes | 5,544,072 | 5,538,102 | 5,970 | 0.11% |
| Gain (Loss) on Disposal of Capital Assets | 4,997,841 | 9,741,599 | (4,743,758) | -48.70% |
| Other | 390,097 | 564,917 | (174,821) | -30.95% |
| Total Non-Operating Revenues (Expenses) | 10,932,010 | 15,844,618 | (4,912,609) | -31.00% |
| INCOME (LOSS) BEFORE CONTRIBUTIONS | 3,162,926 | 8,678,422 | (5,515,496) | -63.55% |
| Contributions | 685,089 | 106,146 | 578,943 | 545.42% |
| CHANGE IN NET POSITION | 3,848,015 | 8,784,568 | (4,936,553) | -56.20% |
| NET POSITION AT YEAR END | | | | |
| Net Investment in Capital Assets | 147,589,150 | 151,234,161 | (3,645,011) | -2.41% |
| Restricted for Aeronautical Purposes | 31,184,373 | 25,049,850 | 6,134,523 | 24.49% |
| Unrestricted | 12,532,024 | 11,173,521 | 1,358,503 | 12.16% |
| TOTAL NET POSITION | 191,305,547 | 187,457,532 | 3,848,015 | 2.05% |

Revenue - The chart below shows major sources of operating revenue for the year ending December 31, 2020.

Total Revenues decreased 24.72% from the previous year. A decrease in Gain on Disposal of Capital Assets and Line Service revenues were the primary drivers of this decrease. Three parcels of land at the DuPage Business Center were sold for a total gain of \$4.8M vs. a \$9.7M gain on land sold in 2019. Total quantities of fuel sold decreased by 18.75% from 2019, and total revenue from fuel sales decreased 27.40% (down \$2.96M). The average selling price per gallon of Jet A fuel was \$3.91 in 2020 compared to \$4.38 in 2019. This operation continues to be a major revenue source for the Authority with 56.9% of total operating revenues coming from fuel sales in the line service.

In 2020, the Golf Course saw a decrease in overall operating revenues. The number of rounds golfed were up 4.31%, and revenue from golf activity was up 5.6%. Wedding and Banquet revenues were down 72.3% from 2019 due to 40 fewer events in 2020. Food and Beverage revenues increased 20.7% in 2020 following a down year in 2019 that saw F&B revenues decrease largely due to construction of the Grillroom & Bar expansion.

Aircraft Storage revenue increased \$36K (1.12%) over 2019 driven by an increasing utilization of our available storage and leasing space in addition to leases related to new based aircraft. Revenue from Leases, Commissions, and Fees had a decrease of \$42K (-5.72%).

Depreciation & Amortization 31.3%

Real Estate Tax 2.0%

G & A 19.7%

Direct Costs 47.0%

Expenses - The chart below shows major categories of expenses for the year ending December 31, 2020.

Total expenses decreased 10.9%. Direct Costs decreased in 2020 due to the lower volume of fuel purchased for sale by Line Service (down \$2.37M), Major Maintenance expenses (down \$149K), and IMRF costs (down \$187K). General & Administrative costs increased 4.34% vs. 2019. The net increase in G&A costs was mostly due to Real Estate Taxes increasing \$183K from last year, Bad Debt expenses up \$150K, Professional Services up \$102K, and lower one-time DuPage Business Center-related expenses, which were down \$91K from 2019. Insurance costs increased \$49K from the prior year.

Capital Assets

Total Capital Assets put into service in 2020 was \$3.77 million, of which \$1.14 million was carried over from prior year "Construction in Progress" balances. The current year "Construction in Progress" balance was \$4.49 million at year-end. Depreciation expense in 2020 was \$6.81 million.

The major impacts to Capital Assets during the fiscal year were: Machinery & Equipment purchases totaling \$2.44 million including \$699,000 to purchase a new runway plow/broom combo unit, \$593,000 for a new runway snow blower, \$336,000 for a new tractor & mower combo, \$287,000 for a new motor grader, and \$209,000 for a new wheel loader. Buildings & Improvements had \$1.27 million in capitalized costs including \$669,000 for the new grill room and bar at PLGC, and \$351,000 for renovations to the 3rd-floor Boardroom and offices in the Flight Center.

A summary of capital assets can be found in Note 4 of the Financial Statements.

Future Economic Impacts

Looking to the 2021 fiscal year, we expect the Airport to experience a rebound in air traffic. Though, it is unlikely to rebound to 2019 levels.

We expect increased Fuel revenues, and increased fuel costs, as business begins to bounce back from the Coronavirus shutdown. We expect Golf to maintain its strong 2020 levels. We also expect Golf Outings to increase due to a relaxation of COVID restrictions. Weddings and banquets will slowly rebound, but we still expect to be down significantly from pre-2020 levels. We ended 2020 with Accounts Receivables balances that were higher than usual as customer and tenant payments lagged as a result of the pandemic. We see this improving throughout 2021 and expect to be close to normal levels to begin 2022.

Requests for Information

This financial report is designed to provide a general overview of the DuPage Airport Authority's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, DuPage Airport Authority, 2700 International Drive, Suite 200, West Chicago, IL 60185.

NOTES TO FINANCIAL STATEMENTS

December 31, 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the DuPage Airport Authority (the Authority) have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Authority's accounting policies are described below.

a. Reporting Entity

The Authority was created subject to "An Act in Relation to Airport Authorities" (70 ILCS 5/0 et seq) to operate an airport facility in western DuPage County, Illinois.

The Authority operates under the direction of the Board of Commissioners. As required by GAAP, these financial statements present the Authority. In evaluating how to define the reporting entity, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made based upon the significance of their operational or financial relationships with the primary government.

Based on these criteria, the Authority does not have any component units.

Effective September 1995, the DuPage County Board Chairman was given (by state statute) line item veto authority over the Authority's budget. The County Board Chairman also has the ability to appoint the nine Airport Authority Board Members with the County Board's approval. Based on the circumstances defined above, the Authority is considered a component unit of DuPage County (the County).

b. Measurement Focus and Basis of Accounting

The Authority's financial statements are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of net position. Proprietary fund operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net position.

The accounting policies for the Authority conform to GAAP applicable to proprietary funds of governmental units. The financial records of the Authority are maintained by utilizing the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded when the liability is incurred or economic asset used.

NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Basis of Accounting

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Authority are charges to customers for sales and services. Operating expenses for the Authority include the cost of sales and services, general and administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The Authority reports unearned and deferred revenues on its financial statements. Deferred revenues arise when property taxes have been levied but are intended to finance the next fiscal period. Unearned revenue arises when a revenue is measurable but not earned under the accrual basis of accounting. Unearned revenues also arise when resources are received by the Authority before it has a legal claim to them or prior to the provision of services, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Authority has a legal claim to the resources, the liability and deferred inflows of resources for unearned and deferred revenues are removed from the financial statements and revenue is recognized.

d. Cash and Cash Equivalents

For purposes of the statement of cash flows, the Authority considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

e. Investments

Investments with a maturity of less than one year when purchased, non-negotiable certificates of deposit and other nonparticipating investments are stated at cost or amortized cost. Investments with a maturity greater than one year when purchased are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

f. Receivables

The Authority grants trade credit to its customers, primarily tenants and fuel purchasers. Receivables are valued at management's estimate of the amount that will ultimately be collected. The allowance for doubtful accounts, if any, is based on specific identification of uncollectible accounts and the Authority's historical collection experience. The allowance for bad debts at December 31, 2020 is \$157,320.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

g. Inventories

Inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories are accounted for using the consumption method.

h. Prepaid Expenses

Payments made to vendors for services that will benefit periods beyond the date of this report are recorded as prepaid expenses.

i. Capital Assets

Capital assets comprising buildings, office equipment, software, vehicles and airport improvements are recorded at cost. Capital assets are defined by the Authority as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value or service capacity of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. Depreciation is calculated using the straight-line method over the following estimated useful lives:

| Assets | Years |
|---------------------------------|-------|
| Buildings | 35 |
| Building improvements | 10-20 |
| Land improvements | 10-20 |
| Equipment and vehicles | 3-10 |
| Runways, ramps and parking lots | 20 |
| Office and other equipment | 3-8 |

j. Compensated Absences

Authority employees are granted vacation pay and sick leave in varying amounts. In the event of termination, an employee is reimbursed for accumulated vacation time. Accumulated unpaid sick leave is payable to an employee in the event of a voluntary termination of employment with the Authority or upon retirement from the Authority.

NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

k. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

1. Net Position

In the government-wide financial statements, restricted net position is legally restricted by outside parties for a specific purpose. See Note 10. Net investment in capital assets represents the book value of capital assets less any outstanding long-term debt issued to acquire or construct the capital assets.

None of the restricted net position results from enabling legislation adopted by the Authority. The Authority's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first.

m. Accounting Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

n. Postponement of Implementation of Certain Authoritative Guidance

In accordance with the provisions of GASB Statement No. 95, *Postponement of the effective Dates of Certain Authoritative Guidance*, the Authority has delayed the implementation of GASB Statement No. 87, *Leases* to December 31, 2022.

NOTES TO FINANCIAL STATEMENTS (Continued)

2. DEPOSITS AND INVESTMENTS

The Authority categorizes the fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. At December 31, 2020, the Authority held no investments subject to fair value measurement.

a. Permitted Deposits and Investments

Statutes authorize the Authority to make deposits/invest in: insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States Government or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, and The Illinois Funds.

The Illinois Public Treasurers' Investment Pool, known as The Illinois Funds, operates as a qualified external investment pool in accordance with the criteria established in GASB Statement No. 79, Certain External Investment Pools and Pool Participants, and thus, reports all investments at amortized cost rather than fair value. The investment in The Illinois Funds by participants is also reported at amortized cost. The Illinois Funds does not have any limitations or restrictions on participant withdrawals. The Illinois Treasurer's Office issues a separate financial report for The Illinois Funds which may be obtained by contacting the Administrative Office at Illinois Business Center, 400 West Monroe Street, Suite 401, Springfield, Illinois 62704.

It is the policy of the Authority to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the Authority and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy are safety of principal, liquidity and yield.

b. Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the Authority's deposits may not be returned to it. The Authority's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance, at an amount not less than 110% of the fair market value of the funds secured, with the collateral held by the Authority, an independent third party or the Federal Reserve Bank in the Authority's name.

NOTES TO FINANCIAL STATEMENTS (Continued)

2. DEPOSITS AND INVESTMENTS (Continued)

c. Investments

Interest rate risk is the risk that changes in interest rates will adversely affect the market value of an investment. In accordance with its investment policy, the Authority limits its exposure to interest rate risk by structuring the portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity and investing operating funds primarily in shorter term securities, money market mutual funds or similar investment pools. Unless matched to a specific cash flow, the Authority does not directly invest in securities maturing more than ten years from the date of purchase. The maturity/modified duration of the portfolio will be maintained at approximately three years and will range from two to seven years.

The Authority limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in obligations guaranteed by the United States Government (Treasury obligations) or securities issued by agencies of the United States Government that are explicitly guaranteed by the United States Government (Fannie Mae and Federal Home Loan Bank). The Authority held no investments subject to credit risk at December 31, 2020.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Authority will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the Authority's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third party acting as the Authority's agent separate from where the investment was purchased. The Authority held no investments subject to custodial credit risk at December 31, 2020.

Concentration of credit risk - The Authority's investment policy specifies the following preferred asset allocations by investment type:

| Diversification by Instrument | Percent of Portfolio |
|---|----------------------|
| | |
| Cash and equivalents | 5% |
| U.S. Treasury securities/U.S. agency securities | 95% |

NOTES TO FINANCIAL STATEMENTS (Continued)

3. PROPERTY TAXES

The Authority's property tax becomes a lien on real property on January 1 of the year it is levied. The 2020 levy attached as an enforceable lien as of January 1, 2020. Property taxes are deposited with the County Treasurer who remits to the Authority its respective share of the collections. Taxes levied in one year become due and payable in two installments during the following year, on or about June 1 and September 1. The 2020 levy is intended to finance the 2021 fiscal year and, therefore, is reported as deferred revenue at December 31, 2020.

4. CAPITAL ASSETS

The following is a summary of capital asset activity during the year ended December 31, 2020:

| | Beginning | | | Ending |
|--------------------------------------|----------------|--------------|--------------|----------------|
| | Balances | Increases | Decreases | Balances |
| | | | | |
| Capital assets not being depreciated | | | | |
| Land | \$ 66,737,184 | \$ - | \$ 923,545 | \$ 65,813,639 |

5. LONG-TERM LIABILITIES

During the fiscal year, the following changes occurred in long-term liabilities:

| | Balances anuary 1 | I | ncreases |] | Decreases | Balances cember 31 | Current Portion |
|---|----------------------------|----|----------|----|---------------------|-----------------------|-------------------|
| Net pension liability - IMRF* Compensated absences payable | \$ 1,611,644 421,226 | \$ | 53,816 | \$ | 1,611,644 84,245 | \$ - 390,797 | \$ - 78,159 |
| TOTAL | \$ 2,032,870 | \$ | 53,816 | \$ | 1,695,889 | \$ 390,797 | \$ 78,159 |

^{*}IMRF was reported as a net pension liability as of December 31, 2019 and is now reported as a net pension asset as of December 31, 2020. See Note 8 for additional information and disclosures.

6. RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; illnesses of employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three fiscal years.

7. MINIMUM LEASE RENTALS

The Authority has entered into long-term operating leases that expire on various dates within the next several years. Such lease revenue has been included in the Authority's financial statements to present the overall financial position and operations of the Authority. Future minimum lease revenues for the next five fiscal years and thereafter are as follows:

| | 2021 | 2022 | 2023 | 2024 | 2025 |

NOTES TO FINANCIAL STATEMENTS (Continued)

8. DEFINED BENEFIT PENSION PLAN

The Authority contributes to the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer public employee retirement system. The benefits, benefit levels, employee contributions and employer contributions for all plans are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly. IMRF does issue a publicly available report that includes financial statements and supplementary information for the plan as a whole, but not for individual employers. That report can be obtained from IMRF, 2211 York Road, Suite 500, Oak Brook, Illinois 60523 or at www.imrf.org.

Illinois Municipal Retirement Fund

Plan Administration

All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Plan Membership

At December 31, 2019 (measurement date), IMRF membership consisted of:

| Inactive employees or their beneficiaries currently receiving benefits Inactive employees entitled to but not yet receiving benefits Active employees | 28 60 63 |
|---|----------------|
| TOTAL | 151 |

Benefits Provided

IMRF provides two tiers of pension benefits. Employees hired prior to January 1, 2011 are eligible for Tier 1 benefits. For Tier 1 employees, pension benefits vest after eight years of service. Participating members who retire at age 55 (reduced benefits) or after age 60 (full benefits) with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter. Employees hired on or after January 1, 2011 are eligible for Tier 2 benefits.

NOTES TO FINANCIAL STATEMENTS (Continued)

8. **DEFINED BENEFIT PENSION PLAN (Continued)**

Illinois Municipal Retirement Fund (Continued)

Benefits Provided (Continued)

For Tier 2 employees, pension benefits vest after ten years of service. Participating members who retire at age 62 (reduced benefits) or after age 67 (full benefits) with ten years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

Contributions

Participating members are required to contribute 4.50% of their annual salary to IMRF. The Authority is required to contribute the remaining amounts necessary to fund IMRF as specified by statute. The employer contributions for the fiscal year ending December 31, 2020, was 7.97% of covered payroll.

Actuarial Assumptions

The Authority's net pension liability was measured as of December 31, 2019 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of the same date using the following actuarial methods and assumptions.

| Actuarial cost method | Entry-age normal |
|----------------------------|------------------|
| Assumptions Inflation | 2.50% |
| Salary increases | 3.35% to 14.25% |
| Interest rate | 7.25% |
| Cost of living adjustments | 3.50% |
| Asset valuation method | Fair value |

NOTES TO FINANCIAL STATEMENTS (Continued)

8. DEFINED BENEFIT PENSION PLAN (Continued)

<u>Illinois Municipal Retirement Fund</u> (Continued)

Actuarial Assumptions (Continued)

For nondisabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for nondisabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Discount Rate

The discount rate at December 31, 2019 used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the Authority contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the IMRF's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the fiscal year ended December 31, 2020, the Authority recognized pension expense of \$121,989. At December 31, 2020, the Authority reported deferred outflows of resources and deferred inflows of resources related to IMRF from the following sources:

| | Deferred | | | Deferred | |
|--|-------------|---------|-----------|-----------|--|
| | Outflows of | | | nflows of | |
| | Rese | ources | Resources | | |
| | | | | | |
| Difference between expected and actual experience | \$ | - | \$ | 270,508 | |

| Net difference between projected and actual earnings | | | | | |
| on pension plan investments | | - | | 722,989 | |
| Contributions subsequent to the measurement date | 3 | 329,443 | | | |
| | | | | _ | |
| TOTAL | \$ 6 | 550,383 | \$ | 1,177,528 | |

\$329,443 reported as deferred outflows of resources related to pensions resulting from the Authority contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2021. The remaining amounts reported as deferred outflows of resources related to IMRF will be recognized in pension expense as follows:

| Year Ending | | |
|--------------|----|-------------|
| December 31, | | |
| | • | (0.17.01.1) |
| 2021 | \$ | (345,311) |
| 2022 | | (282,528) |

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability (asset) to changes in the discount rate. The table below presents the net pension liability (asset) of the Authority calculated using the discount rate of 7.25% as well as what the Authority's net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

| | Current | | | | | |
|-------------------------------|--------------|---------------|----------------|--|--|--|
| | 1% Decrease | Discount Rate | 1% Increase | | | |
| | (6.25%) | (7.25%) | (8.25%) | | | |
| | | | | | | |
| Net pension liability (asset) | \$ 2,475,649 | \$ (213,902) | \$ (2,408,494) | | | |

9. OTHER POSTEMPLOYMENT BENEFITS

a. Plan Description

In addition to providing the pension benefits described, the Authority provides postemployment health care benefits (OPEB) for retired employees through a single-employer defined benefit plan. The benefits, benefit levels, employee contributions and any employer contributions are governed by the Authority and can be amended by the Authority through its personnel manual. The plan does not issue a separate report. The activity of the plan is reported in the Authority's governmental activities. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

b. Benefits Provided

The Authority provides OPEB to its retirees. To be eligible for benefits, an employee must qualify for retirement under the Authority's retirement plan or meet COBRA requirements.

All health care benefits are provided through the Authority's health insurance plan. The benefit levels are the same as those afforded to active employees. Benefits include general inpatient and outpatient medical services; mental, nervous and substance abuse care; vision care; dental care; and prescriptions. Eligibility in authority sponsored health care plans is discontinued upon eligibility for federally sponsored health care benefits. Retirees pay the full premium to continue in the plan, however the premium is a blended premium, not an age adjusted premium, which creates an implicit benefit as defined by GASB Statement No. 75.

NOTES TO FINANCIAL STATEMENTS (Continued)

9. OTHER POSTEMPLOYMENT BENEFITS (Continued)

c. Total OPEB Liability

Based on an initial actuarial valuation performed on January 1, 2019 and no significant changes occurring between the initial valuation and December 31, 2020, the Authority's total OPEB liability as of December 31, 2020, is immaterial and, therefore, not recorded by the Authority and no further disclosure is deemed necessary.

10. **RESTRICTED NET POSITION**

Per Federal Aviation Authority regulations, any cash received from the sale of land must be used for Aeronautical purposes and, therefore, are presented as restricted net position. Restricted net position at December 31, 2020, was \$31,184,373.

SCHEDULE OF EMPLOYER CONTRIBUTIONS ILLINOIS MUNICIPAL RETIREMENT FUND

Notes to Required Supplementary Information

The information presented was determined as part of the actuarial valuations as of January 1 of the prior calendar year. Additional information as of the latest actuarial valuation presented is as follows: the actuarial cost method was entry-age normal; the amortization method was level percent of pay, closed and the amortization period was 24 years; the asset valuation method was five-year smooted market; and the significant actuarial assumptions were an investment rate of 7.50% annually, projected salary increases assumption of 3.35% to 14.25% compounded annually and postretirement benefit increases of 3.00% compounded annually.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

Changes in assumptions were made related to retirement age and mortality in 2014 and 2017 and the discount rate in 2015, 2016 and 2018.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

STATISTICAL SECTION

This part of DuPage Airport Authority's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the Authority's overall financial health.

| <u>Contents</u> | Page(s) |
|---|---------|
| Financial Trends These schedule contains trend information to help the reader understand how the Authority's financial performance and well-being have been changed over time. | 34-35 |
| Revenue Capacity These schedules contain information to help the readers assess the performance of both fuel sales and nonfuel sales, two of the Authority's most significant revenue sources. | 36-40 |
| Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the Authority's financial activities take place. | 41-44 |
| Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the Authority's financial report relates to the services the Authority provides and the activities it performs. | 45-51 |

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial report (CAFR) for the relevant year.

Note: Due to an accounting system change in 2012, it is difficult and time consuming to extract statistical data prior to 2012 and combine it with current data. Unless otherwise noted, in the interests of time and consistency, the statistical reports in the FY2019 CAFR will report the past eight (8) years of data, including the current year. Each subsequent year, the CAFR will add another year of data until such time the Authority's CAFR contains a rolling ten (10) years of statistical reporting.

NET POSITION AND CHANGES IN NET POSITION

Last Nine Fiscal Years

| Fiscal Year | 2020 | 2019 | 2018 | 2017 |

Note: In 2017, golf operations changed the reporting of revenue from greens fees, cart/club rentals and Pro Shop merchandise sales. Those revenues specifically derived from golf outings were separated from the P300 golf operations department and reported in the P700 golf outings department. Prior years have not been adjusted, and this change will be reported on a prospective basis.

Data Source

Authority's financial statements and internal records

Note: Due to an accounting system change in 2012, it is difficult and time consuming to extract data prior to 2012 and combine it with current data. Unless otherwise noted, in the interests of time and consistency, the statistical reports in the FY2020 CAFR will report the past nine (9) years of data, including the current year. Each subsequent year, the CAFR will add another year of data until such time the Authority's CAFR contains a rolling ten (10) years of statistical reporting.
