Stephanie K. Dawkins, City Administrator Mayor Kevin R. Burns and City Council City of Geneva, Illinois

The Comprehensive Annual Financial Report of the City of Geneva for the fiscal year ended April 30, 2021 is hereby submitted. State law requires an annual audit for local governments. The audit must be conducted in accordance with generally-accepted auditing standards, include all of the accounts and funds of the City, and be completed within six months after the close of the fiscal year. The City is required to issue a report on its financial position and activity presented in conformance with generally-accepted accounting principles (GAAP). This report presents a comprehensive picture of the City's financial activities and has been published to fulfill the requirements for the fiscal year ended April 30, 2021.

The financial report consists of management's representations concerning the finances of the City of Geneva. Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The City of Geneva's financial statements have been audited by Baker Tilly US, LLP, a firm of licensed certified public accountants. The independent auditor issued an unmodified ("clean") opinion on the City's financial statements for the year ended April 30, 2021. The independent auditors' report is located at the beginning of the financial section of this report.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Government Profile

The City of Geneva, founded in 1835, is located Kane County in the Fox River Valley 40 miles west of Chicago and serves a population of 21,495 (2020 census). The City of Geneva is empowered to levy a property tax on real property located within its boundaries. It also is empowered by state statute to extend its corporate limits by annexation, which it has done from time to time. The City is a non-home rule community as defined by the Illinois Constitution.

The City of Geneva operates under the mayor-council form of government. Policy-making and legislative authority are vested in the governing council (Council) consisting of the mayor and 10 other members. The Mayor is elected at-large while the Council is elected by ward. Council members serve four-year terms, with five members elected every two years. The Mayor is elected for a four-year term. The Mayor, with Council advice and consent, appoints the City Administrator and Department Heads.

The City of Geneva provides a full range of services, including police and fire protection; snow removal; traffic control; on- and off-street parking; building inspections; licenses and permits; construction and maintenance of streets and other infrastructure; cemetery maintenance; water and sewer service; and electric service. Solid waste collection, leaf removal, and recycling services are administered by the City through a contract with a private firm. The City has a total authorized employment level of 151 full-time employees. Recreational services are provided primarily by the Geneva Park District, an independent unit of government. Library services are provided primary by the Geneva Public Library, an independent unit of government.

The financial reporting of the City of Geneva is comprised of all funds of the primary government (i.e., the City of Geneva as legally defined) and its pension trust funds, the City of Geneva Police Pension Fund and City of Geneva Firefighters' Pension Fund. The Pension Funds was determined to be a pension trust fund due to its fiduciary and fiscal relationship with the City as their sole purpose is to provide retirement benefits to the City's sworn police officers and firefighters.

Budgeting System and Control

The annual budget serves as the foundation for the City of Geneva's financial planning and control. The budget process typically begins in September with the issuance of budget information and instructions to Department Heads from the City Administrator who is appointed as the Budget Officer. Appointment of a Budget Officer is required per State statute for municipalities who have adopted the Budget Act in lieu of the Appropriations Act. Department Heads are required to submit a proposed budget to the City Administrator in December of each year. The proposed budgets from each department are discussed and revisions made based on the projected financial outlook and City priorities. The draft budget is then prepared and issued in January and then discussed with the City Council. Any additions, deletions and changes are made at subsequent Committee of the Whole and City Council meetings. Finally, a required public hearing is held on the draft budget prior to budget adoption in February. The final budget must be adopted prior to the beginning of the fiscal year.

The annual budget is prepared by fund and department and includes information on past fiscal years, current year budget and projected and draft budget for next fiscal year. The City Administrator as the Budget Officer may transfer budget amounts between departments; however, increases/decreases in the total budget of a fund must be approved by the City Council. Expenditures may not legally exceed budget at the fund level for any budgeted funds. Budget-to-actual comparisons are provided in this report for each fund for which a budget is adopted. For other funds with appropriated budgets, this comparison is presented in the combining and individual fund financial statements and schedules.

Factors Affecting Financial Conditions

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Geneva operates.

Local Economy

The City of Geneva is a western suburb of Chicago and is the Kane County seat. Nearly 1,200 businesses call Geneva home, including many food industry partners such as Hearthside Foods, MSI Express, and FONA International. Other large businesses include Clairos, LLC, and Burgess Norton. The City of Geneva is also known for its historic downtown business district (over 1.1 million square feet of commercial space), the Geneva Commons Lifestyle Shopping Center on Randall Road, the Geneva Business Park and Kane County Cougars independent league baseball. The City of Geneva works closely with the Chamber of Commerce to promote Geneva as a wonderful tourist destination.

As of April 2021, the Kane County unemployment rate was 6.4%, down from 17.1% during the height of the pandemic. As of August 2021, the unemployment rate has remained consistent around 6%.

As anticipated, the taxable equalized assessed valuation (EAV) within the City stabilized and increased for the 2015 though 2020 levy years and is anticipated to increase again for the 2021 levy year. The City's 2020 taxable EAV increased 1.67% to \$1,090,048,433. The increase was due to the addition of \$4,862,455 in new construction EAV. The City maintains a developed land area with a mix of residential (77%), commercial (19%) and industrial (4%) uses.

In light of events related to the COVID-19 pandemic beginning in March 2020, the City recognized the need to remain vigilant in monitoring revenues and expenditures on a real time basis. As a result of the State of Illinois issuing guidance to restrict business operations to reduce the spread of the COVID-19 virus throughout the fiscal year, Geneva's local economy has been negatively impacted, especially the tourism and hotel sector. To properly monitor this impact, City staff regularly reviews reports on reserve and revenue balances and cash balances in the enterprise funds. Even though the City has seen a strong recovery, capital expenditures has been delayed due to long lead times and lack of available supply to complete projects. The City is committed to remaining vigilant in this monitoring process so that any required changes to the budget or operations may be executed in a timely manner.

State of Illinois The City is concerned about the erosion of the state shared income tax due to COVID-19. The State of Illinois is in greater financial distress due to increased expenses and lack of revenue. The state may reduce the share of income tax to offset their reduced revenue.

Bond Rating. The long-term, future outlook for the City remains very positive, given the City's strong EAV and strong median family income. The City's underlying bond rating from Moody's Investors Service was confirmed in March 2021 at Aa2 No Outlook. Moody's cited the City has a healthy financial position, an affluent wealth and income profile and a solid tax base strong. The City continues to move forward advancing goals and objectives, planning for needs into the future while maintaining financial strength.

Long-Term Financial Planning and Major Initiatives

Unrestricted fund balance (the total of the committed, assigned and unassigned components of fund balance) in the General Fund at year-end was 55.5% of General Fund expenditures. This amount was above the policy guidelines set by the City Council for budgetary and planning purposes (i.e., three months of General Fund expenditures, 25%). The larger fund balance will assist the City is absorbing the increased costs for materials and services the City has experienced for the first few months of fiscal year 2022.

The fiscal year 2022 Capital Improvement Program anticipates \$25.7 million in capital projects. Included in this budget is \$12.1 for the Southeastern Maters Plan Substation, \$1.0 million in street improvements, \$.6 million for E State Street Construction (Engineering & Phase I), \$.6 million for water main replacement, and \$1.0 million for electric system upgrades. The remainder of the program will finance improvements to City buildings, vehicle and equipment replacements and water and sewer service upgrades.

Relevant Financial Policies

The City of Geneva has adopted a comprehensive set of financial policies that set forth the basic framework for the overall fiscal management of the City. These policies assist the decision making process of the City Council and the Administration. The policies provide guidelines for evaluating both current activities and proposals for future programs and budgets.

Financial policies aid the City by improving financial management, financial position and the credit worthiness of the City. They also serve to ensure all financial transactions conducted by or on behalf of the City are made in a manner and method which provides for the most proficient and effective management of the financial resources and funds of the City. Several examples include; Fund Balance Policy (25% of operating expenditures); Investment Policy; Debt Policy and Internal Control Policy.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City for its annual budget document dated May 1, 2020, the tenth consecutive year. To qualify for the Distinguished Budget Presentation Award, the government's budget document had to be judged proficient as a policy document, a financial plan, an operations guide and a communications device.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the Award for Outstanding Achievement to the City of Geneva for its Popular Annual Financial Report (PAFR) for the fourth time for the fiscal year ended April 30, 2019. The PAFR is a summary of the Comprehensive Annual Financial Report issued by the City and is meant to communicate financial information to residents in an easy, condensed fashion. The City is still waiting for the results of the PAFR submittal for the fiscal year ended April 30, 2020.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement in Financial Reporting to the City of Geneva for its Comprehensive Annual Financial Report for the fiscal year ended April 30, 2020. In order to be awarded a Certificate of Achievement a governmental unit must publish an easily readable and efficiently organized document, the contents of which conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City received the Certificate of Achievement for the second consecutive year, and we believe our current report continues to conform to the Certificate of Achievement program requirements. We are submitting the report to GFOA to determine its eligibility for another certificate.

The preparation of the report on a timely basis was made possible by the efficient and dedicated service of the entire staff of the Finance Department and the assistance provided by other staff in the Administrative Services Department. I especially would like to thank the Finance Department staff's Heather Collins, Kim Hillquist, Amber Flammini and Susan Hendrickson for their dedication and support and the leadership provided by City Administrator Stephanie Dawkins.

Respectfully submitted,

Rita Kruse, CPA Finance Director

Independent Auditors' Report

To the Honorable Mayor and Members of City Council of City of Geneva, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Geneva, Illinois, as of and for the year ended April 30, 2021, and the related notes to the financial statements, which collectively comprise the City of Geneva's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Custodial Fund were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control over financial reporting relevant to the City of Geneva's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the City of Geneva's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Geneva, Illinois, as of April 30, 2021 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Geneva's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects, in relation to the basic financial statements as a whole.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Geneva's basic financial statements. The introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

Baker Tilly US, LLP

In accordance with *Government Auditing Standards*, we will issue a report on our consideration of the City of Geneva's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Geneva's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Geneva's internal control over financial reporting and compliance.

Oak Brook, Illinois October 18, 2021 MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS As of and for the Year Ended April 30, 2021

As management of the City of Geneva, we offer readers of the City of Geneva's financial statements this narrative overview and analysis of the financial activities of the City of Geneva for the fiscal year ended April 30, 2021. We encourage readers to consider the information presented here in conjunction with the additional information we have furnished in our letter of transmittal found on pages i-v of this report.

Financial Highlights

- The City's total net position for 2021 was \$151.1 million, an increase of \$11.9 million from the 2020 net position.
- The City's governmental activities recognized an increase of \$7.4 million to net position of \$37.8 million as of April 30, 2021.
- The change of business-type activities net position to \$113.3 million reflects an increase \$4.5 million from the prior year.
- Governmental funds report \$9.1 million of unrestricted fund balance, an increase of 21.1%.
- Business-type activities reported an increase to unrestricted net position of 4.2% or \$4.2 million is available for operations.
- The City collected \$3.8 million in program revenues and \$23.2 million in general revenues in its governmental activities in fiscal year 2021. Governmental activities expenses were \$19.6 million.
- Charges for services for business type activities were \$47.4 million.
- The General Fund increased fund balance to \$1.7 million due to lower than expected expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements

The Government-wide financial statements are designed to emulate the corporate sector in that all governmental and business-type activities are consolidated into columns reflecting a total for the Primary Government. The City's Comprehensive Annual Financial Report includes two government-wide financial statements. These statements provide both long-term and short-term information about the City's overall financial status. Financial reporting at this level uses accounting similar to full accrual accounting used in the private sector. Inter-fund activity is eliminated and the cost of assets with a long service life is spread out over future years so that capital expenditures are amortized (through depreciation) when the benefits are realized.

The first of these government-wide statements is the *Statement of Net Position*. This is the City-wide statement of position presenting information that includes all of the City's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference reported as *net position*. The focus of the Statement of Net Position, the Unrestricted Net Position, is designed to be similar to the bottom line results for the City and its governmental and business-type activities. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City as a whole is improving or deteriorating. Evaluation of the overall health of the City would extend to other nonfinancial factors such as diversification of the taxpayer base or the condition of City infrastructure, in addition to the financial information provided in this report.

The second government-wide statement is the *Statement of Activities* which reports how the City's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when the cash is received or paid. An important purpose of the design of the Statement of Activities is to show the financial reliance of the City's distinct activities or functions on revenues provided by the City's taxpayers.

Both government-wide financial statements distinguish governmental activities of the City that are principally supported by taxes and intergovernmental revenues, such as grants, from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government, public safety, public works, development, highways and streets and interest. Business-type activities reflect private sector-type operations where the fee for service typically covers all or most of the cost of

operation, including depreciation. The City's business-type activities include electric, water and sewer utilities, refuse, parking, and cemetery. Fiduciary activities, such as employee pension plans, are not included in the government-wide statements since these assets are not available to fund City programs.

The government-wide financial statements are presented on pages 15--18 of this report.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The City uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the City's most significant funds rather than the City as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for nonmajor funds is provided in the form of combining schedules in a later section of this report. The funds of the City are divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of the short-term financing decision. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to assist in understanding the differences between these two perspectives.

The City maintains 18 individual governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund which is the City's major fund. Data from the other governmental funds are combined into a single, aggregate presentation. Budgetary comparison statements are included in the basic financial statements for the General Fund. Budgetary comparison schedules for other funds can be found in a later section of this report. These statements and schedules demonstrate compliance with the City's budget.

The basic governmental fund financial statements are presented on pages 19-23 of this report.

Proprietary funds reported in the fund financial statements are for those services for which the City charges customers a fee. There are two kinds of proprietary funds, enterprise and internal service. Enterprise funds encompass the same functions reported as business-type activities in the government-wide statements. Enterprise fund services are primarily provided to customers external to the City organization. The City uses enterprise funds to account for electric, water and wastewater services, refuse, commuter lot parking and cemetery services. Internal service funds provide services and charge fees to customers within the City organization such as equipment maintenance or insurance. The City uses internal service funds to account for employee dental insurance, workers' compensation claims and compensated absences.

Proprietary fund statements provide both long-term and short-term financial information consistent with the focus provided by the government-wide financial statements, but with more detail for the major enterprise funds.

The basic proprietary fund financial statements are presented on pages 24-28 of this report.

Fiduciary funds such as the employee pension plans are reported in the fiduciary fund financial statements, but are excluded from the government-wide reporting. Fiduciary fund financial statements report resources that are not available to fund City programs. Fiduciary fund financial statements are reported similar to proprietary funds. The City uses fiduciary funds to account for the police pension plan, the firefighters' pension plan and Tri-Com.

The basic fiduciary fund financial statements are presented on pages 29-30 of this report.

Notes to the financial statements

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin on page 31 of this report.

Required supplementary information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information, including information regarding the City's progress in funding its pension benefit obligations to its employees and budget information beginning on page 85.

Major funds are reported in the basic financial statements as discussed. Combining and individual statements and schedules for nonmajor funds are in a subsequent section of this report beginning on page 120.

Government-Wide Overall Financial Analysis

Statement of Net Position

As noted earlier, net position over time, may serve as a useful indicator of a government's financial position. In the case of the City of Geneva, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$151.1 million, at the close of the most recent fiscal year.

Condensed Statement of Net Position as of April 30, 2021

(In Millions)

Total net position	\$	30.4	\$	37.8	\$	108.8	\$	113.3	\$	139.2	\$	151.1

The largest portion of net position (96.9%) reflects the investment in capital assets including land, buildings, infrastructure and equipment, less any related debt used to acquire those assets that is still outstanding. Although the City's investment in its capital assets is reported net of related debt, resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate the liabilities.

An additional portion of the City's net position (5.3%) represents resources subject to external restrictions on how they may be used, for example, Motor Fuel Tax Fund revenues. Of the \$151.1 net position, \$27.6 million reflects the net pension liabilities for the City's three pension plans and the total OPEB liability for other post-employment benefit plan.

Net position April 30	\$ 30.	4 \$	37.8	\$	108.8	\$	113.3	\$	139.2	\$	151.1

Governmental Activities. During the fiscal year, net position for the governmental activities increased \$7.4 million from the prior fiscal year for an ending balance of \$37.8 million. The increase is mainly due to the CARES Act funding and actual expenditures coming in under budget.

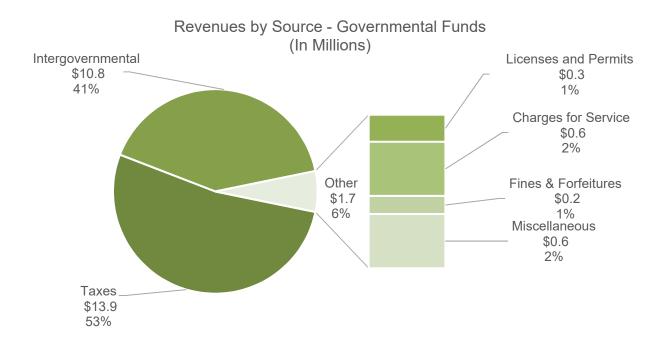

Business-type Activities. For the City of Geneva's business-type activities, the results for the fiscal year were positive as the overall net position increased to an ending balance of \$113.3 million. The total increase in net position was \$4.5 million or 4% from the prior fiscal year. The growth is attributable to the Electric and Waterworks and Sewerage Fund each reporting operating income of approximately \$2.5 million.

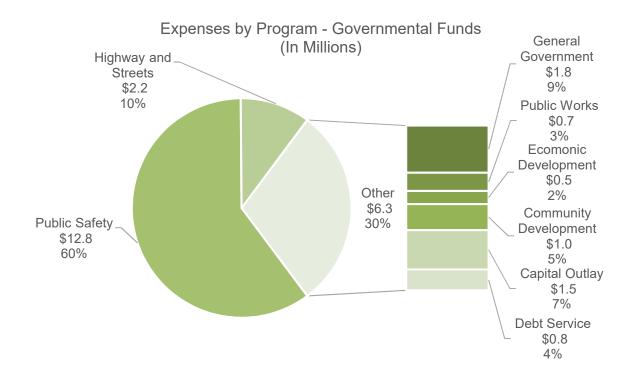

Financial Analysis of Governmental Funds

Governmental Funds

As discussed, governmental funds are reported in the fund statements with a short-term, inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party, the City of Geneva itself, or a group or individual that has been delegated authority to assign resources for use for particular purposes by the City of Geneva's City Council.

At April 30, 2021, the City of Geneva's governmental funds reported combined ending fund balances of \$20.1 million, an increase of \$5.3 million from the prior year. Approximately 45.2% of this amount (\$9.1 million) constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of the fund balance is either, nonspendable, restricted or assigned to indicate it is 1) not in spendable form (\$.3 million), 2) restricted for particular purposes (\$8.1 million) or 3) assigned for particular purposes (\$2.7 million). The increase in the governmental funds combined ending fund balance can be traced to an increase in the General Fund (\$1.7 million). Revenues exceeded expenditures by \$3.3 million in the General Fund; however, the City transferred \$1.5 million to the General Capital Projects fund for equipment purchases. The Motor Fuel Tax Fund saw an increase due increase in MFT funds transferred from the State of Illinois. Infrastructure Capital Projects fund saw an increase due to the deferral of capital projects due to the unknown effect of COVID-19. General Capital Projects saw an increase due to the transfer from the General fund. The remaining funds had modest increases or decreases in fund balance.

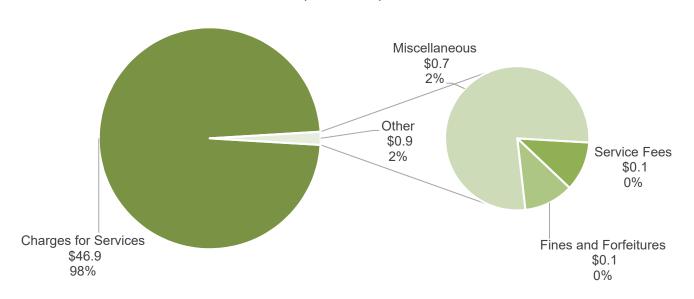

Proprietary Funds. The City of Geneva's proprietary fund statements share the same focus as the government-wide statements, reporting both short-term and long-term financial status information.

Major Proprietary Funds

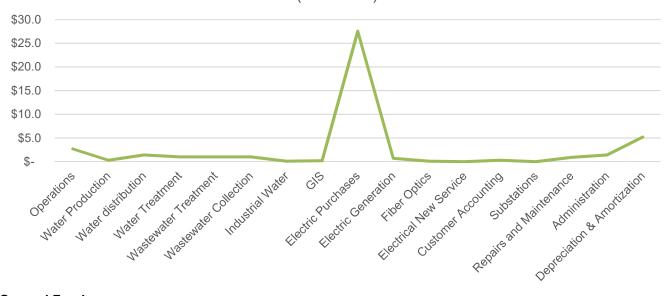

The major proprietary funds operated by the City are the Electric and Waterworks & Sewerage Funds. In the Electric Fund, charge for services revenues returned to pre-pandemic levels in FY 2021. The PCA is calculated monthly and automatically passes through any incremental changes in the City's cost of power for the month. Electric Fund operating expenses decreased .6%, or \$.2 million, when compared to the prior fiscal year. The decrease was mainly due to delay in capital projects due to uncertainty of the pandemic. Capital projects included the overhead/underground cable replacement program, substation improvements and vehicle replacement. For the fiscal year, the Electric Fund reported a \$2.4 million increase in net position compared to \$.9 million decrease in the prior fiscal year.

In the Waterworks and Sewerage Fund, sales of water and sewer increased by \$2.5 million or 6.7% compared to fiscal year 2020. The decrease in revenue was due to consumption reduction due to COVID and water saving devices. The operating expenses of the Waterworks & Sewerage Fund increased \$.5 million or 8.1% over the prior fiscal year mainly due to an increase in depreciation compared to the prior fiscal year.

Revenues by Source - Proprietary Funds (In Millions)

Expenses by Program - Proprietary Funds (In Millions)

General Fund

The General Fund is the chief operating fund of the City of Geneva. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$9.5 million, and total fund balance increased to \$9.7 million. As a measure of the General Fund's liquidity it may be useful to compare both unassigned fund balance and total fund balance to total General Fund expenditures. Unassigned fund balance represents approximately 55.5% of total General Fund expenditures while total fund balance represents approximately 56.8% of that same amount.

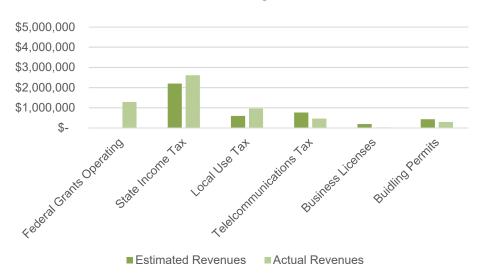

General Fund Budgetary Highlights

Original budget compared to final budget. During the year there was one amendment to modify the original Commuter Parking, Mental Health, SSA # 5 (Williamsburg), SSA # 7 (Blackberry), SSA # 16 (Fisher Farms), and SSA # 23 (Sunset Meadows) Funds budgeted appropriations. The amendment increased appropriations to use fund balance for related expenditures for mental health grants, early payment of debt, purchase of vehicles, and payment for planning charrette and entitlement project. Budget adjustments were made throughout the year to move appropriations within departments.

Final budget compared to actual results. The most significant differences between estimated revenues and actual revenues were as follows:

Revenue Source	Estima	Estimated Revenues		al Revenues	Difference		
Federal Grants Operating	\$	-0-	\$	1,286,979	\$	1,286,979	
State Income Tax		2,200,000		2,609,113		409,113	
Local Use Tax		600,000		959,975		359,975	
Telecommunications Tax		760,000		464,741		(295,259)	
Business Licenses		190,950		24,355		(166,595)	
Building Permits		430,400		293,676		(136,724)	

General Fund Budget vs. Actual

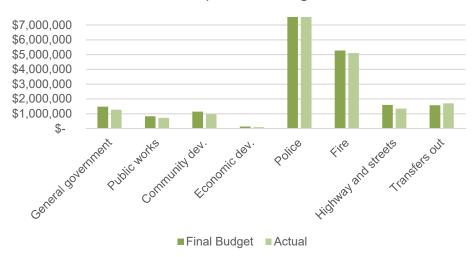

The Federal government issued funds to local governments via the Coronavirus Aid, Relief, and. Economic Security Act. Those funds covered public safety payroll related to the response to the pandemic. State income tax increased due to the additional federal income tax employment funding. Local use tax increased because shoppers were using the internet to make purchases of essential and non-essential goods through December 2020. Beginning on January 1, 2021, online retailers are required to remit the full sales tax and non-home rule sales tax to the State of Illinois. Businesses licenses were waived by the City Council in FY 2021 due to the pandemic. Building permits have decreased due to new developments that didn't come to fruition mostly due to the increase in cost and lack of availability of building supplies.

A review of actual expenditures compared to the appropriations in the final budget reveals a \$1.3 million variance.

Department	Orig	Original Budget		al Budget	Actual	Dif	ference

Capital Assets and Debt Administration

Capital Assets. The City of Geneva's investment in capital assets for governmental and business-type activities totals \$173.0 million (net of accumulated depreciation) with \$48.5 million in governmental activities and \$124.5 million in business-type activities. Capital assets include land, buildings, equipment and infrastructure. Capital assets have a useful life greater than one year with an initial, individual cost of more than \$50,000 for streets, bridges and storm sewers, electric and water and sewer infrastructure; \$20,000 for sidewalks; and \$5,000 for all other capital assets.

Capital Assets as of April 30, 2021

Total	\$	48.8	\$ 4	8.5	_	\$	124.5	\$	124.5	-	\$	173.3	\$	173.0

Major capital asset events during the current fiscal year included the following:

- The ongoing replacement and electric service upgrades totaled \$1.2 million.
- The combined capital asset additions procured through the acceptance of contributed capital or purchases, consist of \$1.5 of Governmental Activities and \$4.7 of Business-Type Activity.

Additional information on the City of Geneva's capital assets can be found in Note 3 on pages 55-56 of this report.

Long-Term Debt. At fiscal yearend, the City of Geneva had \$58.1 million in long-term debt outstanding. Debt consists of the following: \$6.2 million general obligation bonds, \$0.1 million in Special Service Area Bonds and \$20.3 million in notes payable. A reduction during the fiscal year is due to principal payments. The City paid the revenue bonds early due to lack of parking revenue in the commuter parking fund OPEB and net pension liabilities decreased by \$9.7 million due to unfavorable actuarial returns for the Police and Firefighters' Pension Funds. As a non-home rule government, under Illinois law, the City is limited in issuing debt.

Moody's Investors Service has assigned an Aa2 rating to the City's bonds.

Additional information on the City of Geneva's long-term debt can be found in Note 3 on pages 58-63 of this report.

Economic Factors and Next Year's Budgets and Rates

The City of Geneva is primarily a residential community and its General Fund relies on sales taxes from two major business districts, property taxes, municipal tax from the City's electric and water utilities and income tax from the State of Illinois. The City's official population currently stands at 21,393 representing a 0.5% or 102 person decrease from the 2010 census.

In light of events related to the COVID-19 pandemic beginning in March 2020, the overall financial position of the City is stable through the last 18 months. The General Fund's fund balance as of April 30, 2021 is 56.8% of the fund's total operating expenditures. With the larger fund balance, the City hopes to remain financially sound through the remainder of the pandemic. Utility rates in the City's Proprietary Funds are monitored to ensure operating and capital costs are adequately covered.

The FY 2022 balanced budget was passed in February 2021 totaling \$105.0 million in revenue and \$102.9 in expenses. Although it seems the pandemic is coming to close, staff is also diligently reviewing their operational purchases on a monthly basis.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the City's finances, comply with finance-related laws and regulations, and demonstrate the City's commitment to public accountability. If you have any questions about this report or would like to request additional financial information, contact the City's Finance Director, at the City of Geneva, 15 S. 1st Street, Geneva, Illinois 60134 or access the City's website at www.geneva.il.us.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES For the Year Ended April 30, 2021

Net change in fund balances - total governmental funds	\$ 5,254,750
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of net position the cost of these assets is capitalized and they are depreciated over their estimated useful lives and reported as depreciation expense in the statement of activities. Capital outlay is reported as an expenditure in the fund financial statements but is	
capitalized in the government-wide financial statements Depreciation is reported in the government-wide financial statements	1,032,244 (1,791,663)
Contributed capital assets are reported as revenues in the government-wide financial statements.	470,299
Debt issued provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	
Capital lease proceeds Principal repaid	(82,913) 731,757
Governmental funds report debt premiums and discounts as other financing sources (uses) or expenditures. However, in the statement of net position located over the period the debt is outstanding in the statement of activities, these are reported as additions to or deductions from long-term debt. These are alerted as interest expense.	
Debt premium	57,071
Some expenses in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	
Compensated absences	(30,166)
Accrued interest on debt Amortization of deferred charge on refunding	9,978 (15,286)
Net pension liabilities	9,110,783
Deferred outflows of resources related to pensions	(2,231,916)
Deferred inflows of resources related to pensions	(5,581,181)
Deferred outflows of resources related to OPEB Total OPEB liability	519,099 (778,374)
Internal service funds are used by management to charge self insurance costs to individual funds. The change in net position of the internal service fund reported with governmental	
activities	 747,813
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	\$ 7,422,295

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Geneva, Illinois (the City) was founded in 1835. The City is a non home-rule municipality, under the 1970 Illinois Constitution, located in Kane County, Illinois. It is located in the Fox River Valley, approximately 40 miles west of Chicago, Illinois. The City is empowered to levy a property tax on real property located within its boundaries. It also is empowered by state statute to extend its corporate limits by annexation, which it has done from time-to-time. The City operates under a Mayor-Council form of government. Policy making and legislative authority are vested in the governing council (Council) consisting of the Mayor and ten other members. The Mayor is elected at large while the Council is every two years. The Mayor is elected for a four-year term. The Mayor, with Council consent, appoints the City Administrator and Department Heads each fiscal year.

The City provides the following services as authorized by its charter: public safety (police and fire), refuse collection, snow and leaf removal, traffic control, on and off-street parking, building inspections, licenses and permits, construction and maintenance of streets and other infrastructure, cemetery maintenance, water and sewer service, and electric service.

The City is one of three municipalities in what is commonly referred to as the Tri-City metropolitan area, others being the cities of Batavia and St. Charles. The 2010 Bureau of the Census data indicated the City to have a population of 21,495.

The accounting policies of the City of Geneva, Illinois conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The accepted standard-setting body for establishing governmental accounting and financial reporting principles is the Governmental Accounting Standards Board (GASB).

A. REPORTING ENTITY

This report includes all of the funds of the City. The reporting entity for the City consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if (1) it appoints a voting majority of the organization's governing body and it is able to impose its will on that organization, (2) it appoints a voting majority of the organization's governing body and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government, (3) the organization is fiscally dependent on and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. Certain legally separate, tax exempt organizations should also be reported as a component unit if all of the following criteria are met: (1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents: (2) the primary government or its component units, is entitled to, or has the ability to access, a majority of the economic resources received or held by the separate organization; and (3) the economic resources received or held by an individual organization that the primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to the primary government.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

A. REPORTING ENTITY (cont.)

Component units are reported using one of three methods: discrete presentation, blended, or fiduciary. Generally, component units should be discretely presented in a separate column in the financial statements. A component unit should be reported as part of the primary government using the blending method if it meets any one of the following criteria: (1) the primary government and the component unit have substantively the same governing body and a financial benefit or burden relationship exists, (2) the primary government and the component unit have substantively the same governing body and management of the primary government has operational responsibility for the component unit, (3) the component unit serves or benefits, exclusively or almost exclusively, the primary government rather than its citizens, or (4) the total debt of the component unit will be paid entirely or almost entirely from resources of the primary government.

Fiduciary Component Units

The Police Pension Employees Retirement System (PPERS) is established for the City's police employees. PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the City's Mayor, one pension beneficiary elected by the membership, and two police employees elected by the membership constitute the pension board. The City and the PPERS participants are obligated to fund all PPERS costs based upon actuarial valuations. A municipality is considered to have a financial burden if it is legally obligated or has otherwise assumed the obligation to make contributions to the pension plan. The State of Illinois is authorized to establish benefit levels and the City is authorized to approve the actuarial assumptions used in the determination of contribution levels. PPERS is reported as a fiduciary component unit and the data for the pension is included in the government's fiduciary fund financial statements as a pension trust fund. No separate annual financial report is issued for the PPERS.

The Firefighters' Pension Employees Retirement System (FPERS) is established for the City's firefighters. FPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the City's Mayor, one pension beneficiary elected by the membership; and two fire employees elected by the membership constitute the pension board. The City and the FPERS participants are obligated to fund all FPERS costs based upon actuarial valuations. A municipality is considered to have a financial burden if it is legally obligated or has otherwise assumed the obligation to make contributions to the pension plan. The State of Illinois is authorized to establish benefit levels and the City is authorized to approve the actuarial assumptions used in the determination of contribution levels. FPERS is reported as a fiduciary component unit and the data for the pension is included in the government's fiduciary fund financial statements as a pension trust fund. No separate annual financial report is issued for the FPERS.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Government-Wide Financial Statements

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Government-Wide Financial Statements (cont.)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as general revenues. Internally dedicated resources are reported as general revenues rather than as program revenues.

Fund Financial Statements

Financial statements of the City are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position/fund balance, revenues, and expenditures/expenses.

Funds are organized as major funds or nonmajor funds within the governmental and proprietary statements. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a. Total assets/deferred outflows of resources, liabilities/deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
- b. The same element of the individual governmental or enterprise fund that met the 10% test is at least 5% of the corresponding total for all governmental and enterprise funds combined.
- c. In addition, any other governmental or enterprise fund that the City believes is particularly important to financial statement users may be reported as a major fund.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental fund:

General Fund - accounts for the City's primary operating activities. It is used to account for and report all financial resources except those accounted for and reported in another fund.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Fund Financial Statements (cont.)

The City reports the following major enterprise funds:

Electric Fund - accounts for operations of the electric services to the residents of the City including all activities necessary to provide such services. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service and billing and collection.

Waterworks and Sewerage Fund - accounts for operations of the potable water services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service and billing and collection.

The City reports the following nonmajor governmental and enterprise funds:

Special Revenue Funds - used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes (other than debt service or capital projects).

Motor Fuel Tax Fund
Combined Special Service Area Funds
Foreign Fire Insurance Board Fund
Mental Health Fund
Cultural Arts Commission Fund
Strategic Planning Advisory Committee Fund
Beautification Fund
Tourism Fund
Restricted Police Fines Fund
PEG Fees Fund

Debt Service Fund - used to account for and report financial resources that are restricted, committed, or assigned to expenditure for the payment of general long-term debt principal, interest, and related costs.

Debt Service Fund

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Fund Financial Statements (cont.)

The city reports the following non-major governmental and enterprise funds: (cont.)

Capital Projects Funds - used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Infrastructure Capital Projects Fund TIF #2 East State Street Fund TIF #3 Fox River Redevelopment Fund General Capital Projects Fund Capital Equipment Fund Prairie Green Fund

Enterprise Funds - used to account for and report any activity for which a fee is charged to external uses for goods or services, and must be used for activities which meet certain debt or cost recovery criteria.

Commuter Parking Fund Refuse Fund Cemetery Fund

In addition, the City reports the following fund types:

Internal Service Funds - used to account for and report the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governmental units, on a cost-reimbursement basis.

Group Dental Insurance Fund Workers' Compensation Insurance Fund Compensated Absences Fund

Pension Trust Funds - used to account for and report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans.

Police Pension Fund Firefighters' Pension Fund

Custodial Fund - used to account for and report assets controlled by the City and the assets are for the benefit of individuals, private organizations, and/or other governmental units.

Tri-Com Central Dispatch

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Government-Wide Financial Statements

The government-wide statement of net position and statement of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Taxes receivable for the following year are recorded as receivables and deferred inflows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met. Special assessments are recorded as revenue when earned. Unbilled receivables are recorded as revenues when services are provided.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the City considers revenues, except property taxes, to be available if they are collected within 90 days of the end of the current fiscal period. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term debt, claims, judgments, compensated absences, and pension expenditures, which are recorded as a fund liability when expected to be paid with expendable available financial resources.

Property taxes are recorded in the year levied as receivables and deferred inflows. They are recognized as revenues in the succeeding year when services financed by the levy are being provided.

Intergovernmental aids and grants are recognized as revenues in the period the City is entitled the resources and the amounts are available. Amounts owed to the City which are not available are recorded as receivables and unavailable revenues. Amounts received before eligibility requirements (excluding time requirements) are met are recorded as liabilities. Amounts received in advance of meeting time requirements are recorded as deferred inflows.

Revenues susceptible to accrual include property taxes, miscellaneous taxes, public charges for services, special assessments and interest. Other general revenues such as fines and forfeitures, inspection fees, recreation fees, and miscellaneous revenues are recognized when received in cash or when measurable and available under the criteria described above.

Proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as described previously in this note.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (cont.)

Fund Financial Statements (cont.)

The proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the waterworks and sewerage, electric, refuse, commuter parking, and cemetery funds are charges to customers for sales and services. Special assessments are recorded as receivables and contribution revenue when levied. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

All Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity

1. Deposits and Investments

For purposes of the statement of cash flows, the City considers all highly liquid investments with an initial maturity of three months or less when acquired to be cash equivalents.

Illinois Statutes authorize the City to make deposits/investments in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreement to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, and the Illinois Funds Investment Pool.

Pension funds may also invest in certain non-U.S. obligations, Illinois municipal corporations tax anticipation warrants, veteran's loans, obligations of the State of Illinois and its political subdivisions, and the Illinois insurance company general and separate accounts, mutual funds meeting certain requirements, equity securities, and corporate bonds meeting certain requirements. Pension funds with net assets in excess of \$10,000,000 and an appointed investment advisor may invest an additional portion of its assets in common and preferred stocks and mutual funds, that meet certain requirements. The Police Pension Fund's investment policy allows investments in all of the above listed accounts. The Firefighters' Pension Fund allows funds to be invested in any type of security authorized by the Illinois Pension Code.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

- D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (cont.)
 - 1. Deposits and Investments (cont.)

The Police Pension Fund's investment policy allows investments in all of the above listed accounts, but does exclude any repurchase agreements. The Police Pension Fund's investment policy, in accordance with Illinois Statutes, establishes the following target allocation across asset classes:

Asset Class	Target	Long-Term Expected Real Rate of Return
Domestic Equity	49%	6.05%
International Equity	11%	5.05%
Fixed Income	35%	1.65%
Emerging Markets	5%	6.65%

Illinois Compiled Statues (ILCS) limit the Police Pension Fund's investments in equities, mutual funds and variable annuities to 65%. Securities in any one company should not exceed 5% of the total fund. The blended asset class is comprised of all other asset classes to allow for rebalancing the portfolio.

The long-term expected rate of return on the Police Pension Fund's investments was determined using an asset allocation study conducted by the Police Pension Fund's investment management consultant in April 2021 in which best-estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) were developed for each major asset class. These ranges were combined to produce long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates or arithmetic real rates of return for each major asset class included in the Police Pension Fund's target asset allocation are listed in the table above.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (cont.)

1. Deposits and Investments (cont.)

The Firefighters' Pension Fund allows funds to be invested in any type of security authorized by the Illinois Pension Code. The Firefighters' Pension Fund's investment policy, in accordance with Illinois Statutes, establishes the following target allocation across asset classes:

Asset Class	Target	Long-Term Expected Real Rate of Return
T Bill	1.00%	0.20%
Intermediate Govt	36.00%	1.50%
Large	6.00%	4.45%
Large Value	7.00%	4.70%
Mid Value	7.00%	5.20%
Small	7.00%	5.60%
Small Value	7.00%	6.50%
International Developed	6.00%	4.45%
International Value	6.00%	6.60%
International Small	6.00%	7.45%
Emerging Markets	8.00%	7.50%
REIT	3.00%	3.90%

Illinois Compiled Statues (ILCS) limit the Firefighters' Pension Fund's investments in equities, mutual funds and variable annuities to 65%. Securities in any one company should not exceed 5% of the total fund. The blended asset class is comprised of all other asset classes to allow for rebalancing the portfolio.

The long-term expected rate of return on the Firefighters' Pension Fund's investments was determined using an asset allocation study conducted by the Firefighters' Pension Fund's investment management consultant in April 2021 in which best-estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) were developed for each major asset class. These ranges were combined to produce long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates or arithmetic real rates of return for each major asset class included in the Firefighters' Pension Fund's target asset allocation are listed in the table above.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

- D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (cont.)
 - 1. Deposits and Investments (cont.)

It is the policies of both the Police Pension Fund and Firefighters' Pension Fund to invest funds in a manner which will provide the highest investment return with the maximum security while meeting the cash flow demands of the Pension Funds and conforming to all state and local statutes governing the investment of public funds.

The City has adopted an investment policy. That policy follows the state statute for allowable investments.

Interest Rate Risk

In accordance with its investment policy, the City limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds. The investment policy limits the maximum maturity length of investments to three years from date of purchase unless matched to a specific cash flow. Investments in reserve funds may be purchased with maturities to match future projects or liability

The Police Pension Fund's investment policy does not address interest rate risk.

The Firefighters' Pension Fund's investment policy limits is exposure to interest rate risk by structuring the portfolio to provide liquidity for short and long-term cash flow needs while providing a reasonable rate of return based on the current market.

Credit Risk

The City limits its exposure to credit risk by primarily investment in U.S. Treasury and agency obligations and negotiable certificates of deposit.

The Police Pension Fund limits its exposure to credit risk by primarily investing in U.S. Treasury and agency obligations and corporate bonds rated as investment grade.

The Firefighters' Pension Fund limits its exposure to credit risk by primarily investing in U.S. Treasury and agency obligations.

Concentration of Credit Risk

The City's investment policy requires diversification of investments to the best of its abilities based on the type of funds invested and the cash flow needs of those funds.

The Police Pension Fund's investment policy requires diversification of investment to avoid unreasonable risk.

The Firefighters' Pension Fund's investment policy requires diversification of investment to avoid unreasonable risk.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

- D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (cont.)
 - 1. Deposits and Investments (cont.)

Custodial Credit Risk - Deposits

The City's investment policy limits the exposure to deposit custodial credit risk by requiring all deposits in excess of FDIC insurable limits to be secured with collateralization pledged by the applicable financial institution to the extent of 105% of the value of the deposit.

The Police Pension Fund's investment policy limits exposure to deposit custodial credit risk by requiring deposits in excess of FDIC insurable limits to be collateralized.

The Firefighters' Pension Fund's investment policy limits exposure to deposit custodial credit risk by requiring deposits in excess of FDIC insurable limits to be collateralized.

Custodial Credit Risk - Investments

The City's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DP) basis with the underlying investments held by a third party acting as the City's agent separate from where the investment was purchased or by the trust department of the bank where purchased, in the City's name.

The Police Pension Fund's investment policy does not specifically address custodial credit risk for investments. The Fund's investment policy does not mitigate a custodial credit risk for investments, however in practice, investments are held at a third party custodian.

The Firefighters' Pension Fund's investment policy does not specifically address custodial credit risk for investments. However, the Fund has a custodian, separate from the counterparty, to hold the investments in the Firefighters' Pension Fund's name.

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on quoted market prices. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income. Investment income on commingled investments of municipal accounting funds is allocated based on average balances. The difference between the bank statement balance and carrying value is due to outstanding checks and/or deposits in transit.

Illinois Portfolio, IIIT Class is an investment pool managed by PFM and governed by the Trust's Declaration of Trust as well as IIIT Board of Trustees. The Trust allows governments within the State to pool their funds for investment purposes. The Illinois Portfolio, IIIT class is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Portfolio, IIIT class are valued at Illinois Portfolio, IIIT class share price, the price for which the investments could be sold.

See Note III. A. for further information.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (cont.)

2. Receivables

Property taxes for levy year 2020 attaches as an enforceable lien on January 1, 2021, on property values assessed as of the same date. Taxes are levied by December of the same fiscal year (by passage of a Tax Levy Ordinance). Tax bills are payable in two installments on June 1, 2021 and September 1, 2021 subsequent to the year of levy. The County collects such taxes and remits them periodically.

The City has elected, under governmental accounting standards, to match its property tax revenues to the fiscal year that the tax levy is intended to finance. Therefore, the entire 2020 tax levy has been recorded as deferred/unavailable revenue on the financial statements.

The 2021 tax levy, which attached as an enforceable lien on the property as of January 1, 2021, has not been recorded as a receivable as of April 30, 2021, as the tax has not yet been levied by the City and will not be levied until December 2021, and therefore, the levy is not measurable at April 30, 2021.

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "due to and from other funds." Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position.

In the governmental fund financial statements, advances to other funds are offset equally by a nonspendable fund balance account which indicates that they do not constitute expendable available financial resources and, therefore, are not available for appropriation or by a restricted fund balance account, if the funds will ultimately be restricted when the advance is repaid.

3. Inventories and Prepaid Items

Inventories are recorded at cost based on the average cost method and consist of expendable supplies and merchandise. The cost of such inventories is recorded as expenditures/expenses using the consumption method of accounting.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items in the governmental fund financial statements are classified as nonspendable fund balance. The cost of prepaid expenses/items is recorded as expenditures/expenses when consumed rather than when purchased.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (cont.)

4. Capital Assets

Government-Wide Statements

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, storm sewers, and similar items) are reported in the government-wide financial statements. Capital assets are defined by the City as assets with an initial cost of more than \$50,000 for streets, bridges, and storm sewers, \$20,000 for sidewalks, \$5,000 for all other capital assets, and an estimated useful life in excess of one year. All capital assets are valued at historical cost, or estimated historical cost if actual amounts are unavailable. Donated capital assets are recorded at their estimated acquisition value at the date of donation.

The costs of normal maintenance and repairs, including street overlays that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method. The range of estimated useful lives by type of asset is as follows:

Buildings	50	Years
Land improvements	20	Years
Machinery and equipment	4-20	Years
Production and distribution		
system	20-50	Years
Infrastructure	20-50	Years

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same way as in the government-wide statements.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (cont.)

5. Deferred Outflows of Resources

A deferred outflow of resources represents a consumption of net position/fund balance that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that future time.

A deferred charge on refunding arises from the advance refunding of debt. The difference between the cost of the securities placed in trust for future payments of the refunded debt and the net carrying value of that debt is deferred and amortized as a component of interest expense over the shorter of the term of the refunding issue or the original term of the refunded debt. The unamortized amount is reported as a deferred outflow of resources in the government-wide and proprietary fund financial statements.

6. Compensated Absences

Vacation

The City's policy permits employees to accumulate earned but unused vacation benefits, which are eligible for payment upon separation from city service. The liability for such leave is reported as incurred in the government-wide and proprietary fund financial statements. A liability for those amounts is recorded in the governmental funds only if the liability has matured as a result of employee resignations or retirement. The liability for compensated absences includes salary related benefits, where applicable.

Sick Leave

Accumulated sick leave lapses when employees leave the employ of the City and, upon separation from service, no monetary obligation exists, except in cases of retirement in which they would receive payment.

7. Long-Term Obligations

All long-term obligations to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term obligations consist primarily of notes and bonds payable and accrued compensated absences.

Long-term obligations for governmental funds are not reported as liabilities in the fund financial statements. The face value of debt is reported as an other financing source and payments of principal and interest are reported as expenditures. The accounting in proprietary funds is the same as it is in the government-wide statements.

For the government-wide statements and proprietary fund statements, bond premiums and discounts are amortized over the life of the issue using the effective interest method. The balance at year end is shown as an increase or decrease in the liability section of the statement of net position.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (cont.)

8. Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net position/fund balance that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

9. Equity Classifications

Government-Wide Statements

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation/amortization and reduced by the outstanding balances (excluding unspent debt proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position Consists of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position All other net positions that do not meet the definitions of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Statements

Governmental fund balances are displayed as follows:

- a. Nonspendable Includes fund balance amounts that cannot be spent either because they are not in spendable form or because legal or contractual requirements require them to be maintained intact.
- b. Restricted Consists of fund balances with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (cont.)

9. Equity Classifications

Fund Statements (cont.)

- c. Committed Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority. Fund balance amounts are committed through a formal action (ordinance) of the City Council. This formal action must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the City Council that originally created the commitment.
- d. Assigned Includes spendable fund balance amounts that are intended to be used for specific purposes that do not meet the criteria to be classified as restricted or committed. The City Council has, by ordinance, adopted a financial policy authorizing the City Administrator and Finance Director to assign amounts for a specific purpose. Assignments may take place after the end of the reporting period.
- e. Unassigned Includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those purposes. The General Fund has a target unassigned fund balance of 25% of operating expenditures.

Proprietary fund equity is classified the same as in the government-wide statements.

The City's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. The City considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available. Additionally, the City would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

Fiduciary fund net position is classified as restricted for pension benefits on the statement of fiduciary net position.

10. Interfund Transactions

Interfund services are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as a reduction of expenditures/expenses in the fund that is reimbursed. All other interfund transactions, except interfund services and reimbursements, are reported as transfers.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (cont.)

11. Self-Insurance

The City is self-insured to certain limits for dental and workers' compensation insurance. A liability is recorded when it is probable that a loss has occurred and that the amount of the loss can be reasonably estimated. Claims liabilities are based on estimates of the ultimate costs of reported claims including future claims and adjustment expenses. Dental and workers' compensation claims are paid out of their respective funds.

12. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE II - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. EXCESS EXPENDITURES OVER BUDGET

Funds	 Budgeted Expenditures	Actual Expenditures	Excess Expenditures Over Budget		
Motor Fuel Tax Foreign Fire Insurance Board	\$ 550,000 32,745	\$ 677,317 42,301	\$	127,317 9,556	

B. DEFICIT BALANCES

As of April 30, 2021, the Mental Health Fund and the TIF #3 Fox River Redevelopment Fund held a deficit balance of \$15,843 and \$389,492, respectively.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE III - DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

The City's, Police Pension Fund's, and Firefighters' Pension Fund's deposits and investments at year end were comprised of the following:

	Carrying Value	Statement Balances	Associated Risks
Deposits Mutual funds	\$ 37,255,970 23,680,927	\$ 37,268,816 23,680,926	Custodial Credit Risk N/A
U.S. Treasury obligations	5,026,640	5,026,640	Custodial credit risk, interest rate risk

Total Deposits and Investments	\$ 89,943,263	\$ 89,954,901	
Reconciliation to financial statements			
Per statement of net position Unrestricted cash and investments Per statement of net position - fiduciary funds	\$ 36,104,172		
Pension Trusts Custodial Fund	50,235,245 3,603,846		
Total Deposits and Investments	\$ 89,943,263		

Deposits in each local and area bank are insured by the FDIC in the amount of \$250,000 for time and savings accounts (including NOW accounts) and \$250,000 for demand deposit accounts (interest-bearing and noninterest-bearing). In addition, if deposits are held in an institution outside of the state in which the government is located, insured amounts are further limited to a total of \$250,000 for the combined amount of all deposit accounts.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Investments were measured using the market value approach and the valuation inputs as follows:

- City The U.S. Treasury obligations, negotiable CDs, and corporate bonds are valued using quoted matrix pricing models.
- Police The mutual funds, stock equities, and U.S Treasury obligations are valued using quoted prices in active markets for identical assets. U.S. Agency obligations and corporate bonds are valued using quoted matrix pricing models.
- Fire The mutual funds and U.S Treasury obligations are valued using quoted prices in active markets for identical assets. U.S. Agency obligations, negotiable CDs and corporate bonds are valued using quoted matrix pricing models.
- Tri-Com The negotiable CD is valued using quoted matrix pricing models.

Custodial Credit Risk

Deposits

Custodial credit risk is the risk that in the event of a financial institution failure, the City's deposits may not be returned to the City.

The City does not have any deposits exposed to custodial credit risk.

Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

The City does not have any investments exposed to custodial credit risk.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

A. DEPOSITS AND INVESTMENTS (cont.)

Credit Risk (cont.)

As of April 30, 2021, the City's, Police Pension Fund's, and Firefighters' Pension Fund's investments were rated as follows:

Investment Type	Standard & Poors	Moody's Investors Services
Certificates of deposit (negotiable) Corporate bonds	NR AAA-BBB-	NR Aaa-Baa3
U.S. Agency obligations - implicitly guaranteed	AA+	Aaa

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer.

The City had the following investment in excess of 5% of total investments.

Federal Farm Credit Bank - Fire Pension Fund \$ 1,332,826

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment.

As of April 30, 2021, the City's investments were as follows:

City

Money-Weighted Rate of Return

Police Pension Fund

For the year ended April 30, 2021, the annual money-weighted rate of return on the police pension plan investments, net of pension plan investment expense, was 29.59%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Firefighters' Pension Fund

For the year ended April 30, 2021, the annual money-weighted rate of return on the firefighters' pension plan investments, net of pension plan investment expense, was 33.04%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

See Note I.D.1. for further information on deposit and investment policies.

B. Due From Other Governments

Due from other governments consisted of the following amounts at April 30, 2021:

Sales tax	\$ 1,366,879
Non-HR sales tax	1,136,764
Income tax	361,698
Local use tax	192,301
Motor fuel tax	70,811
Simplified telecommunication tax	110,252
State highway maintenance	22,905
Cannabis tax	2,463
Total Governmental Activities	\$ 3,264,073

D. INTERFUND ADVANCES AND TRANSFERS

Advances

A TIF Fund is advancing funds to another TIF fund. The amount advanced is determined by the deficiency of revenues over expenditures and other financing sources since the district's inception. No repayment schedule has been established.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

D. INTERFUND ADVANCES AND TRANSFERS (cont.)

Advances (cont.)

The following is a schedule of interfund advances:

Compensated absences due after one year, other postemployment benefits, claims payable, and net pension liabilities of governmental activities will be liquidated primarily by the General Fund or by the special revenue fund or internal service fund to which the related employee's salary is paid. Compensated absences due within one year will be paid from the Compensated Absences Internal Service Fund. Compensated absences, other postemployment benefits, and net pension liabilities of the business-type activities will be liquidated by the respective enterprise fund.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

E. LONG-TERM OBLIGATIONS (cont.)

The City is subject to the Illinois Municipal Code, which limits the amount of certain indebtedness to 8.625% of the most recent available equalized assessed valuation of the City. As of April 30, 2021, the statutory debt limit for the City was \$92,480,853, providing a debt margin of \$91,855,853.

General Obligation Debt

All general obligation bonds payable are backed by the full faith and credit of the City. Bonds in the governmental funds will be retired by governmental activities/funds. General obligation bonds currently outstanding are as follows:

Governmental Activities

General Obligation Debt	Date of Issue	Final Maturity	Interest Rates	<u>In</u>	Original Indebtedness		Balance ril 30, 2021
General Obligation Refunding Bond Series 2016A	November 22, 2016	December 15, 2021	3.9% - 5.0% payable each June 15 and December 15	\$	365,000	\$	80,000
General Obligation Refunding Bond Series 2016B	November 22, 2016	December 15, 2021	3.9% - 5.0% payable each June 15 and December 15		2,485,000		545,000
Total Governmental Act	ivities - General	Obligation Debt				\$	625,000

Debt service requirements to maturity are as follows:

<u>Years</u>	_	Principal		Interest			
2022	\$	625,000	\$	24,200			
Totals	\$	625,000	\$	24,200			

Alternate Revenue Bonds

The City issued General Obligation Alternate Revenue Bonds (Series 2011 and 2013) to provide funds for electric capital improvements. These bonds are payable from a pledge of the City's electric revenues and are being repaid by the Electric Fund. The bonds are payable solely from electric revenues and are payable through 2022. The total principal and interest remaining to be paid on the bonds as of April 30, 2021 is \$705,425. Principal and interest paid for the current year was \$2,067,800 or 5.74% of total customer net revenues of \$36,023,930.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

E. LONG-TERM OBLIGATIONS (cont.)

Alternative Revenue Debt (cont.)

The City issued General Obligation Alternate Revenue Bonds, Series 2012B to provide funds for waterworks and sewerage improvements. These bonds are payable from a pledge of the City's waterworks and sewerage revenues and are being repaid by the Waterworks and Sewerage Fund. The bonds are payable solely from waterworks and sewerage revenues and are payable through 2030. The total principal and interest remaining to be paid on the bonds as of April 30, 2021 is \$5,840,900. Principal and interest paid for the current year was \$335,525 or 3.27% of total customer net revenues of \$10,256,470.

The City issued general obligation alternate revenue bonds where the City has pledged certain revenues from the electric and waterworks and sewerage system and/or property tax revenues for the payment of the bond principal and interest. Alternate revenue bonds are direct obligations and pledge the full faith and credit of the City. Alternative revenue bonds outstanding at April 30, 2021, consists of the following:

Business-Type Activities Alternate Revenue Bonds

Electric Fund	Date of Issue	Final Maturity	Interest Rates	Original Indebtedness	Balance April 30, 2021

Totals	\$	5,605,000	\$	941,325				

Revenue Debt

The City issued Parking Refunding Revenue Bonds, Series 2008 to refund the Parking Revenue Bonds, Series 2006. These bonds are payable from a pledge of the City's commuter parking revenues and are being repaid by the Commuter Parking Fund. The bonds are payable solely from commuter parking revenues and are payable through 2021. Principal and interest paid for the current year was \$379,839. Customer net revenue for the current year was \$0.

Special Service Area Bonds

The City also issues bonds where the City pledges property taxes from a separately created special service area. These bonds are not an obligation of the government and are secured by the levy of an annual tax on the real property within the special service area. However, the City advances funds to cover a short fall in the revenue stream thereby becoming obligated in some manner for the debt.

Special service area bonds outstanding at April 30, 2021, consists of the following:

Governmental Activities Special Service Area Bonds	Date of Issue	Final Maturity	Interest Rates	Original ebtedness	Balance April 30, 2021		
Unlimited Ad Valorem Special Service Area #1 Bonds Series 2016	February 22, 2016	August 1, 2022	2.42% payable each August 1	\$ 200,000	\$	55,000

G. MAJOR CUSTOMERS

Johnson Controls and Burgess Norton purchase electricity from the City. During the year ended April 30, 2021, the purchases for Johnson Controls and Burgess Norton amounted to \$3,050,959 or 8.4% and \$2,498,821 or 6.9% of the of total electric sales in the Electric Fund, respectively.

NOTE IV - OTHER INFORMATION

A. EMPLOYEES' RETIREMENT SYSTEM

The City contributes to three defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), an agent-multiple-employer public employee retirement system; the Police Pension Plan which is a single-employer pension plan; and the Firefighters' Pension Plan which is a single-employer pension plan. The benefits, benefits levels, employee contributions and employer contributions for the plans are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly. The Police Pension Plan and the Firefighters' Pension Plan do not issue separate reports on the pension plans. IMRF does issue a publicly available report that includes financial statements and supplementary information for the plan as a whole, but not for individual employers. That report can be obtained from IMRF, 2211 York Road, Suite 500, Oak Brook, Illinois 60523. Total aggregate pension expense for all plans totaled \$1,410,342 for fiscal year 2021.

Illinois Municipal Retirement Fund

Plan description. All employees (other than those covered by the Police and Firefighters' Pension plans) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. IMRF has a two tier plan. Members who first participated in IMRF or an Illinois Reciprocal System prior to January 1, 2011 participate in Tier 1. All other members participate in Tier 2. For Tier 1 participants, pension benefits vest after 8 years of service. Participating members who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with 8 years of service are entitled to an annual retirement benefit, payable monthly for life in an amount equal to 1-2/3% of their final rate of earnings (average of the highest 48 consecutive months' earnings during the last 10 years) for credited service up to 15 years and 3% for each year thereafter.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 participants, pension benefits vest after 10 years of service. Participating members who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with 10 years of service are entitled to an annual retirement benefit, payable monthly for life in an amount equal to 1-2/3% of their final rate of earnings for the first 15 years of service credit, plus 2% for each year of service after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased ever year after retirement, upon reaching age 67, by the lesser of 3% of the original pension amount or 1/2 of the increase in the Consumer Price Index of the original pension amount.

Under the employer number within IMRF, both the City and Tri-Com Central Dispatch contribute to the plan. As a result, IMRF is considered to be an agent multiple-employer plan through which cost-sharing occurs between the City and Tri-Com Central Dispatch.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Plan membership. At December 31, 2020, the measurement date, membership in the plan was as follows:

Retirees and beneficiaries	117
Inactive, non-retired members	91
Active members	110
Total	318

Contributions. As set by statute, City and Tri-Com Central Dispatch employees participating in IMRF are required to contribute 4.50% of their annual covered salary. The statute requires the City and Tri-Com Central Dispatch to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The City and Tri-Com Central Dispatch's actuarially determined contribution rate for calendar year 2020 was 9.24% of annual covered payroll for IMRF. The City and Tri-Com Central Dispatch also contribute for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability/(Asset). The net pension liability/(asset) was measured as of December 31, 2020, and the total pension liability used to calculate the net pension liability/(asset) was determined by an actuarial valuation as of that date.

Summary of Significant Accounting Policies. For purposes of measuring the net pension liability/(asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of IMRF and additions to/deductions from IMRF fiduciary net position have been determined on the same basis as they are reported by IMRF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Actuarial Assumptions. The total pension liability for IMRF was determined by actuarial valuations performed as of December 31, 2020 using the following actuarial methods and assumptions:

Actuarial cost method	Entry Age Normal
Asset valuation method	Market Value
Actuarial assumptions	
Investment Rate of Return	7.25%
Price Inflation	2.25%
Salary increases	2.85% to 13.75%

Mortality. For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Long-Term Expected Real Rate of Return. The long-term expected rate of return on pension plan investments was determined using an asset allocation study in which best-estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) were developed for each major asset class. These ranges were combined to produce long-term expected rate of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

		Projected R	eturns/Risks
	Target	One Year	Ten Year
Asset Class	Allocation	Arithmetic	Geometric
Equities	37.00%	6.35%	5.00%
International equities	18.00%	7.65%	6.00%
Fixed income	28.00%	1.40%	1.30%
Real estate	9.00%	7.10%	6.20%
Alternatives	7.00%		
Private equity		10.35%	6.95%
Commodities		3.90%	2.85%
Cash equivalents	1.00%	0.70%	0.70%

Discount rate. The discount rate used to measure the total pension liability for IMRF was 7.25%. The discount rate calculated using the December 31, 2019 measurement date was 7.25%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that City and Tri-Com Central Dispatch contributions will be made at rates equal to the difference between actuarially determined contribution rate and the member rate. Based on those assumptions, the fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefits to determine the total pension liability.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Discount rate sensitivity. The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents net pension liability/(asset) of the City and Tri-Com Central Dispatch calculated using the discount rate of 7.25% as well as what the net pension liability/(asset) would be if it were to be calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

	Current					
	19	% Decrease	Discount Rate		1	% Increase

Police Pension

Plan description. Police sworn personnel are covered by the Police Pension Plan, which is a defined benefit single-employer pension plan. Although this is a single employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes (Chapter 40 ILCS 5/3) and may be amended only by the Illinois legislature. The City accounts for the plan as a fiduciary component unit.

As provided for in the Illinois Compiled Statutes, the Plan provides retirement benefits as well as death and disability benefits to employees grouped into two tiers. Tier 1 is for employees hired prior to January 1, 2011 and Tier 2 is for employees hired after that date. The following is a summary of the Police Pension Fund as provided for in Illinois Compiled Statutes.

Tier 1 - Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of one half of the salary attached to the rank on the last day of service, or for one year prior to the last day, whichever is greater. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least 8 years but less than 20 years of credited service may retire at or after age 60 and receive a reduced retirement benefit. The monthly pension of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and paid upon reaching at least the age 55, by 3% of the original pension and 3% compounded annually thereafter.

Tier 2 - Covered employees attaining the age of 55 or more with 10 or more years of creditable service are entitled to receive a monthly pension of 2.5% of the final average salary for each year of creditable service. The salary is initially capped at \$106,800 but increases annually thereafter and is limited to 75% of final average salary. Employees with 10 or more years of creditable service may retire at or after age 50 and receive a reduced retirement benefit. The monthly pension of a police shall be increased annually on the January 1 occurring either on or after the attainment of age 60 or the first anniversary of the pension start date, whichever is later. Each annual increase shall be calculated at 3% or onehalf the annual unadjusted percentage increase in the CPI, whichever is less.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Police Pension (cont.)

Plan membership. At April 30, 2021, the Police Pension membership consisted of:

Retirees and beneficiaries	25
Inactive, non-retired members	2
Active members	3 <u>5</u>
Total	62

Contributions. Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The City is required to contribute the remaining amounts necessary to finance the plans as actuarially determined by an enrolled actuary. Effective January 1, 2011 the City's contributions must accumulate to the point where the past service cost for the Police Pension Plan is 90% funded by the year 2040. The City's actuarially determined contribution rate for the fiscal year ending April 30, 2021 was 50.59% of annual covered payroll.

Net Pension Liability/(Asset). The net pension liability/(asset) was measured as of April 30, 2021, and the total pension liability used to calculate the net pension liability/(asset) was determined by an annual actuarial valuation as of that date.

Summary of Significant Accounting Policies. The financial statements of the Police Pension Plan are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which contributions are due. The City's contributions are recognized when due and a formal commitment to provide the contributions are made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Plan investments are reported at fair value. Short-term investments are reported at cost, which approximated fair value. Investments that do not have an established market are reported at estimated fair values.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed as of April 30, 2021 using the following actuarial methods and assumptions:

Actuarial cost method	Entry Age Normal						
Asset valuation method	Market Value						
Actuarial assumptions							
Interest rate	7.00%						
Inflation	2.50%						
Projected salary increases	4.00%						
Cost-of-living adjustments	Tier 1 - 3.00%, Tier 2- 1.25%

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Police Pension (cont.)

Mortality rates were based on the PubS-2010 mortality table, projected 5 years past the valuation date with Scale MP-2019.

Discount rate. The discount rate used to measure the total pension liability for the Police Pension Plan was 7.00%. The discount rate calculated using the April 30, 2020 measurement date was 7.25%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Discount rate sensitivity. The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the pension liability of the City calculated using the discount rate of 7.00% as well as what the net pension liability would be if it were to be calculated using a discount rate that is 1 percentage point lower (6.00%) or 1 percentage point higher (8.00%) than the current rate:

	1% Decrease		Discount Rate			1% Increase		
Total pension liability Plan fiduciary net position	\$	53,737,686 31,291,532	\$	46,773,127 31,291,532	\$	41,104,476 31,291,532		
Net pension liability	\$	22,446,154	\$	15,481,595	\$	9,812,944

Firefighters' Pension

Plan description. Fire sworn personnel are covered by the Firefighters' Pension Plan, which is a defined benefit single-employer pension plan. Although this is a single employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes (Chapter 40 ILCS 5/3) and may be amended only by the Illinois legislature. The City accounts for the plan as a fiduciary component unit.

As provided for in the Illinois Compiled Statutes, the Firefighters' Pension Plan provides retirement benefits as well as death and disability benefits to employees grouped into two tiers. Tier 1 is for employees hired prior to January 1, 2011 and Tier 2 is for employees hired after that date. The following is a summary of the Firefighters' Pension Plan as provided for in Illinois Compiled Statutes.

Tier 1 - Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive a monthly retirement benefit of one half of the monthly salary attached to the rank held in the fire service at the date of retirement. The monthly pension shall be increased by one twelfth of 2.5% of such monthly salary for each additional month over 20 years of service through 30 years of service to a maximum of 75% of such monthly salary. Employees with at least 10 years but less than 20 years of credited service may retire at or after age 60 and receive a reduced retirement benefit. The monthly pension of a firefighter who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and paid upon reaching at least the age 55, by 3% of the original pension and 3% compounded annually thereafter.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Firefighters' Pension (cont.)

Tier 2 - Covered employees attaining the age of 55 or more with 10 or more years of creditable service are entitled to receive a monthly pension of 2.5% of the final average salary for each year of creditable service. The salary is initially capped at \$106,800 but increases annually thereafter and is limited to 75% of final average salary. Employees with 10 or more years of creditable service may retire at or after age 50 and receive a reduced retirement benefit. The monthly pension of a firefighter shall be increased annually on the January 1 occurring either on or after the attainment of age 60 or the first anniversary of the pension start date, whichever is later. Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase in the CPI, whichever is less.

Plan membership. At April 30, 2021, the Firefighters' Pension Plan membership consisted of:

Retirees and beneficiaries	12
Inactive, non-retired members	5
Active members	22
Total	39

Contributions. Participants contribute a fixed percentage of their base salary to the plans. At April 30, 2021, the contribution percentage was 9.455%. If a participant leaves covered employment with less than 20 years of service, accumulated participant contributions may be refunded without accumulated interest. The City is required to contribute the remaining amounts necessary to finance the plans as actuarially determined by an enrolled actuary. Effective January 1, 2011 the City's contributions must accumulate to the point where the past service cost for the Firefighters' Pension Plan is 90% funded by the year 2040. The City's actuarially determined contribution rate for the fiscal year ending April 30, 2021 was 36.76% of annual covered payroll.

Net pension liability/(asset). The net pension liability/(asset) was measured as of April 30, 2021, and the total pension liability used to calculate the net pension liability/(asset) was determined by an annual actuarial valuation as of that date.

Summary of significant accounting policies. The financial statements of the Firefighters' Pension Plan are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which contributions are due. The City's contributions are recognized when due and a formal commitment to provide the contributions are made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Plan investments are reported at fair value. Short-term investments are reported at cost, which approximated fair value. Investments that do not have an established market are reported at estimated fair values.

Actuarial assumptions. The total pension liability was determined by an actuarial valuation performed as of April 30, 2021 using the following actuarial methods and assumptions:

Actuarial cost method	Entry Age Normal				
Asset valuation method	Market Value				
Actuarial assumptions					
Interest rate	7.00%				
Inflation	2.50%				
Projected salary increases	4.00%				
Cost-of-living adjustments	Tier 1 - 3.00%, Tier 2- 1.25%				

Mortality rates were based on the PubS-2010 mortality table, projected 5 years past the valuation date with Scale MP-2019.

Discount rate. The discount rate used to measure the total pension liability for the Firefighters' Pension Plan was 7.00%. The discount rate calculated using the April 30, 2020 measurement date was 7.25%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Discount rate sensitivity. The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the pension liability of the City calculated using the discount rate of 7.00% as well as what the net pension liability would be if it were to be calculated using a discount rate that is 1 percentage point lower (6.00%) or 1 percentage point higher (8.00%) than the current rate:

B. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; workers compensation; and health care of its employees. The City purchases commercial insurance to provide coverage for losses from all types of coverage except for dental claims and workers' compensation claims up to a maximum of \$500,000 per claim. The City has purchased reinsurance for any claims that exceed the \$500,000 amount. Settled claims have not exceeded the commercial coverage in any of the past three years.

The City has established internal service funds to account for these activities and are funded by charges to the City's other funds and is based on dental insurance rates and the contributing funds' employees' risk assessment. Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs).

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE IV - OTHER INFORMATION (cont.)

B. RISK MANAGEMENT (cont.)

The City has recorded a liability for claims which were reported but unpaid as of the end of the fiscal year as well as an estimated liability for claims incurred but not reported. The City estimates this amount to be a current liability. A reconciliation of claims payable for the fiscal years ended April 30, 2021 and 2020 is as follows:

	<u>F</u>	rior Year	 urrent Year
Unpaid claims - Beginning of Year Current year claims and changes in estimates Claim payments	\$	338,851 594,240 (473,847)	\$ 459,244 112,715 (241,254)
Unpaid Claims - End of Year	<u>\$</u>	459,244	\$ 330,705

C. COMMITMENTS AND CONTINGENCIES

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. The liability and expenditure for claims and judgments are only reported in governmental funds if it has matured. Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred.

Economic Development Incentives

The City has entered into several agreements outstanding at April 30, 2021, expiring through May 2030. These agreements provide for the City to reimburse the respective companies a percentage of the actual sales taxes collected from these companies. As of and for the year ended April 30, 2021, payments of \$55,784 have been made under these agreements. As of April 30, 2021, the City has incurred total incentives of \$1,569,500.

D. OTHER POSTEMPLOYMENT BENEFITS

GENERAL INFORMATION ABOUT THE RETIREE HEALTH PLAN

Plan description. The City's defined benefit OPEB plan, Retiree Health Plan, provides postemployment health care and life insurance benefits (OPEB) for eligible retirees and their spouses through the City's group health insurance plan, which covers both active and retired members participating in the plan at blended rates. The plan is funded on a pay-as-you-go basis and no assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE IV - OTHER INFORMATION (cont.)

D. OTHER POSTEMPLOYMENT BENEFITS (cont.)

Benefits provided. Benefit provisions are established through the City's personnel manual and union contracts and state that eligible retirees and their spouses receive lifetime healthcare insurance at established contribution rates. To be eligible for benefits, an employee must qualify for retirement under one of the City's or Tri-Com Central Dispatch's retirement plans. Retired employees, with certain exceptions, are required to pay 100% of the premiums for such coverage. This results in an other postemployment benefit for the retirees, commonly referred to as an implicit rate subsidy. Certain inactive employees qualify for lifetime healthcare benefits under the Public Safety Employee Benefits Act (PSEBA). The City pays the full cost of coverage, including any eligible dependent coverage up until the age of 65.

Employees covered by benefit terms. At April 30, 2021, the following employees were covered by the benefit terms:

Inactive plan members or beneficiaries currently receiving benefits	30
Active plan members	169
	400
Total	<u> </u>

Total OPEB liability. The City and Tri-Com Central Dispatch reported liabilities for the proportionate share of the total OPEB liability measured as of April 30, 2021, and was determined by an actuarial valuation as of May 1, 2021. The proportions of the total OPEB liability were based on the share of OPEB costs between the City and Tri-Com Central Dispatch for the measurement year. At April 30, 2021, the City and Tri-Com Central Dispatch's proportions were 87.05% and 12.95%, respectively.

Actuarial assumptions and other inputs. The total OPEB liability in the April 30, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation 2.25%

Currently participating - 40%

Healthcare participation rate Currently waiving - 13%

Initial - 5.50%

Healthcare cost trend rates Ultimate - 5.00%

Retirees' share of benefit-related costs 100% (except for PSEBA)

The discount rate was based on the Bond Buyer 20-Bond G.O. Index as of April 30, 2021.

Mortality rates were based on the RP-2014 Study, with rates improved generationally using MP-2016 Improvement Rates (for IMRF employees). For police and firefighters, mortality rates were obtained from the PubS-2010(A) Study Improved to 2017 using MP-2019 Improvement Rates.

The actuarial assumptions used in the April 30, 2021 valuation were based on the results of an actuarial experience study conducted by the independent actuary.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2021

NOTE IV - OTHER INFORMATION (cont.)

D. OTHER POSTEMPLOYMENT BENEFITS (cont.)

Discount rate. At April 30, 2021, the discount rate used to measure the total OPEB liability was a blended rate of 2.27%, which was a change from the April 30, 2020 rate of 2.56%. Since the plan is financed on a pay-as-you-go basis, the discount rate is based on the 20-year general obligation bond index.

E. Effect of New Accounting Standards on Current-Period Financial Statements

The Governmental Accounting Standards Board (GASB) has approved the following:

- Statement No. 87, Leases
- Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period
- Statement No. 91, Conduit Debt Obligations
- Statement No. 92, Omnibus 2020
- Statement No.93, Replacement of Interbank Offered Rates
- Statement No. 94, *Public-Private and Public-Public Partnerships and Available Payment Arrangements*
- Statement No. 96, Subscription-Based Information Technology Arrangements
- Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans -- An Amendment of GASB Statements No. 14 and No. 84 and a Supersession of GASB Statement No. 32

When they become effective, application of these standards may restate portions of these financial statements.

The City implemented GASB Statement No. 68 in fiscal year 2016. Information prior to fiscal year 2016 is not available.

aludation table.

Actuarially determined contribution rates are calculated as of December 31 each year, which are 4 months prior to the beginning of the fiscal year in which contributions are reported. Actuarially determined contributions were not available on a fiscal year basis.

Methods and assumptions used to determine contribution rates:

Aggregate Entry age normal
Level percentage of payroll, closed
riod 23 years
5-Year Smoothed Market, 20% corridor
2.50% Actuarial cost method
Amortization method
Remaining amortization period

Asset valuation method

Inflation Salary increases 3.35% to 14.25%, including inflation

Investment rate of return Retirement Age

7.25%
Experience-based table of rates that are specific to the type of eligibility condition RP-2014 Employee Mortality Table, adjusted to match current IMRF experience Mortality

Other information:

There were no benefit changes during the year.

Total OPEB liability - Total	\$	4,330,160	\$ 5,554,407	\$	6,817,515
Plan fiduciary net position as a percentage of the total OPEB liability		0.00%	0.00%		0.00%
Covered payroll	\$	14,055,800	\$ 15,293,200	\$	15,555,523
City's total OPEB liability as a percentage of covered payroll		30.81%	36.32%		43.83%

Notes to Schedule:

The City implemented GASB Statement No. 75 in fiscal year 2019. Information prior to fiscal year 2019 is not available.

There is no ADC or employer contribution related to the ADC as the total OPEB liability is currently an unfunded obligation.

The information presented above includes the total OPEB liability for the City and Tri-Com Central Dispatch.

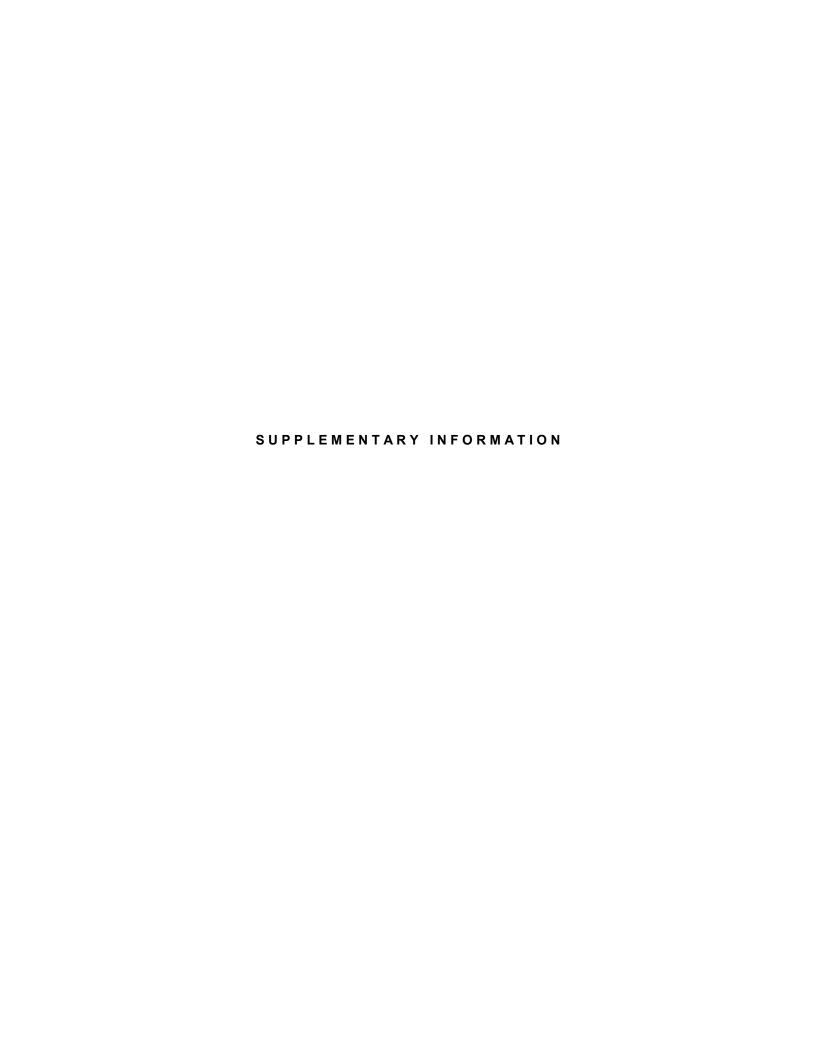

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION For the Year Ended April 30, 2021

BUDGETARY INFORMATION

Annual budgets are adopted for all governmental, internal service and proprietary funds except for the Compensated Absences Fund. Budgets are adopted on a basis consistent with generally accepted accounting principles. All annual budgets lapse at fiscal year end.

All departments of the City submit requests for their department to the City's Administrator so that a budget may be prepared. The budget is prepared by fund, function and activity, and includes information on the past year, current year estimates and requested expenditures for the next fiscal year. The proposed budget is presented to the City Council for review. The City Council holds public hearings and may add to, subtract from or change commitments/assignments but may not change the form of the budget.

The City Administrator, as the budget officer, can transfer amounts between departments within any fund; however, transfers between funds must be approved by the City Council. Expenditures may not legally exceed budgeted amounts at the fund level. During the year, there were three budget amendments.

DETAILED SCHEDULE OF REVENUES AND OTHER FINANCING SOURCES - BUDGET AND ACTUAL - GENERAL FUND

	Budgete	d Amounts

Data Source: Kane County Clerk

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. Every resident is not responsible for paying the debt of each overlapping government.

Determined by ratio of assessed value of property subject to taxation in overlapping unit to value of property subject to taxation in the City
