INTRODUCTORY SECTION

October 23, 2024

The Honorable Mayor Mwilambwe,
Members of the City Council, and
Residents and Businesses of the City of Bloomington:

The Annual Comprehensive Financial Report (ACFR) of the City of Bloomington, Illinois, for the fiscal year ended April 30, 2024, is submitted herewith. This report provides a broad view of the City's financial activities for the 2024 fiscal year and its financial position as of April 30, 2024. Illinois statutes require all general-purpose local governments to publish within six months of the close of each fiscal year a complete set of financial statements presented in conformance with Generally Accepted Accounting Principles (GAAP) and audited in accordance with Generally Accepted Auditing Standards by a firm of licensed certified public accountants.

Responsibility for the accuracy of the data and the completeness and fairness of the presentation, which includes all disclosures based upon a comprehensive framework of internal control that has been established for this purpose, rests with the management of the City of Bloomington. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance the financial statements are free of any material misstatements. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the City of Bloomington. All disclosures necessary to enable the reader to gain an understanding of the City of Bloomington's financial condition and activities have been included within the annual comprehensive financial report.

Baker Tilly US, LLP, a firm of licensed certified public accountants, has audited the City of Bloomington's financial statements. The goal of the independent audit was to provide reasonable assurance the financial statements of the City of Bloomington for the fiscal year ended April 30, 2024, are free of material misstatement. The independent audit involved the examination, on a test basis, of evidence to support the amounts and disclosures in the financial statements, assess the accounting principles used, and the significant estimates made by management, and evaluate the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Bloomington's financial statements for the fiscal year ended April 30, 2024, are fairly presented in conformity with generally accepted accounting principles. The independent auditors' report is presented as the first component of the financial section of this report.

As a recipient of various federal and state financial assistance programs, the City of Bloomington is required under the Federal Single Audit Act, to have an annual audit performed of certain major federal grant programs. The audit contains information concerning whether grant activity is presented fairly in the financial statements, whether internal controls are sufficient to provide reasonable assurance that the funds are managed properly, and whether material grant compliance requirements have been met. The auditor's reports relative to the Federal Single Audit Act are included in a separate report.

Generally accepted accounting principles require management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with the MD&A. The City's MD&A can be found immediately following the report of the independent auditors.

Profile of Government

The City of Bloomington, incorporated in 1856, is a home rule unit of government under the 1970 Illinois Constitution. The City of Bloomington is located in the heart of Central Illinois, approximately 125 miles southwest of Chicago, 155 miles northeast of St. Louis, and 64 miles Northeast of Springfield, the State Capital. The City of Bloomington is the County Seat of McLean County, the largest county in Illinois (approximately 762,240 acres). The latest U.S. Census estimate is a total population of 78,680. The City of Bloomington is termed a twin City in conjunction with the Town of Normal.

The City is governed by a City Council elected on a non-partisan basis composed of nine Aldermen and a Mayor. The City Council responsibilities are to enact ordinances, resolutions, and regulations which govern the City, adopt the annual budget, as well as appoint members of various statutory and ordinance boards. The Aldermen are elected to four-year staggered terms, while the Mayor is elected to a four-year term. The Mayor is elected at large, the Aldermen by ward. The City's manager is responsible to carry out the policies and ordinances established by City Council, oversee the day-to-day operations of the City, and appoint the department heads of the City's departments.

The City provides a full range of municipal services. These services include public safety, roadway maintenance, refuse disposal, planning and zoning, engineering and inspection, water and sewer utility service, parks and recreation, and general administrative services. The City owns and operates multiple municipal parks, an ice center, an arena, three golf courses, a zoo, and a performing arts center in Downtown Bloomington. Finally, the City provides Library services to the residents of Bloomington and these operations are presented as a separate fund within the financial statements. Additional demographic information about the City of Bloomington may be found in the statistical section of this report.

Accounting System and Budgeting

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balances, revenues, and expenditures. Resources are allocated to, and accounted for, individual funds based upon the purposes for which the funds are to be spent and the means by which the spending activities are controlled.

The City's accounting records are generally maintained on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when measurable and available to liquidate obligations of the current period. Expenditures are recorded when a liability is incurred that is expected to draw upon current financial resources. After the end of the fiscal year, the City's management makes certain adjustments to the accounting records to permit the preparation of certain financial statements on the accrual basis of accounting to comply with generally accepted accounting principles. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when incurred.

The annual budget serves as the foundation for the City's financial planning and control. The City of Bloomington prepares a five-year budget projection for both operating and capital budgets for all funds. Every City department is required to submit a budget request to the City Manager during the fall of each year. The Finance Director, in cooperation with the City Manager and individual Department Directors, refine their budget requests, and the proposed budget is presented to the City Council on or before March 15th of each year. The City Council is required to hold a public hearing on the proposed budget and a final adoption of the budget must occur no later than April 30th of each year. The budget is also known as the City's Appropriation Ordinance. The appropriated budget is itemized at the fund and department level. Budget transfers or amendments that increase the total appropriation of a fund require the approval of the City Council. A budget-to-actual comparison is provided for each individual governmental fund for which an appropriated annual budget has been adopted. The City's budget process focus is on providing services contained within the City's strategic plan. For the General Fund, a budget-to-actual expenditure comparison is presented in the required supplementary information section. For other governmental funds their budget-to-actual comparison is presented in the non-major governmental fund subsection of this report.

Factors Affecting Financial Conditions

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City operates.

Local Economy Update

The strength of the Local Economy is a key component of the Strategic Plan. It drives the funding available for the City to provide needed services as well as increases the Quality of Life and Economic Opportunity for the residents of the area.

The economic strength of the Bloomington-Normal-McLean County metropolitan area can be attributed to its well-diversified portfolio of strong businesses and institutions. Major employers for area residents include State Farm Insurance, Illinois State University, the IAA Family of Companies (COUNTRY Financial, the Illinois Farm Bureau, and Growmark), Unit 5 Schools, Advocate Carle Hospital (formerly BroMenn), OSF St Joseph Medical Center, the County of McLean, Afni Inc., District 87 Schools, Heritage Enterprises, the City of Bloomington, Illinois Wesleyan University, Bridgestone/Firestone Off-Road Tire, the Town of Normal, Nussbaum Transportation, Ferrero, Heartland Community College, Chestnut Health Systems, Rivian, and Cargill. Ferrero North America first came to Bloomington in 2018 and has since invested around

\$250 million in their first chocolate production plant in North America and their first Kinder Bueno production line outside of Europe. These investments are estimated to create 250 jobs. Rivian, located in the Town of Normal, has created over 9,000 jobs in the past 6 years. On March 7, 2024, Rivian announced three new models, including the R2, R3, and R3X, with the R2 first being manufactured in Normal, Illinois. These employers, along with many other new and growing businesses, have contributed to Bloomington-Normal-McLean County historically experiencing one of the lowest average unemployment rates of metro areas in Illinois as well as contributed to the economic recovery of the area. In 2023, the Bloomington Metropolitan Statistical Area had an average unemployment rate of 3.6%. As of July of 2024, the average unemployment rate for 2024 was 4.5%.

The Bloomington-Normal area is nationally known as a vital transportation and distribution hub across the Midwest, centrally located at the intersection of Interstates 39, 55, and 74, US Routes 51 and 150, and State Route 9. Union Pacific Rail, Norfolk Southern Rail, and Amtrack, along with other motor freight carriers, connect Bloomington-Normal to Chicago, St. Louis, Rockford, Indianapolis, Memphis, and the Quad Cities. The City of Bloomington is also home to the Central Illinois Regional Airport (CIRA – BMI), a key cargo freight transportation hub for the region. Allegiant, American Airlines, Delta Air Lines, and Frontier Airlines also fly passengers out of CIRA to six nonstop destinations across the United States.

The City of Bloomington has seen a major influx of new and expanding developments. For January through August 2024, the Building Safety Division issued 4,880 Construction Permits, inclusive of: 1,266 Building Permits, 49 New Single-Family Permits, 2 New Multi Family Permits, and 15 New Manufactured Homes, for a total Construction Valuation of \$74,153,777.

Significant Area Economic Activity:

- \$9.3 million Quik Trip Fueling Station Facility on Market St.
- New \$1.95 million Mercantile Building at 3011 Galena Rd.
- New \$5,388,100 Airplane Hangar at 3201 CIRA Dr.
- New Water Tower/Tank at 710 W Hamilton St.
- New \$4.5 million Renovation of Lincoln Towers at 202 S Roosevelt Ave.
- New \$2.55 million Renovation of the Downtowner at 109 W Market St.
- New \$250,000 Renovation for a Boulderling Gym at 1701 E Empire St.
- New \$180,000 Renovation for a Revolving Sushi Bar at 1500 E Empire St.
- New \$440,500 Renovation for Shark's Fish & Chicken at 711 E Washington St.
- New \$1,914,554 Office Building Alteration at 714 IAA Dr.
- Completion of \$2.5 million reconstruction and minor expansion PILOT Travel Center / Wendy's at 1522 W Market.
- \$2 million Hucks convenience store addition
- Completion of \$13.1 million renovation work, Illinois Wesleyan University dorms at 1211 N Main St.
- Completion of \$11.8 million, 7,232 Sq. Ft. O'Neil Pool at O'Neil Park.
- Completion of \$25.2 million, 78,733 Sq. Ft. Bloomington Public Library Expansion & Renovations.
- \$3.78 million renovation, Nu-Way Warehouse at 25 Access Way.

- \$48.6 million 186,625 Sq. Ft building at the Ferrero Factory on Beich Road.
- \$7.5 million, 3,513 Sq. Ft. OSF 25 Bed Addition and Renovation at E Washington OSF Campus
- \$3.65 million, 36,160 Sq. Ft. Room Ready Showroom and Warehouse
- Recent Multi-Family Developments
 - Villas of Prairie Vista - 24 Duplex P.U.D. Completed.
 - The Links Apartments.
 - Enterprise Drive Apartments - Phase 1.
 - Wittenburg Woods.
 - New \$1,275,000 Empire Chateaus Apartments.

Long-Term Financial Planning

A five-year financial planning process occurs each year to provide future projections of City's finances for decision makers. Strategically, the City's multipronged approach to flexible sustainability includes cost management, funding infrastructure, economic development, and preserving public safety. Operationally, the City creates a five-year detailed budget for all funds and departments. This process is an important mechanism in identifying areas of potential concern in reference to the City's goals of sustainability and resiliency.

With a local economy benefitting from the presence of strong local employers such as State Farm, Ferrero, Rivian, Country Financial, Illinois State University and others, the FY2025 budget reflects an emphasis on investing in the City's infrastructure with nearly \$89M in capital projects providing improvements to the City's roads, water, sewer, and storm water management systems, and addressing the quality of life needs that will allow the community to prosper and grow.

The FY2025 Budget totals \$332M, which is the largest budget the City has adopted. Adjusting for projects, strategic additions, and nonrecurring items, the City's operating expenses have grown at an approximate 4% growth rate over the last nine years. Inflation has driven this rate up, along with the overall growth of the City.

This budget incorporates many strategic initiatives put forward by the Council and the community including funding public safety pensions at 100%, paying cash for equipment in the General Fund (removal of dependence on borrowing), increased emphasis on streets and sidewalks, accelerating sewer and storm water management projects, addressing environmental concerns with expansion of EV charging stations and improvements related to quality-of-life needs. These initiatives represent the continued execution of the future vision set forth by the community.

Strategic Plan Initiatives for FY2025 (along with basic services):

- Continued organizational focus on Servant Leadership, seeking to better serve our residents, communities, and staff.
- Launch of System Wide Water Distribution restructure capital project plan – to address long term clean water goals – including lead line abatement.
- Downtown beautification and economic prosperity and strengthening the connections between Downtown and the surrounding neighborhoods.
- Quality of Life by providing affordable access to recreational programs.

- Provide a Safe Community via availing the resources needed to the Police and Fire Departments and the related continued community outreach. To include the addition of 9 staff to the Police and Fire departments.
- Continue to advance projects to eliminate Combined Sewer Overflow (CSO) / sewer and storm water management issues.

Strategic Plan Accomplishments in FY2024:

General:

- Library Renovation and Expansion construction material completion.
- O’Neil Park and Pool Renovation and Expansion construction completion.
- Addressed Public Safety recruitment concerns by amending certain requirements – and assuming those training needs in house.
- Passed material Water fee increases to fund System Wide Distribution restructure capital project plan – which will insure the long-term stability of the fund and the delivery of clean water to the City’s residents.
- Accelerated plans to eliminate Combined Sewer Overflow (CSO) / storm water management issues including approving Hydraulic Modeling.

Services:

- Police: 68 thousand calls for service (188 per day)
- Fire: 14 thousand fire / rescue runs (37 per day)
- Parks: 418 thousand attendees (Rec, Aquatics, Ice, Zoo etc.)
- Community Dev: 2 thousand building permits
- Economic Dev: 2 thousand business contacts
- Facilities: 1 million square feet maintained
- Finance: 384 thousand utility bills processed (and related payments)
- Clerk: 2 thousand FOIAs processed
- Human Resources: 8 thousand applications processed
- Information Svcs: 3K devices + 100 applications maintained over 40 locations
- Enterprise Funds: 1K miles sewer/water, 4B gallons water, 17 tons trash hauled

Overall, the City remains a solid AA credit rating at both Fitch and Moody’s rating agencies. The City’s General Fund reflects reserves of \$58.1M on April 30, 2024. Unassigned fund balance of \$49.8M or 37 percent of operating revenues continues to be a historic high for the City. The City remains committed to being a resilient community and each year aspires to improve the condition of infrastructure and services.

Financial Policies: The City has established specific policies to guide its financial operations. These policies relate to the following areas:

Accounting and Financial Reporting:

- Facilitate the annual financial statement audit by an independent accounting firm.

- Provide for monthly financial reporting to the City Council.
- Hold appropriate cash reserves as required.

Budgetary and Revenue Management

- Maintain a diversified revenue structure with rate and fee updates that align with the costs of services provided.
- Provide assessments on the condition of capital needs to facilitate long term planning.
- All dollars spent are appropriated by the City Council through the budget process.

Debt Management

- Issue bonds on the basis that achieves the lowest possible interest rates using best practices for debt issuance.
- Provide formal assistance in managing debt through financial advising and bond counsel.
- Follow a policy of full disclosure and voluntarily following disclosure guidelines provided by the Governmental Finance Officers Association.

Cash Management & Investments

- Investments follow state statutes in investing public funds.
- City deposits are collateralized at 102% of balance.

Purchasing

- Obtain competitive quotes for purchases in excess of \$5,000 and below \$25,000, conduct a formal competitive bidding process for purchases in excess of \$25,000 and obtain City Council approval of all purchases in excess of \$50,000.
- All bid waivers are approved by the City Council.

Awards and Acknowledgements

Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Bloomington for its Annual Comprehensive Financial Report for the fiscal year ending April 30, 2023. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

A special thanks to the Mayor and City Council for their strong support to maintain the highest standards of professionalism in the management of the City of Bloomington finances. The completion of the annual audit could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance Department and staff across the City.

Respectfully submitted,

Jeff Jurgens, City Manager

FINANCIAL SECTION

Independent Auditors' Report

To the City Council of
City of Bloomington, Illinois

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Bloomington (the City), as of and for the year ended April 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City as of April 30, 2024 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Police Pension Fund, a fiduciary component unit, which represents 41 percent, 44 percent, and 24 percent, respectively, of the assets/deferred outflows of resources, fund balance/net position, and revenues/additions of the aggregate remaining fund information. Those statements were audited by other auditors, whose report has been furnished to us, and our opinions, insofar as it relates to the amounts included for the Police Pension Fund are based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of Police Pension Fund, and Firefighters' Pension Fund were not audited in accordance with *Government Auditing Standards*.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 23, 2024 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

City of Bloomington, Illinois
Management's Discussion and Analysis
For the Fiscal Year Ended April 30, 2024

As the management of the City of Bloomington, Illinois, we offer the following narrative overview and analysis of the financial activities of the City for the fiscal year ended April 30, 2024. Readers are encouraged to consider this overview and analysis in conjunction with the letter of transmittal, which may be found on pages i thru xi of this report.

FINANCIAL HIGHLIGHTS

The City's overall net position as of April 30, 2024, is \$336.4M and increase of \$34M over prior year. Overall assets plus deferred outflows of resources increased by \$11.8M while total liabilities plus deferred inflows of resources decreased by \$22.2M resulting in an increase of net position. Capital assets grew by \$22.6M, while deferred outflows related to pensions and other post-employment benefits (OPEB) decreased by \$9.3M.

Increases in assets stem from business-type assets cash and investments up \$9.2M and governmental activities capital assets up by \$18.1M while deferred outflows decreased by \$9.3M. City liability decreases are comprised of \$18.5M decreased pension liabilities, \$10.6M in revenue recognition and \$6.1M in reduced outstanding debt. Deferred inflows remained constant over prior year at \$41.7M.

Net position increased a healthy \$34M due to increase in general revenues from taxes, grants and user charges. City expenses increased a mere \$4.4M over prior year.

The City's local economy continues to thrive with a diverse portfolio of employers and employees resulting in increases in local spending seen in local and state shared use taxes and income taxes.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the City basic financial statements which are the Government-Wide Financial Statements, the Fund Financials Statements, and the Notes to the Financial Statements.

GOVERNMENT-WIDE FINANCIAL STATEMENT ANALYSIS

The government-wide financial statements are designed to provide readers with an overview of the City of Bloomington's finances in a manner similar to a private-sector business and are presented on the full accrual basis of accounting. These statements exclude the City's fiduciary funds, which cannot be used for City purposes. The City's public library is a discretely presented component unit is also seen in the City's financial statements.

Government-wide financial statements distinguish functions of the governmental entity principally supported by taxes, from functions that are intended to recover all or a significant portion of costs through user charges and fees. Correspondingly, each function is reported as either, Governmental or Business-Type activities. Governmental functions of the City include general government, public safety, highways & streets, culture & recreation, parking, and community development activities while business-type functions include water, sewer, storm water, and solid waste activities, and the Bloomington Arena, city golf operations, and the Abraham Lincoln parking garage.

City of Bloomington, Illinois
Management's Discussion and Analysis – Continued

These relationships are more fully described in Note I.A to the financial statements on pages 40 - 41.

The Government-wide financials contain two statements:

The *Statement of Net Position*, Exhibit A-1, presents summarized information on the City's assets, liabilities, deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the City's financial position is improving or deteriorating.

The *Statement of Activities*, Exhibit A-2, presents information on revenue and expenses to show how the government's net position changed during the most recent fiscal year. Changes in net position are reported as soon as the underlying event occurs, regardless of the timing of related cash flows. This is the definition of the accrual basis of accounting. Therefore, revenues and expenses are reported they occurred or are earned in this statement for some items that will only result in future cash flows (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements may be found on pages 15 - 18 of this report.

An additional feature of the government-wide financial statements is to disclose activity by City function, showing a net profit or loss before general taxation is applied, for both governmental and business-type activities.

City of Bloomington, Illinois

Exhibit A-1 Statement of Net Position

The following table reflects the year over year condensed Statement of Net Position.

Statement of Net Position as of April 30, 2024 (in millions)

	Governmental Activities		Business-Type Activities		Total Government	
	2024	2023	2024	2023	2024	2023
Assets:						
Current and other assets	\$ 185.2	\$ 195.9	\$ 56.6	\$ 47.4	\$ 241.8	\$ 243.3
Capital assets (net)	184.4	166.3	201.9	197.4	386.3	363.7
Total assets	369.6	362.2	258.5	244.8	628.1	607.0
Deferred Outflows						
of Resources:	39.7	47.4	4.6	6.2	44.3	53.6
Liabilities:						
Current liabilities	34.2	43.4	12.8	9.9	47.0	53.3
Noncurrent liabilities	227.0	236.4	20.3	27.2	247.3	263.6
Total liabilities	261.2	279.8	33.1	37.1	294.3	316.9
Deferred Inflows						
of Resources:	40.0	39.1	1.7	2.2	41.7	41.3
Net position:						
Net investment in capital assets	146.2	127.3	187.8	181.1	316.6	289.8
Restricted	46.8	46.2	-	-	46.8	46.2
Unrestricted	(84.9)	(82.8)	40.5	30.6	(27.0)	(33.6)
Total net position	\$ 108.1	\$ 90.7	\$ 228.3	\$ 211.7	\$ 336.4	\$ 302.4

The City’s total government assets plus deferred outflows of resources, exceeded liabilities plus deferred inflows of resources, by \$336.4M on April 30, 2024, an 11 percent increase of \$34M over prior year.

The largest portion of the City’s net position represents investments in capital assets presented net of related debt and accumulated depreciation totaling \$316.6M; followed by restricted net assets of \$46.8M.

See Note I.D.10. in the Notes to the Financial Statements on pages 53 - 54 or additional information on unrestricted net position.

Net position, end of year	\$ 108.1	\$ 90.7	\$ 228.3	\$ 211.7	\$ 336.4	\$ 302.4

The Statement of Activities shows revenues of \$223.3M and expenses of \$189.3M, resulting in an increase in net position of \$34M.

FUND FINANCIAL STATEMENT ANALYSIS

The Fund financial statements provide detailed information about the City's major funds and internal service funds. Major funds, determined by accounting thresholds, are singularly presented with the balance of non-major funds presented together and categorized into either governmental or business-type functions.

Fund financials are presented in three categories: governmental, proprietary, or internal service funds.

Governmental funds - Governmental activities in the fund financial statements are presented on the modified accrual basis of accounting, which measures the flows of current financial resources while proprietary fund activities are presented on a full accrual basis.

Since governmental activities in the fund financials are shown on a *different* basis of accounting from the government-wide financial statements, a reconciliation between the two statements is provided for users.

Major governmental funds include the General, Library, Debt Service, and Motor Fuel Tax funds.

Proprietary funds – Proprietary funds and internal service funds are presented on a full accrual basis like those shown in the government wide financial statements only in more detail.

Funds presented as major proprietary funds are the Water, Sewer, Bloomington Arena, Stormwater Management and Solid Waste funds.

Internal Service funds - The City uses internal service funds to account for its self-insured programs for both employee and retiree healthcare, as well as casualty insurance. The City's internal service funds accumulate costs and then allocate them to the appropriate functions. Therefore, expenditures for internal services can be seen by City function in both the government wide financial statements and in the fund financial statements.

Fiduciary funds –The City has three fiduciary funds, the Police and Fire Pension Funds in addition to the J.M Scott private purpose trust. All are held in trust for other parties and cannot be used for City purposes accordingly are not included in the government-wide statements but are shown in the fund financial statements.

For additional information on fund financials see pages 19 - 26.

CHANGES IN GOVERNMENTAL FUND BALANCES

	Fund Balances April 30, 2023	Net Change in Fund Balances	Fund Balances April 30, 2024
General Fund	\$ 59,498,698	\$ (1,404,801)	\$ 58,093,897
Library Fund	10,992,984	(4,112,412)	6,880,572
MFT Fund	25,203,181	4,355,454	29,558,635
Debt Service Fund	6,306,083	(461,992)	5,844,091
Nonmajor Funds	20,226,736	1,305,614	21,532,350
Total Governmental	\$ 122,227,682	\$ (318,137)	\$ 121,909,545
<hr/>			
Nonspendable	\$ 775,797	\$ 88,363	\$ 864,160
Restricted	47,187,375	775,750	47,963,125
Committed	4,915,281	2,346,954	7,262,235
Assigned	18,044,789	(1,636,092)	16,408,697
Unassigned	51,304,440	(1,893,114)	49,411,326
Total Fund Balance	\$ 122,227,682	\$ (318,139)	\$ 121,909,543

The City’s overall governmental fund balance decreased somewhat to \$121.9M. The General Fund’s balance remains around historic highs of \$58M decreasing by \$1.4M. Driving the General Fund’s balance before transfers is increases general revenues and local taxes which continue to increase due to the thriving local economy. The Library Fund’s decrease in fund balance is due to draws for construction in progress for the new library expansion. Motor Fuel Tax fund balance is a result of planned capital projects not yet breaking ground ending the year with \$29.6M in reserves.

Unassigned fund balance, which is available for use under City policy for emergencies, one time spending, cash for capital and other unforeseen circumstances, has decreased only slightly.

Additional information may be found within the Statement of Revenues, Expenditures and Changes in Fund Balances on pages 24 - 25.

GENERAL FUND BUDGETARY HIGHLIGHTS

The table below reflects budget to actual activity for the General Fund.

General Fund - Budget and Actual
Year Ended April 30, 2024 (in millions)

	Original Budget	Final Budget	Actual	Variance
Revenues:				
Taxes	\$ 99,825,291	\$ 99,825,291	\$ 110,964,002	\$ 11,138,711
Intergovernmental	272,361	272,361	3,938,542	3,666,181
Licenses and permits	1,602,811	1,602,811	1,692,245	89,434
Charges for services	17,378,512	17,378,512	15,670,372	(1,708,140)
Fines and forfeitures	703,000	703,000	979,598	276,598
Investment income	1,802,050	1,802,050	2,120,595	318,545
Other	552,197	552,197	624,804	72,607
Total revenues	122,136,222	122,136,222	135,990,158	13,853,936
Expenditures:				
Current	109,936,144	116,351,647	112,489,325	(3,862,322)
Debt service	1,552,695	1,552,695	2,053,079	500,384
Capital outlay	5,976,786	8,749,193	7,753,253	(995,940)
Total expenditures	117,465,625	126,653,535	122,295,657	(4,357,878)
Other:				
Transfers in and other	3,278,655	3,278,655	3,238,246	(40,409)
Transfers out	(11,395,566)	(24,144,187)	(22,330,583)	1,813,604
Loan & Sales Proceeds	12,000	12,000	126,229	114,229
*Lease Proceeds	-	-	3,531,394	3,531,394
	(8,104,911)	(20,853,532)	(15,434,714)	5,418,818
Net Change in Fund Balance	\$ (3,434,314)	\$ (25,370,845)	\$ (1,740,213)	\$ 23,630,632

*Lease proceeds represent a non-cash GASB 87 transaction which has matching expense and therefore has no effect on general fund balance.

The General Fund’s net change in budgetary fund balance was \$1.7M. Operating revenues came in \$13.9M more than budgeted due to increases in local spending and income taxes and lease proceeds related to GASB 87 added \$3.5M in other revenues. Also, operating expenditures and transfers out came in underbudget resulting in \$6.1M in positive operations.

CAPITAL ASSETS

The table below depicts year over year capital asset balances net of depreciation.

Table 4 - Capital Assets, Net of Depreciation
 Year Ended April 30, 2024 (in millions)

	Governmental Activities		Business-Type Activities		Total Primary Government	
	2024	2023	2024	2023	2024	2023
Capital assets not being depreciated	\$ 69.1	\$ 53.2	\$ 27.0	\$ 29.4	\$ 96.1	\$ 82.6
Land Improvements	11.3	11.7	0.2	0.2	11.5	11.9
Construction	40.3	40.8	32.2	33.2	72.5	74.0
Infrastructure	39.7	41.6	128.3	120.8	168.0	162.4
Machinery and equipment	9.3	8.5	8.1	8.7	17.4	17.2
Licensed vehicles	9.1	7.9	6.1	5.1	15.2	13.0
Right-to-use lease assets	5.7	2.5	-	-	5.7	2.5
Total net capital assets	\$ 184.4	\$ 166.3	\$ 201.9	\$ 197.4	\$ 386.4	\$ 363.6

The City’s combined total of capital assets, net of depreciation at year end is \$386.4M, an increase of \$22.8M. During the year, additions to construction in progress increased \$18.5M primarily due to construction of the Library expansion project and the O’Neil Pool replacement project nearing completion. Business-type activities also added about \$10M in infrastructure assets related to Locust Colton CSO elimination project and water distribution infrastructure improvements.

Additional information on capital assets may be found in Note III.C. in the Notes to the Financial Statements on pages 64 - 66.

DEBT ADMINISTRATION

The City’s combined long-term obligations decreased by \$14.7M due to decreases of \$5.1M in G.O. debt and \$18.45M in pension liabilities netting against \$7.5M increase in OPEB liabilities. OPEB liabilities increased due to changes in stop loss coverage. The City participates in three pension plans as required by state statute: the Illinois Municipal Retirement Fund (IMRF) and pension for Police and Fire public safety. IMRF accounts for \$11M of this decrease while Fire accounts for \$6.6M and Police accounts for \$0.8M decrease.

City of Bloomington, Illinois
Management’s Discussion and Analysis – Continued

The table below summarizes the City’s long-term obligations by type.

Table 5 - Long-Term Obligations
Year Ended April 30, 2024 (in millions)

	Governmental Activities		Business-Type Activities		Total Primary Government	
	2024	2023	2024	2023	2024	2023

Additional information on long-term obligations may be found in Note III.E. and III.F. in the Notes to the Financial Statements on pages 68 - 74.

ECONOMIC FACTORS AND EVALUATION OF CURRENT CONDITION

The local economy is robust demonstrated by continued increases in tax revenues, job growth, and demand for housing. For FY2025, major tax revenues are already ahead of budget by \$3.9M through the first five months of the year. While inflation has had an impact on these revenues, strong local employers continue to invest vigorously in the region which has generated ancillary development across all sectors of the local economy.

REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of the City of Bloomington’s finances for those interested in the government’s finances. Questions in regard to the information provided within this report or requests for additional financial information should be addressed to: Scott Rathbun, Director of Finance, City of Bloomington, 109 East Olive Street, Bloomington, IL 61701.

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION As of April 30, 2024

Total Fund Balances - Governmental Funds	\$ 121,909,545
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental funds are not financial resources and, therefore, are not reported in the funds.	184,405,067
Some receivables that are not currently available are reported as unavailable revenues in the fund financial statements but are recognized as revenue when earned in the government-wide statements.	5,557,090
Deferred outflows of resources related to pensions do not relate to current financial resources and are not reported in the governmental funds.	30,915,862
Deferred outflows of resources related to total OPEB liability do not relate to current financial resources and are not reported in the governmental funds.	8,582,231
Deferred inflows of resources related to pensions do not relate to current financial resources and are not reported in the governmental funds.	(7,375,759)
Deferred inflows of resources related to total OPEB liability do not relate to current financial resources and are not reported in the governmental funds.	(3,749,559)
Internal service funds are reported in the statement of net position as governmental activities.	994,253
Some liabilities, including long-term debt, are not due and payable in the current period and therefore, are not reported in the funds.	
General obligation bonds payable	(45,411,516)
Equipment loan payable	(3,421,600)
Lease liability	(5,676,404)
Accrued interest payable	(709,729)
Unamortized bond premium	(1,342,162)
Compensated absences	(7,666,152)
Total OPEB liability	(20,887,603)
Net pension liability	(148,255,329)
A deferred charge on refunding represents an consumption of net position that applies to a future period and, therefore, is not reported in the funds.	<u>228,841</u>

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES For the Year Ended April 30, 2024

Net Change in Fund Balances - Total Governmental Funds	\$	(318,137)
---	-----------	------------------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of net position the cost of these assets is capitalized and they are depreciated over their estimated useful lives and reported as depreciation expense in the statement of activities.

Capital asset additions		25,896,538
Depreciation/amortization		(8,191,438)
Net book value of assets retired		(75,350)
Contributions of capital assets		509,931

Receivables not currently available are reported as revenue when collected or currently available in the fund financial statements but are recognized as revenue when earned in the government-wide financial statements.

122,772

Debt issued provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Lease issued		(3,531,394)
Bond principal repaid		4,573,582
Lease principal repaid		338,181
Equipment loan principal repaid		1,452,801

Some expenses in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Compensated absences		(538,660)
Accrued interest on debt		50,378
Amortization of bond premium		121,786
Amortization of deferred charge on refunding		(16,646)
Net pension liability		14,640,605
Deferred outflows of resources related to pensions		(13,956,832)
Deferred inflows of resources related to pensions		(718,909)
Deferred outflows of resources related to OPEB		6,375,313
Deferred inflows of resources related to OPEB		95,543
Total OPEB liability		(7,935,037)

Internal service funds are used by management to charge self-insurance costs to individual funds. The change in net position of the internal service fund reported with governmental activities

(1,486,563)

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2024

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Bloomington, Illinois (the City) was incorporated in 1850. The City is a home-rule municipality, under the 1970 Illinois Constitution, located in McLean County, Illinois. The City operates under a Mayor-Council-Administrator form of government and provides the following services as authorized by its charter: public safety (police and fire), public works services, community enrichment, and development.

The accounting policies of the City of Bloomington, Illinois conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The accepted standard-setting body for establishing governmental accounting and financial reporting principles is the Governmental Accounting Standards Board (GASB).

A. REPORTING ENTITY

This report includes all of the funds of the City. The reporting entity for the City consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if (1) it appoints a voting majority of the organization's governing body and it is able to impose its will on that organization, (2) it appoints a voting majority of the organization's governing body and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government, (3) the organization is fiscally dependent on and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. Certain legally separate, tax exempt organizations should also be reported as a component unit if all of the following criteria are met: (1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents; (2) the primary government or its component units, is entitled to, or has the ability to access, a majority of the economic resources received or held by the separate organization; and (3) the economic resources received or held by an individual organization that the primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to the primary government.

Component units are reported using one of three methods: discrete presentation, blended, or fiduciary. Generally, component units should be discretely presented in a separate column in the financial statements. A component unit should be reported as part of the primary government using the blending method if it meets any one of the following criteria: (1) the primary government and the component unit have substantively the same governing body and a financial benefit or burden relationship exists, (2) the primary government and the component unit have substantively the same governing body and management of the primary government has operational responsibility for the component unit, (3) the component unit serves or benefits, exclusively or almost exclusively, the primary government rather than its citizens, or (4) the total debt of the component unit will be paid entirely or almost entirely from resources of the primary government.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

A. REPORTING ENTITY (cont.)

Fiduciary Component Units

Police Pension

The Police Pension Employees Retirement System (PPERS) is established for the City's police employees. PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the City's Mayor, one pension beneficiary elected by the membership, and two police employees elected by the membership constitute the pension board. The City and the PPERS participants are obligated to fund all PPERS costs based upon actuarial valuations. A municipality is considered to have a financial burden if it is legally obligated or has otherwise assumed the obligation to make contributions to the pension plan. The State of Illinois is authorized to establish benefit levels and the City is authorized to approve the actuarial assumptions used in the determination of contribution levels. PPERS is reported as a fiduciary component unit pension trust fund and the data for the pension is included in the government's fiduciary fund financial statements as a pension trust fund. Separately issued financial statements of the PPERS may be obtained from the PPERS.

Firefighters' Pension

The Firefighters' Pension Employees Retirement System (FPERS) is established for the City's firefighters. FPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the City's Mayor, one pension beneficiary elected by the membership; and two fire employees elected by the membership constitute the pension board. The City and the FPERS participants are obligated to fund all FPERS costs based upon actuarial valuations. A municipality is considered to have a financial burden if it is legally obligated or has otherwise assumed the obligation to make contributions to the pension plan. The State of Illinois is authorized to establish benefit levels and the City is authorized to approve the actuarial assumptions used in the determination of contribution levels. FPERS is reported as a fiduciary component unit and the data for the pension is included in the government's fiduciary fund financial statements as a pension trust fund. Separately issued financial statements of the FPERS may be obtained from the FPERS.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Government-Wide Financial Statements

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2024

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Government-Wide Financial Statements (cont.)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The City does not allocate indirect expenses to functions in the statement of activities. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as general revenues. Internally dedicated resources are reported as general revenues rather than as program revenues.

Fund Financial Statements

Financial statements of the City are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position/fund balance, revenues, and expenditures/expenses.

Funds are organized as major funds or nonmajor funds within the governmental and proprietary statements. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a. Total assets/deferred outflows of resources, liabilities/deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
- b. The same element of the individual governmental or enterprise fund that met the 10% test is at least 5% of the corresponding total for all governmental and enterprise funds combined.
- c. In addition, any other governmental or enterprise fund that the City believes is particularly important to financial statement users may be reported as a major fund.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

General Fund - accounts for the City's primary operating activities. It is used to account for and report all financial resources except those accounted for and reported in another fund.

Library Fund - used to account for the property taxes levied for library purposes and other resources used to provide library services to the citizens of the City.

Motor Fuel Tax Fund - used to account for and report the motor fuel taxes received for highways and streets purposes.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2024

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Fund Financial Statements (cont.)

The city reports the following major governmental funds: (cont.)

Debt Service Fund - used to account for the servicing of the general long-term debt not financed by a specific source.

The City reports the following major enterprise funds:

Water Fund - accounts for operations of the City's water treatment facilities and services.
Solid Waste Fund - accounts for operations of the City's solid waste services.
Sewer Fund - accounts for operations of the City's waste disposal activities.
Bloomington Arena Fund - accounts for the operations of the City's downtown sports and entertainment facility.
Stormwater Management Fund - accounts for operations of the City's stormwater management activities.

The City reports the following nonmajor governmental and enterprise funds:

Special Revenue Funds - used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes (other than debt service or capital projects).

Board of Elections	Drug Enforcement
Foreign Fire Insurance Board	Community Development
IHDA Grant	Park Dedication
Empire Street TIF	Downtown - Southwest TIF
Downtown - East Washington Street TIF	

Capital Projects Funds - used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Capital Improvements	Asphalt and Concrete
Capital Lease	

Enterprise Funds - used to account for and report any activity for which a fee is charged to external uses for goods or services, and must be used for activities which meet certain debt or cost recovery criteria.

Golf Operations	Parking
-----------------	---------

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2024

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Fund Financial Statements (cont.)

In addition, the City reports the following fund types:

Internal Service Funds - used to account for and report the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governmental units, on a cost-reimbursement basis.

Employee Group Health Care
Retiree Group Health Care
Casualty Insurance

Private-Purpose Trust Fund - used to account for and report any trust arrangement not properly reported in a pension trust fund or investment trust fund under which principal and income benefit individuals, private organizations, or other governments.

J.M. Scott Private Purpose Trust

Pension (and Other Employee Benefit) Trust Funds - used to account for and report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans, defined contribution plans, other postemployment benefit plans, or other employee benefit plans.

Police Pension
Firefighters' Pension

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Government-Wide Financial Statements

The government-wide statement of net position and statement of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Taxes receivable for the following year are recorded as receivables and deferred inflows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met. Special assessments are recorded as revenue when earned. Unbilled receivables are recorded as revenues when services are provided.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's enterprise funds and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2024

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (cont.)

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term debt, claims, judgments, compensated absences, and pension expenditures, which are recorded as a fund liability when expected to be paid with expendable available financial resources.

Property taxes are recorded in the year levied as receivables and deferred inflows. They are recognized as revenues in the succeeding year when services financed by the levy are being provided.

Intergovernmental aids and grants are recognized as revenues in the period the City is entitled to the resources and the amounts are available. Amounts owed to the City which are not available are recorded as receivables and unavailable revenues. Amounts received before eligibility requirements (excluding time requirements) are met are recorded as liabilities. Amounts received in advance of meeting time requirements are recorded as deferred inflows.

Revenues susceptible to accrual include property taxes, miscellaneous taxes, public charges for services, and interest. Other general revenues such as fines and forfeitures, licenses and permits, charges for services (other than utilities), and miscellaneous revenues are recognized when received in cash or when measurable and available under the criteria described above.

Proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as described previously in this note.

The proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. Special assessments are recorded as receivables and contribution revenue when levied. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

All Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY

1. Deposits and Investments

For purposes of the statement of cash flows, the City considers all highly liquid investments with an initial maturity of three months or less when acquired to be cash equivalents.

Illinois Statutes authorize the City to make deposits/investments in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreement to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, the Illinois Metropolitan Investment Fund, and the Illinois Funds Investment Pool.

Pension funds may also invest in certain non-U.S. obligations, Illinois municipal corporations tax anticipation warrants, veteran's loans, obligations of the State of Illinois and its political subdivisions, and Illinois insurance company general and separate accounts, mutual funds meeting certain requirements, equity securities, and corporate bonds meeting certain requirements. Pension funds with net assets in excess of \$10,000,000 and an appointed investment advisor may invest an additional portion of its assets in common and preferred stocks and mutual funds, that meet certain requirements. The Police Pension Fund and Firefighters' Pension Fund investment policies allow funds to be invested in any type of security authorized by the Illinois Pension Code. During fiscal year 2022, the Firefighters' Pension Fund consolidated its investments, except for annuities, into the Illinois Firefighters' Pension Investment Fund. During fiscal year 2023, the Police Pension Fund consolidated its investments into the Illinois Police Officers' Pension Investment Fund.

The J.M. Scott Private Purpose Trust investment policy authorizes the fund to invest in debt and equity securities of varying maturities with a high degree of marketability.

The City Council has adopted separate investment policies for the City and the J.M. Scott Private Purpose Trust. The Police Pension Fund and Firefighters' Pension Fund have separate investment policies approved by the respective pension board. The policies contain the following guidelines for allowable investments.

Interest Rate Risk

The City's investment policy limits its exposure by structuring the portfolio so that investments will have short term durations due to cash flow needs as well as avoiding the need to sell securities prior to maturity.

The J.M. Scott investment policy requires the fund's investment portfolio to remain in a position to meet promptly all demands the Trustees may make upon the assets.

The Police Pension Fund investment policy requires the portfolio to remain sufficiently liquid to enable the pension fund to pay all necessary benefits and meet all operating requirements which might be reasonably anticipated.

The Firefighters' Pension Fund investment policy requires the pension fund to minimize the risk of large losses caused by highly volatile changes in interest rates through the use of proper diversification and to maintain cash flow adequate to meet anticipated disbursements for up to a one-year period.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2024

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

1. Deposits and Investments (cont.)

Credit Risk

The City's investment policy requires that U.S. Government Agency securities have a rating of AAA, taxable municipal bonds have a rating of AA or higher or are insured to equate to a AAA rating so long as no more than 10% of the total portfolio is invested in taxable municipal bonds, and that commercial paper have a rating of A-1, P-1, F-1, or D-1 provided that no single investment in a commercial paper exceeds \$2 million in face value with a maturity of no longer than 180 days.

The J.M. Scott investment policy limits the investment to fixed income securities having not less than an A rating from a recognized rating agency.

The Police Pension Fund investment policy limits the fund's investment in conventional mortgage pass-through securities to those having not less than an A rating from at least one national securities rating service; investments made in contracts and agreements of Life Insurance Companies licenses to do business in the State of Illinois shall be rated at least A+ by A.M. Best Company, Aa rated by Moody's and AA+ rated by Standard & Poor's rating services. Securities issued by the State of Illinois, or any county, township or municipal corporation of the State of Illinois, may be held in the portfolio as long as the security is not rated less than Aa by Moody's or AA+ by Standard & Poor's.

The Firefighters' Pension Fund investment policy limits contracts and agreements with life insurance companies licensed to do business in Illinois to those rated at least A+ by A.M. Best Company, Aa by Moody's, and AA+ by Standard & Poor's. Real estate investments shall be rated no less than Baa1 by Moody's or BBB+ by Standard and Poor's. Issuers downgraded to less than investment grade by any rating service must be sold within ninety days of the downgrade.

Concentration of Credit Risk

The City's investment policy requires the portfolio to diversify in order to eliminate the risk of loss resulting from over-concentration of assets in a specific maturity, a specific user, or a specific class of securities. The policy requires the portfolio maturities of securities be staggered to avoid undue concentration of assets in a specific maturity sector; maturities selected provide for stability of income and reasonable liquidity; and the average maturity of the portfolio shall never exceed one and one half years. With the exception of deposits with Illinois Funds, the City will not have more than 30% of its investible funds in any one institution or type of investment.

The J.M. Scott investment policy allows for investments in equity securities up to 80%. The policy limits investments in any one debt or equity security to no more than 5% of the portfolio, except for holdings of U.S. Treasury and U.S. Agency securities.

The Police Pension Fund and Firefighters' Pension Fund do not hold any investments susceptible to this risk as of April 30, 2024.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

1. Deposits and Investments (cont.)

Custodial Credit Risk - Deposits

The City's investment policy limits the exposure to deposit custodial credit risk by requiring all deposits in excess of FDIC insurable limits to be secured with collateralization pledged by the applicable financial institution to the extent of 102% of the value of the deposit.

The J.M. Scott investment policy requires deposits of the fund to be deposited with an FDIC insured bank custodian.

The Police Pension Fund investment policy does not specifically address custodial credit risk for deposits, except for the Pension Fund's compliance with State statutes.

The Firefighters' Pension Fund investment policy requires deposits in excess of FDIC insurance limits to be collateralized by 110% with U.S. Government securities backed by the full faith and credit of the U.S. Government, which must be held at a third party institution in the name of the Pension Fund.

Custodial Credit Risk - Investments

The City's investment policy require all securities to be secured through third-party custody and safekeeping procedures. The investment policy limits investments with any one financial institution to 30% of available funds.

The J.M. Scott, Police Pension Fund, and Firefighters' Pension Fund investment policies do not specifically address this risk, except for compliance with State statutes.

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on quoted market prices. No investments are reported at amortized cost. Adjustments necessary to record investments at market value are recorded in the operating statement as increases or decreases in investment income. Investment income on commingled investments of municipal accounting funds is allocated based on average balances. The difference between the bank statement balance and carrying value is due to outstanding checks and/or deposits in transit.

Illinois Funds is an investment pool managed by the State of Illinois, Office of the Treasurer, which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at Illinois Fund's share price, the price for which the investments could be sold.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

1. Deposits and Investments (cont.)

Illinois Metropolitan Investment Fund (IMET) is a not-for-profit investment trust formed pursuant to the Illinois Municipal Code and managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an investment company. Investments in IMET are valued at IMET's share price, the price for which the investment could be sold. Investment in IMET's 1-3 year fund may be redeemed with 5 business days' notice.

Illinois Public Act 101-0610 consolidated the assets of the state's more than 650 downstate and suburban public safety pension funds into two consolidated investment funds and required Police Pension and Firefighters' Pension Funds to pool their funds for investment purposes. Thus, the investments of the Police Pension Fund and Firefighters' Pension Fund were transferred to the Illinois Police Officers' Pension Investment Fund and Illinois Firefighters' Pension Investment Fund, respectively. The Illinois Police Officers' Pension Investment Fund and Illinois Firefighters' Pension Investment Fund are external investment pools valued at share price, the price for which the investments could be sold.

See Note III. A. for further information.

2. Receivables

Property taxes for the levy year 2023 attaches as an enforceable lien on January 1, 2023, on property values assessed as of the same date. Taxes are levied by December following the lien date (by passage of a Tax Levy Ordinance). The 2023 tax levy, which attached as an enforceable lien on the property as of January 1, 2023, was levied in November 2023.

Tax bills for levy year 2023 are prepared by the McLean County Treasurer and are due and collectible in two installments, on or about June 1, 2024 and September 1, 2024 or within 30 days of the tax bills being issued.

The county collects such taxes and remits them periodically. The 2023 property tax levy is recognized as a receivable and deferred inflows in fiscal 2024, net the allowance for uncollectible. As the taxes become available to finance current expenditures, they are recognized as revenues. At April 30, 2024, the property taxes receivable and related deferred inflows consisted of the estimated amount collectible from the 2023 levy.

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "due to and from other funds." Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the governmental-wide financial statements as internal balances.

In the governmental fund financial statements, advances to other funds are offset equally by a nonspendable fund balance account which indicates that they do not constitute expendable available financial resources and, therefore, are not available for appropriation or by a restricted fund balance account, if the funds will ultimately be restricted when the advance is repaid.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2024

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

2. Receivables (cont.)

It is the City's policy to record unavailable revenue for the net amount of the receivable balance. As loans are repaid, revenue is recognized. When new loans are made from the repayments, expenditures are recorded. Interest received from loan repayments is recognized as revenue when received in cash. Any unspent loan repayments at year end are presented as restricted fund balance in the fund financial statements.

3. Inventories and Prepaid Items

Governmental fund inventories, if material, are recorded at cost based on the FIFO method using the consumption method of accounting. Proprietary fund inventories, if material, are generally used for construction and/or for operation and maintenance work. They are not for resale. They are valued at cost based on FIFO, and charged to construction and/or operation and maintenance expense when used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements using the consumption method.

4. Capital Assets

Government-Wide Statements

Capital assets, which include land, construction, land improvements, machinery and equipment, licensed vehicles, and infrastructure are reported in the government-wide financial statements. Capital assets, other than infrastructure, are defined by the government as assets with an initial cost of more than \$5,000 and an estimated useful life in excess of 1 year. Infrastructure capitalization thresholds are as follows:

	<u>Capitalization Threshold</u>
Sanitary sewers, watermains, and sidewalks	\$ 25,000
Street lighting	5,000
Streets, bridges, detention basins, pumping stations, reservoir, water plant, and dams	100,000
Traffic signals	50,000

All capital assets are valued at historical cost, or estimated historical cost if actual amounts are unavailable. Donated capital assets are recorded at their acquisition value at the date of donation.

Depreciation and amortization of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation and amortization reflected in the statement of net position. Depreciation and amortization is provided over the assets' estimated useful lives using the straight-line method. The range of estimated useful lives by type of asset is as follows:

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2024

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

4. Capital Assets (cont.)

Government-Wide Statements (cont.)

Infrastructure	10-65 Years
Land Improvements	20-50 Years
Construction	20-50 Years
Machinery and equipment	3-75 Years
Licensed vehicles	3-20 Years

Lease assets are typically amortized over the lease term.

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same way as in the government-wide statements.

5. Deferred Outflows of Resources

A deferred outflow of resources represents a consumption of net assets that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that future time.

A deferred charge on refunding arises from the advance refunding of debt. The difference between the cost of the securities placed in trust for future payments of the refunded debt and the net carrying value of that debt is deferred and amortized as a component of interest expense over the shorter of the term of the refunding issue or the original term of the refunded debt. The unamortized amount is reported as a deferred outflow of resources in the government-wide and proprietary fund financial statements.

6. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation benefits. For proprietary fund types, these accumulations are recorded as expenses and liabilities of the appropriate fund in the fiscal year earned. For governmental fund types, the amount of accumulated unpaid vacation which is payable from available resources is recorded as a liability of the respective fund only if they have matured, for example, as a result of employee retirements and resignations.

The City's policy is to accumulate sick leave as it is earned and, upon termination, the amount of sick leave paid out is determined by contract.

Other benefits are accumulative as far as time available but are not reimbursable to employees upon termination. The costs of these benefits are recognized when paid to active employees.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2024

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

7. Long-Term Obligations

All long-term obligations to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term obligations consist primarily of bonds, notes, equipment loans, leases, loans, claims payable, net pension liabilities, total OPEB liability, and accrued compensated absences.

Long-term obligations for governmental funds are not reported as liabilities in the fund financial statements. The face value of debts (plus any premiums) are reported as other financing sources and payments of principal and interest are reported as expenditures. The accounting in proprietary funds is the same as it is in the government-wide statements.

For the government-wide statements and proprietary fund statements, bond premiums and discounts are amortized over the life of the issue using the straight-line method. The balance at year end is shown as an increase or decrease in the liability section of the statement of net position.

8. Leases

The City is a lessor because it leases capital assets to other entities. As a lessor, the City reports a lease receivable and corresponding deferred inflow of resources in both the fund financial statements and government-wide financial statements. The City continues to report and depreciate the capital assets being leased as capital assets of the primary government.

The City is a lessee because it leases capital assets from other entities. As a lessee, the City reports a lease liability and an intangible right-to-use capital asset (known as the lease asset) on the government-wide financial statements and proprietary fund statements. In the governmental fund financial statements, the City recognizes lease proceeds and capital outlay at initiation of the lease, and the outflow of resources for the lease liability as a debt service payment.

9. Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net assets that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

10. Equity Classifications

Government-Wide Statements

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation/amortization and reduced by the outstanding balances (excluding unspent debt proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position - Consists of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - All other net positions that do not meet the definitions of "restricted" or "net investment in capital assets."

The net position section includes an adjustment for capital assets owned by the business-type activities column, but financed by the debt of the governmental activities column. The amount is a reduction of "net investment in capital assets", and an increase in "unrestricted" net position, shown only in the total column. A reconciliation of this adjustment is as follows:

	Governmental Activities	Business-Type Activities	Adjustment	Total
Net investment in capital assets	\$ 146,240,619	\$ 187,849,250	\$ (17,458,393)	\$ 316,631,476
Unrestricted	(84,867,021)	40,458,216	17,458,393	(26,950,412)

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Statements

Governmental fund balances are displayed as follows:

- a. Nonspendable - Includes fund balance amounts that cannot be spent either because they are not in spendable form or because legal or contractual requirements require them to be maintained intact.
- b. Restricted - Consists of fund balances with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

10. Equity Classifications (cont.)

Fund Statements (cont.)

- c. Committed - Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority. Fund balance amounts are committed through a formal action (ordinance) of the City Council. This formal action must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the City Council that originally created the commitment.
- d. Assigned - Includes spendable fund balance amounts that are intended to be used for specific purposes that do not meet the criteria to be classified as restricted or committed. The Council may take official action to assign amounts. Assignments may take place after the end of the reporting period.
- e. Unassigned - Includes residual positive fund balance within the general fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those purposes.

Proprietary fund equity is classified the same as in the government-wide statements.

The City considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents / contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The City has a formal policy to maintain unrestricted fund balance in the General Fund of at least 10% of budgeted General Fund expenditures including transfers.

11. Property Held for Resale

Property acquired through the Community Development Program are recorded at the lower of cost or market value. Therefore, costs incurred which are not recoverable upon resale and permanent declines in market values are charged to expense/expenditures.

CITY OF BLOOMINGTON

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

12. Trade/In-Kind Agreements

These agreements primarily provide advertising services to third parties in exchange for services or goods provided by the third party to the Bloomington Arena Enterprise Fund. Revenue is recognized as services are provided to the third party and expenses are recognized as the Bloomington Arena redeems the services or goods per the agreement. The receivable portion of the agreement is included in other assets while the liability portion is included in unearned revenue.

NOTE II - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. DEFICIT BALANCES

Generally accepted accounting principles require disclosure of individual funds that have deficit balances at year end.

As of April 30, 2024, the following individual funds held a deficit balance:

<u>Fund</u>	<u>Amount</u>	<u>Reason</u>
Downtown - Southwest TIF	\$ (207,383)	Administrative startup costs will be reimbursed through future tax increment revenues
Downtown - East Washington TIF	(172,774)	Administrative startup costs will be reimbursed through future tax increment revenues
Casualty Insurance	(1,601,892)	Due to increased reserve estimates in prior years which will be funded through increased department contributions

Mutual funds - other than bond funds	16,064,531	16,064,531	N/A
Total Deposits and Investments	<u>\$ 406,993,309</u>	<u>\$ 406,654,272</u>	

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2024

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

Reconciliation to financial statements

Per statement of net position	
Cash and investments	\$ 176,173,917
Per statement of net position - fiduciary funds	
Cash - private-purpose trust	136,705
Mutual funds - private-purpose trust	16,064,531
Cash - pension trusts	1,262,592
Certificates of deposit - pension trusts	753,027
U.S. government treasuries - pension trusts	906,709
U.S. government agencies and corporations - pension trusts	256
Annuities - fixed - pension trusts	7,137,136
Annuities - variable - pension trusts	47,390,200
Police officers' pension investment fund	113,672,895
Firefighters' pension investment fund	<u>43,495,341</u>
Total Deposits and Investments	<u>\$ 406,993,309</u>

Deposits in each local and area bank are insured by the FDIC in the amount of \$250,000 for time and savings accounts (including NOW accounts) and \$250,000 for demand deposit accounts (interest-bearing and noninterest-bearing). In addition, if deposits are held in an institution outside of the state in which the government is located, insured amounts are further limited to a total of \$250,000 for the combined amount of all deposit accounts.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are directly observable for an asset (includes quoting prices) as well as inputs that are directly observable using quoted matrix pricing models; Level 3 inputs are significant unobservable inputs.

As of April 30, 2024, the City's and the private purpose trust's investments were measured using the market valuation technique and valuation inputs as follows:

Investment Type	April 30, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds - other than bond funds	\$ 16,064,531	\$ -	\$ -	\$ 16,064,531

Firefighters' Pension Fund

Investment Type	April 30, 2024			
	Level 1	Level 2	Level 3	Total
U.S. Treasury obligations	\$ 906,709	\$ -	\$ -	\$ 906,709
Total	<u>\$ 906,709</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 906,709</u>

The Firefighters' Pension Fund's annuities - fixed of \$7,137,136 and annuities - variable of \$47,390,200 are measured at cash surrender value. The Firefighters' Pension Investment Fund of \$43,495,341 is measured at net asset value.

Police Pension Fund

Investment Type	April 30, 2024			
	Level 1	Level 2	Level 3	Total
U.S. Agency obligations	\$ -	\$ 256	\$ -	\$ 256
Total	<u>\$ -</u>	<u>\$ 256</u>	<u>\$ -</u>	<u>\$ 256</u>

The Police Officers' Pension Investment Fund of \$113,672,895 is measured at net asset value.

Custodial Credit Risk

Deposits

Custodial credit risk is the risk that in the event of a financial institution failure, the City's deposits may not be returned to the City.

The City does not have any deposits exposed to custodial credit risk.

Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

The City does not have any investments exposed to custodial credit risk.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

As of April 30, 2024, the City's investments were rated as follows:

Investment Type	Standard & Poors	Moody's Investors Services
IMET - 1-3 Year Fund	AAA	Aaa/bf
IMET - Convenience Fund	N/A	N/A
Illinois Funds	AAA	N/A
U.S. Agency obligations	AA+	Aa3 - Aaa
Corporate bonds	A- - AAA	Aa3 - A1
State and local bonds	AA- - AAA	Aa1 - Aaa
Supra-national agency notes	AAA	Aaa

As of April 30, 2024, the Police Pension Fund's investments were rated as follows:

Investment Type	Standard & Poors	Moody's Investors Services
U.S. Agency obligations	AA+	Aaa
Police officers' pension investment fund	Not rated	Not rated

As of April 30, 2024, the Firefighters' Pension Fund's investments were rated as follows:

Investment Type	Standard & Poors	Moody's Investors Services
Annuities - fixed	A - AA-	A1 - Aa3
Annuities - variable	BBB+ - AA-	A2 - Aa3
Firefighters' pension investment fund	Not rated	Not rated

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer.

At April 30, 2024, the non-pension investment portfolio was exposed to concentration of credit risk. The following investments are in excess of 5% of total investments:

Issuer	Investment Type	Percentage of Portfolio
Federal Home Loan Mortgage Corporation	U.S. Agency obligations - implicitly guaranteed	9.90%

The Police Pension Fund had no applicable investments in excess of 5% of total fund investments.

The Firefighters' Pension Fund had the following investments in excess of 5% of total fund investments:

Jackson National Life	\$ 24,320,629
American General	10,495,878
VOYA	5,951,576

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment.

As of April 30, 2024, the City's and the private purpose trust's investments were as follows:

Investment Type	Fair Value	Maturity (In Years)			
		Less than 1	1 - 5	6 - 10	More than 10
U.S. Treasury obligations	\$ 31,462,023	\$ 3,880,264	\$ 27,581,759	\$ -	\$ -

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2024

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

B. RECEIVABLES (cont.)

All of the receivables on the balance sheet, except for loans receivable noted below and leases receivable noted in Note III.F, are expected to be collected within one year.

As of April 30, 2024, the City had loans receivable, net of allowance for uncollectible of \$337,206, in the amount of \$2,315,945 primarily related to various economic development loans issued to residents and local businesses. Of this amount, \$2,402,056 related to deferred loans, for which no payment is due until the property is sold or paid by the estate, and are considered to be collectible in more than one year.

Revenues of the Water, Solid Waste, Sewer, Bloomington Arena, Stormwater Management, Golf Operations, and Parking Funds are reported net of uncollectible amounts. Total uncollectible amounts related to revenues of the current period are as follows:

Uncollectibles related to Water Fund receivables	\$ 504,286
Uncollectibles related to Solid Waste Fund receivables	259,541
Uncollectibles related to Sewer Fund receivables	184,918
Uncollectibles related to Stormwater Management Fund receivables	100,802
Uncollectibles related to Golf Operations Fund receivables	19,334
Uncollectibles related to Parking Fund receivables	<u>2,847</u>
 Total Uncollectibles of the Current Fiscal Year	 <u><u>\$ 1,071,728</u></u>

Governmental funds report *unavailable or unearned revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Property taxes levied for the subsequent year are not earned and cannot be used to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of *unavailable revenue* and *unearned revenue* reported in the governmental funds were as follows:

	Unearned	Unavailable
Property taxes receivable for subsequent year	\$ 28,900,384	\$ -
Home rule sales tax	-	2,444,501
State sales tax	-	1,624,990
Telecommunications tax	-	109,981
Auto rental tax	-	10,593
Video gaming tax	-	141,550
State grants	2,015,471	750,000
American Rescue Plan Act	3,001,604	-
Other	<u>60,142</u>	<u>475,475</u>
 Total Unearned/Unavailable Revenue for Governmental Funds	 <u><u>\$ 33,977,601</u></u>	 <u><u>\$ 5,557,090</u></u>
 Unearned revenue included in liabilities	 \$ 5,077,217	
Unearned revenue included in deferred inflows	<u>28,900,384</u>	
 Total Unearned Revenue for Governmental Funds	 <u><u>\$ 33,977,601</u></u>

---	----------------------------

D. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS

Interfund Receivables/Payables

The following is a schedule of interfund receivables and payables including any overdrafts on pooled cash and investment accounts:

Receivable Fund	Payable Fund	Amount
General	Library	\$ 33,042
General	Nonmajor Governmental	435,341
Nonmajor Governmental	Nonmajor Governmental	117,977
Bloomington Arena	General	<u>1,800</u>
Total - Fund Financial Statements		588,160
Less: Fund eliminations		(589,960)
Add: Interfund receivables created with internal service fund eliminations		<u>459,012</u>
Total Internal Balances - Government-Wide Statement of Net Position		<u><u>\$ 457,212</u></u>

All amounts are due within one year.

The principal purpose of these interfunds is to eliminate negative cash positions due to fund overdrafts on pooled cash and investment accounts. All remaining balances resulted from transfers approved, but unpaid, before the fiscal year-end and the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur and payments between funds are made.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

D. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS (cont.)

Transfers

The following is a schedule of interfund transfers:

Fund Transferred To	Fund Transferred From	Amount
General	Nonmajor Governmental	\$ 97,719
General	Water	1,375,388
General	Sewer	629,965
General	Bloomington Arena	122,205
General	Stormwater Management	443,039
General	Solid Waste	484,349
General	Nonmajor Enterprise	85,581
Debt Service	General	1,740,648
Debt Service	Library	1,081,456
Debt Service	Bloomington Arena	1,856,804
Nonmajor Governmental	General	5,626,164
Water	General	2,780,712
Sewer	General	2,464,419
Stormwater Management	General	2,464,419
Bloomington Arena	General	4,690,600
Nonmajor Enterprise	General	<u>2,563,621</u>
Total - Fund Financial Statements		28,507,089
Less: Government-wide eliminations		<u>(38,473,529)</u>
Total Transfers - Government-Wide Statement of Activities		<u>\$ (9,966,440)</u>

Generally, transfers are used to (1) move revenues from the fund that collects them to the fund that the budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

General obligation bonds and notes attributable to governmental activities are paid by the Debt Service Fund. Leases, compensated absences, total OPEB liability, and net pension liabilities attributable to governmental activities are generally liquidated by the General Fund. Claims payable are liquidated by the internal service funds.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2024

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

E. LONG-TERM OBLIGATIONS (cont.)

The City is a home rule municipality and, therefore, is not subject to the statutory general obligation debt limitations.

As of April 30, 2024, the City reported an unamortized deferred charge on refunding related to outstanding refunding bonds equal to \$228,841.

General Obligation Bonds

General Obligation Refunding Bonds, Series 2014A

On September 4, 2014, the City issued \$14,920,000 in General Obligation Refunding Bonds, Series 2014A, for the purpose of refunding a portion of the Taxable General Obligation Bonds, Series 2004. Principal payments are due annually on June 1 of each year, commencing on June 1, 2015, and ending on June 1, 2034, in amounts ranging from \$415,000 to \$965,000. Interest is due semi-annually on June 1 and December 1 of each year at rates ranging from 3.00% to 4.15%. Principal and interest payments are made from dedicated revenues and associated property tax levies are abated.

General Obligation Refunding Bonds, Series 2014B

On September 4, 2014, the City issued \$9,700,000 in General Obligation Refunding Bonds, Series 2014B, for the purpose of refunding a portion of the Taxable General Obligation Bonds, Series 2004. Principal payments are due annually on June 1 of each year, commencing on June 1, 2015, and ending on June 1, 2034, in amounts ranging from \$100,000 to \$1,050,000. Interest is due semi-annually on June 1 and December 1 of each year at rates ranging from 2.00% to 3.75%. Principal and interest payments are made from dedicated revenues and associated property tax levies are abated.

General Obligation Refunding Bonds, Series 2017

On July 28, 2017, the City issued \$7,240,000 in General Obligation Refunding Bonds, Series 2017, for the purpose of refunding \$7,200,000 of the Taxable General Obligation Bonds, Series 2004. Principal payments are due annually on June 1 of each year, commencing on June 1, 2018, and ending on June 1, 2024, in amounts ranging from \$900,000 to \$1,200,000. Interest is due semi-annually on June 1 and December 1 of each year at rates ranging from 1.30% to 2.08%. Principal and interest payments are made from dedicated revenues and associated property tax levies are abated.

General Obligation Refunding Bonds, Series 2018A

On December 13, 2018, the City issued \$11,845,000 in General Obligation Bonds, Series 2018A, for the purpose of refunding \$4,515,000 of the Taxable General Obligation Bonds, Series 2005, and \$7,205,000 of the Taxable General Obligation Bonds, Series 2007. Principal payments are due annually on December 1 of each year, commencing on December 1, 2019, and ending on December 1, 2028, in amounts ranging from \$930,000 to \$1,380,000. Interest is due semi-annually on June 1 and December 1 of each year at rates ranging from 2.63% to 3.44%. Principal and interest payments are made from dedicated revenues and associated property tax levies are abated.

E. LONG-TERM OBLIGATIONS (cont.)

General Obligation Debt (cont.)

General Obligation Refunding Bonds, Series 2021A

On February 17, 2021, the City issued \$3,639,000 in General Obligation Bonds, Series 2021A, for the purpose of refunding \$2,840,000 of the Taxable General Obligation Bonds, Series 2009, and \$770,000 of the Taxable General Obligation Bonds, Series 2018. Principal payments are due annually on June 1 of each year, commencing on June 1, 2022, and ending on June 1, 2027, in amounts ranging from \$151,000 to \$1,078,000. Interest is due semi-annually on June 1 and December 1 of each year at rates ranging from 0.29% to 0.69%. Principal and interest payments are made from dedicated revenues and associated property tax levies are abated.

General Obligation Refunding Bonds, Series 2022

On May 24, 2022, the City issued \$19,475,000 in General Obligation Refunding Bonds, Series 2022, for the purpose of financing capital improvements for the City's O'Neil Pool complete reconstruction in the amount of \$5,800,000 and the Bloomington Public Library building renovations in the amount of \$14,200,000. Principal payments are due annually on June 1 of each year, commencing on June 1, 2024, and ending on June 1, 2042, in amounts ranging from \$645,000 to \$1,480,000. Interest is due semi-annually on June 1 and December 1 of each year at rates ranging from 4.00% to 5.00%. Principal and interest payments are made from dedicated revenues and associated property tax levies are abated.

Debt service requirements to maturity for general obligation bonds are as follows:

Loans Payable

In previous years, the City entered into five separate loan agreements with the Illinois Environmental Protection Agency, all for the Drinking Water State Revolving Fund Program and Water Pollution State Control Program. The City may draw up to \$17,536,574 for the program. Payment will be required each July 1 and January 1 until final repayment on January 1, 2024 on the first agreement, each June 5 and December 5 until final repayment on June 5, 2025 on the second agreement, each June 7 and December 7 until final repayment on December 7, 2029 on the third agreement, each December 17 and June 17 until final repayment on June 17, 2033 on the fourth agreement, each December 19 and June 19 until final repayment on December 19, 2033 on the fifth agreement.

On March 17, 2022, the City approved and entered into loan agreements with the Illinois Environmental Protection Agency for the installation of water mains and sanitary sewers. The City draws down loan proceeds as construction progresses. Total borrowings available under these agreements are \$3,243,424. As of April 30, 2024, the City had drawn down \$2,314,501 of total proceeds. Under the terms of the agreement, the City will be required to make semi-annual payments of principal and interest upon completion of the project and the final drawdown of loan proceeds. Payment will be required each November 30 and May 30 until final repayment on May 30, 2043 for both agreements.

On May 13, 2021, the City approved and entered into loan agreements with the Illinois Environmental Protection Agency for the installation of water mains and sanitary sewers. The City draws down loan proceeds as construction progresses. Total borrowings available under these agreements are \$4,350,598. As of April 30, 2024, the City had drawn down \$3,811,295 of total proceeds. Under the terms of the agreement, the City will be required to make semi-annual payments of principal and interest upon completion of the project and the final drawdown of loan proceeds. Payment will be required each July 1 and January 1 until final repayment on July 31, 2042 for both agreements.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE IV - OTHER INFORMATION

A. EMPLOYEES' RETIREMENT SYSTEM

The City contributes to three defined benefit pension plan, the Illinois Municipal Retirement Fund (IMRF), an agent-multiple-employer public employee retirement system; the Police Pension Plan which is a single-employer pension plan; and the Firefighters' Pension Plan which is a single-employer pension plan. The benefits, benefits levels, employee contributions and employer contributions for the plans are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly. The Police Pension Plan and the Firefighters' Pension Plan issue separate reports on the pension plans. IMRF does issue a publicly available report that includes financial statements and supplementary information for the plan as a whole, but not for individual employers. That report can be obtained from IMRF, 2211 York Road, Suite 500, Oak Brook, Illinois 60523.

Illinois Municipal Retirement Fund

Plan description. All employees (other than those covered by the Police and Firefighters' Pension plans) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. IMRF has a two tier plan. Members who first participated in IMRF or an Illinois Reciprocal System prior to January 1, 2011 participate in Tier 1. All other members participate in Tier 2. For Tier 1 participants, pension benefits vest after 8 years of service. Participating members who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with 8 years of service are entitled to an annual retirement benefit, payable monthly for life in an amount equal to 1-2/3% of their final rate of earnings (average of the highest 48 consecutive months' earnings during the last 10 years) for credited service up to 15 years and 3% for each year thereafter.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 participants, pension benefits vest after 10 years of service. Participating members who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with 10 years of service are entitled to an annual retirement benefit, payable monthly for life in an amount equal to 1-2/3% of their final rate of earnings for the first 15 years of service credit, plus 2% for each year of service after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased ever year after retirement, upon reaching age 67, by the lesser of 3% of the original pension amount or 1/2 of the increase in the Consumer Price Index of the original pension amount.

Plan membership. At December 31, 2023, the measurement date, membership in the plan was as follows:

Retirees and beneficiaries	501
Inactive, non-retired members	429
Active members	<u>493</u>
Total	<u><u>1,423</u></u>

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended April 30, 2024

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Contributions. As set by statute, City employees participating in IMRF are required to contribute 4.50% of their annual covered salary. The statute requires the City to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The City's actuarially determined contribution rate for calendar year 2023 was 6.56% of annual covered payroll for IMRF. The City also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability/(Asset). The net pension liability/(asset) was measured as of December 31, 2023, and the total pension liability used to calculate the net pension liability/(asset) was determined by an actuarial valuation as of that date.

Summary of Significant Accounting Policies. For purposes of measuring the net pension liability/(asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of IMRF and additions to/deductions from IMRF fiduciary net position have been determined on the same basis as they are reported by IMRF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at market value.

Actuarial Assumptions. The total pension liability for IMRF was determined by actuarial valuations performed as of December 31, 2023 using the following actuarial methods and assumptions:

Actuarial cost method	Entry Age Normal
Asset valuation method	Market Value
Actuarial assumptions	
Investment Rate of Return	7.25%
Salary increases	2.85% to 13.75%, including inflation
Price inflation	2.25%

Mortality. For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 108%) and Female (adjusted 106.4%) tables, and future mortality improvements projected using scale MP-2021. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021.

Long-Term Expected Real Rate of Return. The long-term expected rate of return on pension plan investments was determined using an asset allocation study in which best-estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) were developed for each major asset class. These ranges were combined to produce long-term expected rate of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Asset Class	Target Allocation	Projected Returns/Risks	
		One Year Arithmetic	Ten Year Geometric
Equities	34.50%	6.35%	5.00%
International equities	18.00%	8.00%	6.35%
Fixed income	24.50%	4.85%	4.75%
Real estate	10.50%	7.20%	6.30%
Alternatives	11.50%		
Private equity		12.35%	8.65%
Hedge funds		N/A	N/A
Commodities		7.20%	6.05%
Cash equivalents	1.00%	3.80%	3.80%

Discount rate. The discount rate used to measure the total pension liability for IMRF was 7.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rate and the member rate. Based on those assumptions, the fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefits to determine the total pension liability.

Discount rate sensitivity. The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents net pension liability/(asset) of the City calculated using the discount rate of 7.25% as well as what the net pension liability/(asset) would be if it were to be calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
Total pension liability	\$ 242,316,836	\$ 217,324,019	\$ 197,175,067
Plan fiduciary net pension	<u>206,252,137</u>	<u>206,252,137</u>	<u>206,252,137</u>
Net pension liability/(asset)	<u>\$ 36,064,699</u>	<u>\$ 11,071,882</u>	<u>\$ (9,077,070)</u>

As of and for the Year Ended April 30, 2024

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

The amount reported as deferred outflows resulting from contributions subsequent to the measurement date in the above table will be recognized as a reduction in the net pension liability/(asset) for the year ending April 30, 2025. The remaining amounts reported as deferred outflows and inflows of resources related to pensions (\$12,199,813) will be recognized in pension expense as follows:

Year Ending April 30,	Amount
2025	\$ 1,750,597
2026	4,079,733
2027	7,910,239
2028	(1,540,756)
Total	\$ 12,199,813

Police Pension

Plan description. Police sworn personnel are covered by the Police Pension Plan, which is a defined benefit single-employer pension plan. Although this is a single employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes (Chapter 40 ILCS 5/3) and may be amended only by the Illinois legislature. The City accounts for the plan as a pension trust fund.

As provided for in the Illinois Compiled Statutes, the Plan provides retirement benefits as well as death and disability benefits to employees grouped into two tiers. Tier 1 is for employees hired prior to January 1, 2011 and Tier 2 is for employees hired after that date. The following is a summary of the Police Pension Fund as provided for in Illinois Compiled Statutes.

Tier 1 - Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of one half of the salary attached to the rank on the last day of service, or for one year prior to the last day, whichever is greater. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least 8 years but less than 20 years of credited service may retire at or after age 60 and receive a reduced retirement benefit. The monthly pension of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and paid upon reaching at least the age 55, by 3% of the original pension and 3% compounded annually thereafter.

Tier 2 - Covered employees attaining the age of 55 or more with 10 or more years of creditable service are entitled to receive a monthly pension of 2.5% of the final average salary for each year of creditable service. The salary is initially capped at \$106,800 but increases annually thereafter and is limited to 75% of final average salary. Employees with 10 or more years of creditable service may retire at or after age 50 and receive a reduced retirement benefit. The monthly pension of a police shall be increased annually on the January 1 occurring either on or after the attainment of age 60 or the first anniversary of the pension start date, whichever is later. Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase in the CPI, whichever is less.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Police Pension (cont.)

Plan membership. At May 1, 2023, the actuarial valuation date, the Police Pension membership consisted of:

Retirees and beneficiaries	122
Inactive, non-retired members	20
Active members	<u>123</u>
 Total	 <u><u>265</u></u>

Contributions. Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The City is required to contribute the remaining amounts necessary to finance the plans as actuarially determined by an enrolled actuary. Effective January 1, 2011 the City's contributions must accumulate to the point where the past service cost for the Police Pension Plan is 90% funded by the year 2040. The City's actuarially determined contribution rate for the fiscal year ending April 30, 2024 was 53.04% of annual covered payroll.

Net Pension Liability/(Asset). The net pension liability/(asset) was measured as of April 30, 2024, and the total pension liability used to calculate the net pension liability/(asset) was determined by an annual actuarial valuation as of that date.

Summary of Significant Accounting Policies. The financial statements of the Police Pension Plan are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which contributions are due. The City's contributions are recognized when due and a formal commitment to provide the contributions are made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Plan investments are reported at market value. Short-term investments are reported at cost, which approximated market value. Investments that do not have an established market are reported at estimated market values.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Police Pension (cont.)

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed as of April 30, 2024 using the following actuarial methods and assumptions:

Actuarial cost method	Entry Age Normal
Asset valuation method	Market Value
Actuarial assumptions	
Interest rate	7.00%
Inflation	2.50%
Projected salary increases	2.85 - 13.75%
Cost-of-living adjustments	2.25%

Active Mortality is based on the PubS-2010 Study unadjusted using MP-2021 Improvement Rates applied on a fully generational basis. Retiree Mortality is based on the PubS-2010 Study adjusted by a factor of 1.15 for male retirees and unadjusted for female retirees using MP-2021 improvement rates. Disabled Mortality is based on the PubS-2010 Study for disabled participants adjusted by a factor of 1.08 for male disabled members and unadjusted for female disabled members using MP-2021 improvement rates. Survivors Mortality is based on the PubS-2010 Study unadjusted for male beneficiaries and adjusted by a factor of 1.15 for female beneficiaries using MP-2021 improvement rates.

Long-term expected real rate of return. The long-term expected rate of return on the Police Pension Plan's investments was determined using a building block method. The best estimate for future real rates of return are developed for each of the major asset classes. Future real rates of return are weighted based on representative expectations as disclosed in the Illinois Police Officers' Pension Investment Fund Actuarial Experience Study. Expectation inflation is added back in. Adjustment is made to reflect geometric returns. Best estimated or arithmetic real rates of return for each major asset class included in the Plan's target asset allocation as of April 30, 2024 are as follows:

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed income	30%	-0.60% - 7.15%
Domestic equities	28%	4.15% - 4.54%
International equities	33%	-0.25% - 5.31%
Real estate	8%	4.00%
Cash and cash equivalents	1%	-0.27%

Illinois Compiled Statutes (ILCS) limit the Plan's investments in equities, mutual funds and variable annuities to 65%. Securities in any one company should not exceed 5% of the total fund.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Police Pension (cont.)

Discount rate. The discount rate used to measure the total pension liability for the Police Pension Plan was 7.00%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Discount rate sensitivity. The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the pension liability of the City calculated using the discount rate of 7.00% as well as what the net pension liability would be if it were to be calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
Total pension liability	\$ 223,387,331	\$ 195,460,041	\$ 172,709,268
Plan fiduciary net position	114,637,683	114,637,683	114,637,683
Net pension liability	\$ 108,749,648	\$ 80,822,358	\$ 58,071,585

Changes in net pension liability/(asset). The City's changes in net pension liability/(asset) for the calendar year ended April 30, 2024 was as follows:

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability/Asset (a) - (b)
Balances at April 30, 2023	\$ 187,964,908	\$ 106,337,367	\$ 81,627,541
Service cost	2,780,259	-	2,780,259
Interest on total pension liability	13,016,988	-	13,016,988
Differences between expected and actual experience of the total pension liability	1,147,296	-	1,147,296
Benefit payments, including refunds of employee contributions	(9,576,577)	(9,576,577)	-
Contributions - employer	-	6,701,080	(6,701,080)
Contributions - employee	-	1,252,012	(1,252,012)
Contributions - other	127,167	127,167	-
Net investment income	-	9,882,455	(9,882,455)
Administration	-	(85,821)	85,821
Balances at April 30, 2024	\$ 195,460,041	\$ 114,637,683	\$ 80,822,358

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Police Pension (cont.)

Pension expense and deferred outflows of resources and deferred inflows of resources related to pensions. For the year ended April 30, 2024, the City recognized pension expense of \$10,320,721. The City reported deferred outflows and inflows of resources related to pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 9,218,811	\$ 1,723,032
Assumption changes	773,115	968,072
Net difference between projected and actual earnings on pension plan investments	4,046,675	-
Total	\$ 14,038,601	\$ 2,691,104

The amounts reported as deferred outflows and inflows of resources related to pensions (\$11,347,497) will be recognized in pension expense as follows:

Year Ending April 30,	Amount
2025	\$ 1,434,317
2026	6,014,565
2027	2,601,947
2028	1,105,452

Total	\$ 11,347,497

Firefighters' Pension

Plan description. Fire sworn personnel are covered by the Firefighters' Pension Plan, which is a defined benefit single-employer pension plan. Although this is a single employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes (Chapter 40 ILCS 5/3) and may be amended only by the Illinois legislature. The City accounts for the plan as a pension trust fund.

As provided for in the Illinois Compiled Statutes, the Firefighters' Pension Plan provides retirement benefits as well as death and disability benefits to employees grouped into two tiers. Tier 1 is for employees hired prior to January 1, 2011 and Tier 2 is for employees hired after that date. The following is a summary of the Firefighters' Pension Plan as provided for in Illinois Compiled Statutes.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Firefighters' Pension (cont.)

Tier 1 - Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive a monthly retirement benefit of one half of the monthly salary attached to the rank held in the fire service at the date of retirement. The monthly pension shall be increased by one twelfth of 2.5% of such monthly salary for each additional month over 20 years of service through 30 years of service to a maximum of 75% of such monthly salary. Employees with at least 10 years but less than 20 years of credited service may retire at or after age 60 and receive a reduced retirement benefit. The monthly pension of a firefighter who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and paid upon reaching at least the age 55, by 3% of the original pension and 3% compounded annually thereafter.

Tier 2 - Covered employees attaining the age of 55 or more with 10 or more years of creditable service are entitled to receive a monthly pension of 2.5% of the final average salary for each year of creditable service. The salary is initially capped at \$106,800 but increases annually thereafter and is limited to 75% of final average salary. Employees with 10 or more years of creditable service may retire at or after age 50 and receive a reduced retirement benefit. The monthly pension of a firefighter shall be increased annually on the January 1 occurring either on or after the attainment of age 60 or the first anniversary of the pension start date, whichever is later. Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase in the CPI, whichever is less.

Plan membership. At May 1, 2023, the actuarial valuation date, the Firefighters' Pension Plan membership consisted of:

Retirees and beneficiaries	107
Inactive, non-retired members	23
Active members	109
Total	239

Contributions. Participants contribute a fixed percentage of their base salary to the plans. At April 30, 2024, the contribution percentage was 9.455%. If a participant leaves covered employment with less than 20 years of service, accumulated participant contributions may be refunded without accumulated interest. The City is required to contribute the remaining amounts necessary to finance the plans as actuarially determined by an enrolled actuary. Effective January 1, 2011 the City's contributions must accumulate to the point where the past service cost for the Firefighters' Pension Plan is 90% funded by the year 2040. The City's actuarially determined contribution rate for the fiscal year ending April 30, 2024 was 52.24% of annual covered payroll.

Net pension liability/(asset). The net pension liability/(asset) was measured as of April 30, 2024, and the total pension liability used to calculate the net pension liability/(asset) was determined by an annual actuarial valuation as of that date.

CITY OF BLOOMINGTON

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Firefighters' Pension (cont.)

Summary of significant accounting policies. The financial statements of the Firefighters' Pension Plan are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which contributions are due. The City's contributions are recognized when due and a formal commitment to provide the contributions are made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Plan investments are reported at market value. Short-term investments are reported at cost, which approximated market value. Investments that do not have an established market are reported at estimated market values.

Actuarial assumptions. The total pension liability was determined by an actuarial valuation performed as of April 30, 2024 using the following actuarial methods and assumptions:

Actuarial cost method	Entry Age Normal
Asset valuation method	Market Value
Actuarial assumptions	
Interest rate	7.00%
Inflation	2.50%
Projected salary increases	3.50% - 17.61%
Cost-of-living adjustments	2.25%

Active Mortality is based on the PubS-2010 Study unadjusted using MP-2021 Improvement Rates applied on a fully generational basis. Retiree Mortality is based on the PubS-2010 Study adjusted by a factor of 1.081 for male retirees and unadjusted for female retirees using MP-2021 improvement rates. Disabled Mortality is based on the PubS-2010 Study for disabled participants adjusted by a factor of 1.178 for male disabled members and unadjusted for female disabled members using MP-2021 improvement rates. Survivors Mortality is based on the PubS-2010 Study unadjusted for male beneficiaries and adjusted by a factor of 1.098 for female beneficiaries using MP-2021 improvement rates.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Firefighters' Pension (cont.)

Long-term expected real rate of return. The long-term expected rate of return on the Firefighters' Pension Plan's investments was determined using a building block method. The best estimate for future real rates of return are developed for each of the major asset classes. Future real rates of return are weighted based on the target allocation within the Marquette Associates for the Illinois Firefighters' Pension Investment Fund, dated April 29, 2022. Expectation inflation is added back in. Adjustment is made to reflect geometric returns. Best estimated or arithmetic real rates of return for each major asset class included in the Plan's target asset allocation as of April 30, 2024 are as follows:

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed income	32%	0.80% - 1.60%
Large-cap equity	45%	5.20%
Mid-cap equity	5%	7.00%
Small-cap equity	5%	8.60%
International equity	5%	5.10% - 5.50%
Real estate	5%	4.90% - 5.10%
Cash and cash equivalents	3%	-0.60%

Illinois Compiled Statutes (ILCS) limit the Plan's investments in equities, mutual funds and variable annuities to 65%. Securities in any one company should not exceed 5% of the total fund.

Discount rate. The discount rate used to measure the total pension liability for the Firefighters' Pension Plan was 7.00%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Discount rate sensitivity. The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the pension liability of the City calculated using the discount rate of 7.00% as well as what the net pension liability would be if it were to be calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
Total pension liability	\$ 181,816,148	\$ 159,755,096	\$ 141,705,918
Plan fiduciary net position	100,095,649	100,095,649	100,095,649
Net pension liability	<u>\$ 81,720,499</u>	<u>\$ 59,659,447</u>	<u>\$ 41,610,269</u>

B. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; workers compensation; and health care of its employees for which the City is self-insured and carries supplemental commercial insurance. The City maintains internal service funds for its self-insured employees' health insurance program, and its general liability, property, and worker's compensation insurance claims. Each participating fund makes payments to the self-insurance funds for amounts which are determined based on historical claims experience.

Self-Insurance

For combined medical and prescription drug claims, the uninsured risk of loss is \$155,000 per covered individual on a July 1 through June 30 basis. Coverage from a private insurance company is maintained for losses in excess of the stop loss amount. An independent claims administrator performs all claim handling procedures.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE IV - OTHER INFORMATION (cont.)

B. RISK MANAGEMENT (cont.)

Self Insurance (cont.)

Self-insurance is in effect up to a stop loss of \$125,000 per occurrence for general liability, \$25,000 for property, and \$550,000 per occurrence for worker's compensation for the fire and police departments and \$450,000 for all other departments of the City. In addition, the City has an aggregate retention of \$590,000 for liability and property losses. The City has purchased commercial insurance for coverage in excess of self-insured reserve limits and for all other risks of loss. Settled claims have not exceeded the commercial coverage in any of the past three years.

A liability for a claim is established if information indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss is reasonably estimable. Liabilities include an amount for claims that have been incurred but not reported. The City does not allocate overhead costs or other nonincremental costs to the claims liability.

Claims Liability

	Casualty Insurance	Health	Totals
Claims payable - April 30, 2022	\$ 4,904,000	\$ -	\$ 4,904,000

Claims payable - April 30, 2024	\$ 5,894,000	\$ 402,418	\$ 6,296,418

C. COMMITMENTS AND CONTINGENCIES

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. The liability and expenditure for claims and judgments are only reported in governmental funds if it has matured. Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred.

The City has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grants. Management believes such disallowances, if any, would be immaterial.

The City has commitments to active construction projects to be financed primarily from capital projects and enterprise funds as of April 30, 2024. The total outstanding commitments of the City as of April 30, 2024 are \$34,990,180.

CITY OF BLOOMINGTON

D. JOINT VENTURES

Bloomington-Normal Public Transit System

The Bloomington-Normal Public Transit System (System) is a joint venture between the City of Bloomington and the Town of Normal for the purpose of engaging in a wide variety of activities necessary for operation of a transit system within the corporate limits of the two governmental entities. The governing Board is comprised of 4 City representatives and 3 Town representatives. The System is funded primarily through federal and state governmental assistance. Other revenue sources include fares and contractual fees. Any deficits incurred by the System are to be made up by the City and Town in accordance with a prescribed formula. The System's financial activities, other than operating subsidies and advances from the City, are not included in the City's reporting entity. The report may be obtained from the System at 351 Wylie Drive, Normal, IL 61761 or on-line at www.connect-transit.com.

E. OTHER POSTEMPLOYMENT BENEFITS

Plan description. The City's defined benefit OPEB plan, the Retiree Benefits Plan (RBP), provides insurance coverage for eligible retirees and their spouses through the City's group health insurance plan, which covers both active employees and retired members (or other qualified terminated employees) participating in the plan at blended rates. The RBP is a single-employer defined benefit OPEB plan administered by the City which does not issue a stand-alone financial report. The plan is funded on a pay-as-you-go basis and no assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits provided. The RBP provides healthcare, dental, vision, and and life insurance benefits for retirees and their dependents. Pre and post-Medicare post-retirement medical coverage is available to all City employees who retire under the requirements of applicable pension plans. Participants contribute the full premiums, with the exception of the PSEBA police & fire personnel.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE IV - OTHER INFORMATION (cont.)

E. OTHER POSTEMPLOYMENT BENEFITS (cont.)

Employees covered by benefit terms. At April 30, 2022, the actuarial valuation date, the following employees were covered by the benefit terms:

Table with 2 columns: Description and Count. Rows include Inactive plan members (102), Active plan members (678), and Total (780).

Total OPEB liability. The City's total OPEB liability of \$22,580,445 was measured as of April 30, 2024, and was determined by an actuarial valuation as of April 30, 2024.

Actuarial assumptions and other inputs. The total OPEB liability in the April 30, 2024 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Table with 2 columns: Assumption and Value. Rows include Inflation (2.50%), Salary increases (3.25%), Healthcare participation rate (Medicare ineligible - 60%; Medicare eligible - 20%), Healthcare cost trend rates (Initial rate of 7.75%, grading down to 4% for 2033 and after), and Retirees' share of benefit-related costs (100%, except PSEBA personnel at 0%).

Mortality rates were based on the Pub-2010 generational table scaled using MP-2021 and applied on a gender-specific and job class basis.

The actuarial assumptions used in the April 30, 2024 valuation were based on the results of an actuarial experience study completed by an independent actuary.

Discount rate. At April 30, 2024, the discount rate used to measure the total OPEB liability was a blended rate of 4.07%, which was a change from the April 30, 2023 rate of 3.53%. Since the plan is financed on a pay-as-you-go basis, the discount rate is based on the Bond Buyer 20-Bond GO Index.

CITY OF BLOOMINGTON

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended April 30, 2024

NOTE IV - OTHER INFORMATION (cont.)

E. OTHER POSTEMPLOYMENT BENEFITS (cont.)

Changes in the total OPEB liability.

	Total OPEB Liability
Balances at April 30, 2023	\$ 15,049,733
Service cost	370,707
Interest	529,580
Differences between expected and actual experience	6,674,209
Changes in assumptions or other inputs	792,541
Benefit payments	(836,325)
Balances at April 30, 2024	\$ 22,580,445

Changes of assumptions and other inputs reflect a change in the discount rate from 3.53% in 2023 to 4.07% in 2024.

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.07%) or 1-percentage-point higher (5.07%) than the current discount rate:

	1% Decrease (3.07%)	Discount Rate (4.07%)	1% Increase (5.07%)
Total OPEB liability	\$ 25,444,000	\$ 22,580,445	\$ 20,183,000

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (6.75% decreasing to 3.00%) or 1-percentage-point higher (8.75% decreasing to 5.00%) than the current healthcare cost trend rates:

	1% Decrease (6.75% Decreasing to 3.00%)	Healthcare Cost Trend Rates (7.75% Decreasing to 4.00%)	1% Increase (8.75% Decreasing to 5.00%)
Total OPEB liability	\$ 19,886,000	\$ 22,580,445	\$ 25,852,000

OPEB expense and deferred outflows of resources and deferred inflows of resources related to OPEB. For the year ended April 30, 2024, the City recognized OPEB expense of \$1,239,278. At April 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

CITY OF BLOOMINGTON

F. EFFECT OF NEW ACCOUNTING STANDARDS ON CURRENT-PERIOD FINANCIAL STATEMENTS

The Governmental Accounting Standards Board (GASB) has approved the following:

- Statement No. 100, *Accounting Changes and Error Corrections—an amendment of GASB Statement No. 622*
- Statement No. 101, *Compensated Absences*
- Statement No. 102, *Certain Risk Disclosures*
- Statement No. 103, *Financial Reporting Model Improvements*

When they become effective, application of these standards may restate portions of these financial statements.

Covered payroll	\$ 28,231,886	\$ 28,624,580	\$ 30,429,101	\$ 34,207,347	
Contributions as a percentage of covered payroll	17.00%	12.32%	9.56%	6.56%	

Notes to Schedule:

The City implemented GASB Statement No. 68 in fiscal year 2016. Information prior to fiscal year 2016 is not available.

Valuation date:

Actuarially determined contribution rates are calculated as of December 31 each year, which are 4 months prior to the beginning of the fiscal year in which contributions are reported, and are not available on a fiscal year basis.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Aggregate entry age normal
Amortization method	Level percentage of payroll, closed
Remaining amortization period	20 years
Asset valuation method	5-Year smoothed market; 20% corridor
Inflation	2.25%
Salary increases	2.75% to 13.75% including inflation
Investment rate of return	7.25%
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition
Mortality	PUB-2010 adjusted and with future mortality improvements projected using scale MP-2020

Contributions as a percentage of covered payroll	48.02%	48.11%	59.89%	52.91%	53.04%

Notes to Schedule:

The annual required contribution presented here represents the amount calculated using guidelines prescribed by GASB. The City is legally required to make contributions as determined by state statute which may differ from the amounts presented above. The City has made the minimum contribution required by state statute.

Valuation date: Actuarially determined contributions are calculated as of April 30 of the current fiscal year.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry-age normal
Amortization method	Level percentage of payroll
Remaining amortization period	20 years
Asset valuation method	5-Year smoothed market
Inflation	2.50%
Salary increases	2.85% - 13.75%
Investment rate of return	7.00%
Retirement age	See Notes to the Financial Statements
Mortality	Pub-2010 Adjusted for Plan Status, Demographics, and Illinois Public Pension Data, as Described

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION For the Year Ended April 30, 2024

BUDGETARY INFORMATION

Annual budgets are legally adopted and separately reported for all funds of the City of Bloomington except for the Foreign Fire Insurance Board Fund. The City Council follows these procedures in establishing the budgetary data reflected in the financial statements:

Prior to February 1 (unless a later date is approved by the City Council), the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following May 1. The operating budget includes proposed expenditures and the means of financing them. All budgets are adopted on a modified accrual basis except for the following modifications:

- Encumbrances are treated as expenditures in the year in which the purchase commitment is made.
- Collections of special revenue fund loans, capital project fund assessments and special assessments are budgeted as revenue in the year received.
- Special revenue fund loans are shown as expenditures when the funds are disbursed.
- Special revenue disbursements which result in increases in balances of properties held for rehabilitation or development are shown as expenditures. Receipts from sales of these properties or transfers from the savings accounts are treated as revenues.
- The proceeds of general obligation bonds reserved for enterprise projects and expenditures of such monies are accounted for in a Capital Projects Fund.
- Certain transfers between governmental funds are budgeted as revenues and expenditures. Budgeted Governmental Fund expenditures also include capital expenditures related to proprietary fund operations.
- In the Debt Service Fund, transfers from enterprise funds for payment of revenue-supported general obligation debt are reflected as revenue and payments of the debt and are shown as expenditures.
- For report presentation purposes, actual revenues and expenditures and other financing sources and uses have been adjusted to incorporate these modifications with reconciliation provided.
- Capital contributions and capital outlay from donated assets are not budgeted.

Public hearings are conducted at locations throughout the City to obtain taxpayer comments.

- Prior to May 1, the annual operating budget is legally enacted through passage of an ordinance. Passage of the annual budget is done in lieu of an appropriation ordinance as permitted by the Illinois Compiled Statutes.
- The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Council. The level of control (level at which expenditures may not exceed budget) is the fund total, not the individual line items.
- The annual budget can be amended by a two-thirds vote of the City Council. Various budget amendments were approved in this manner by the Council during the current year and the changes are reflected in the budgetary figures included in the accompanying financial statements.
- All appropriations lapse at year-end.

SUPPLEMENTARY INFORMATION

CITY OF BLOOMINGTON

As of and for the Year Ended April 30, 2024

NONMAJOR GOVERNMENTAL FUNDS

Board of Elections Fund – To account for the tax resources used to provide for the Election Commission expenses.

Drug Enforcement Fund – To account for police department revenues from drug raids.

Foreign Fire Insurance Board Fund – To account for the revenues from the 2% foreign fire insurance tax that is administered by the Foreign Fire Insurance Board.

Community Development Fund – To account for a federally funded block grant program designed to assist low and moderate-income families and eliminate slum and blight conditions.

IHDA Grant Fund – To account for a federally funded grant program for the rehabilitation of single-family, owner-occupied residences.

Park Dedication Fund – To account for collections to be used for future park developments.

Empire Street TIF Fund – To account for revenues and construction expenditures related to the Empire Street TIF redevelopment area.

Downtown-Southwest TIF Fund – To account for revenues and construction expenditures related to the Downtown-Southwest TIF redevelopment area.

Downtown-East Washington Street TIF Fund – To account for revenues and construction expenditures related to the Downtown-East Washington Street TIF redevelopment area.

Capital Improvements Fund – To account for the receipt and disbursement of monies used for the acquisition of capital facilities.

Asphalt and Concrete Fund – To account for the receipt and disbursement of monies used for sidewalk and street maintenance projects.

Capital Lease Fund – To account for the capital lease proceeds and capital outlay.

STATISTICAL SECTION

CITY OF BLOOMINGTON

Statistical Section Table of Contents

The statistical section of the City's annual comprehensive financial report presents detailed information as a context for understanding what the information presented in the financial statements, note disclosures and required supplementary information say about the City's overall financial health.

Contents	Page(s)
Financial Trends These schedules contain trend information to help the reader understand how the City's financial performance and well being have changed over time.	139 - 149
Revenue Capacity These schedules contain information to help the reader assess the City's most significant local revenue sources, the property tax (or sales tax).	150 - 157
Debt Capacity These schedules present information to help the reader assess the affordability of the City's current level of outstanding debt and the City's ability to issue additional debt in the future.	158 - 161
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	164 - 164
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	165 - 169

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive report for the relevant year.

CITY OF BLOOMINGTON

Statistical Section Comments Relative to Statistical Section

The following statistical table recommended by the National Council on Governmental Accounting is not included for the reason stated below:

The government is a home rule municipality. Article VII, Section 6(k) of the 1970 Illinois Constitution governs computation of the legal debt margin.

"The General Assembly may limit by law the amount and require referendum approval of debt to be incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property. . . (1) if its population is more than 25,000 and less than 500,000 an aggregate of one percent. . . (2) indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum...shall not be included in the foregoing percentage amounts".

To date, the General Assembly has set no limits for home rule municipalities.

During fiscal year 2008, the Coliseum Fund and the Parking Fund transferred debt totaling \$29,455,000 and \$3,093,325, respectively, to the governmental funds as the City intends to repay those bonds with general government funds. The Net Position reported as Investment in Capital Assets, in the Governmental Activities in the Statement of Net Position does not include the debt balance as of April 30, 2009 totaling \$32,385,635, as this debt did not produce a capital asset for the governmental activities. However, the debt is included in the calculation of the Net Position Investment in Capital Assets in the total primary government column on the Statement of Net Position.

During fiscal year 2016, the City implemented GASB Statement No. 68 and No. 71. Prior years were not restated for the implementation of these standards.

Notes: As a home rule unit of local government, the City of Bloomington, Illinois has no statutory tax limit

Overlapping rates are those of local and county governments that apply to property owners within the City. Not all overlapping rates apply to all City property owners, although the county property tax rates apply to all City property owners; the Airport Authority rates apply to the property owners within that Authority's geographic boundaries.

*Rate presented is for Bloomington School District #87. City of Bloomington taxpayers in other school districts will have different rates. Other school districts that overlap with the City include: Normal School District #5, Tri-Valley Community Unit School District #3, and Olympia Unit #16.
