Certificate of Achievement for Excellence in Financial Reporting

OFFICE OF BUDGET AND MANAGEMENT CITY OF SPRINGFIELD, ILLINOIS

RAMONA M. METZGER DIRECTOR

October 25, 2024

Honorable Mayor Buscher, Members of the City Council, and Citizens of the City of Springfield

The Annual Comprehensive Financial Report of the City of Springfield, Illinois, for the year ended February 29, 2024, is hereby submitted. Responsibility for both accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial positions and result of operations of various funds of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

The Annual Comprehensive Financial Report is presented in three sections: introductory, financial and statistical. The introductory section includes this transmittal letter and an addendum to the transmittal letter that includes a list of principal officials, the City's organizational chart, and the descriptions of departmental functions. The financial section includes the basic financial statements and notes to the financial statements, as well as the auditors' opinion on the financial statements and schedules. The statistical section includes selected financial and demographic information generally presented on a multi-year basis.

As a recipient of various federal financial assistance programs, the City of Springfield is required under the Federal Single Audit Act, to have an annual audit of certain major federal grant programs performed. Information related to this single audit, including a schedule of expenditures of federal awards, the independent auditors' reports on internal controls and compliance and other matters, with applicable laws and regulations, and a schedule of findings and questioned costs are included in a separately issued single report.

This report includes all funds of the City. The City provides a full range of services, including police and fire protections; the construction and maintenance of highways, streets and infrastructure; cultural events; parking facilities and structures; electric generation; and water and sewer services. In addition to general government activities, the City is financially accountable for the police and fire pensions; therefore, these activities are included in the reporting entity. However, the Springfield Public School District, the Springfield Park District, the Sangamon County Water Reclamation District, Springfield Housing Authority, the Sangamon Mass Transit District, Springfield Airport Authority, and the Springfield Metropolitan Exposition and Auditorium Authority have not met the established criteria for inclusion in the reporting entity, and accordingly, are excluded from the report.

Blended component units, although legally separate entities, are, in substance, part of the primary government's operations and are included as part of the primary government. Accordingly, the police and fire pension plans are reported as fiduciary funds. Accounting principles generally accepted in the United States of American (GAAP) requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found following the report of the independent auditors.

Local Economy

The City, incorporated in 1840 and consisting of 68 square miles, has a diversified economy, with the principal sectors being state and local government, retail and wholesale trade, healthcare, finance, rail and motor transportation. The City also is the headquarters for many national, regional and state trade associations, as well as several insurance companies. Additionally, Springfield's historical significance, especially that of the Abraham Lincoln legacy and Historic Route 66, are the driving force behind tourism's robust contribution to the local economy.

As the state's capital, a large part of Springfield's workforce is employed by the state. However, the city's central location in the region has shaped the economic structure and is expected to continue to do so into the future. Given its centrality in the region, Springfield serves as a regional retail, financial services and agribusiness hub. Important commercial corridors include Interstate 72 and MacArthur Boulevard, Wabash Avenue and Route 4 (Veteran's Parkway). Additional commercial corridors within the heart of the City would include 11th Street and Dirksen Parkway to the North.

With a population of approximately 114,394, Springfield's central location in the state and region along with the presence of two major hospitals and Southern Illinois University's School of Medicine has made it a medical center. The presence of these facilities along with those such as Springfield Clinic, Prairie Heart Institute and the Simmons Cancer Institute, have created a core medical and health care service industry with reach well beyond the limits of both Springfield and Sangamon County.

Intra and inter-state connectivity is supported by two interstate highways that connect in Springfield: I-55 which provides north to south connectivity and I-72 which provides connectivity east to west. In addition to its regional highway connection, Springfield is served by five Class 1 railroads and two short line railroads. The city's rail connections also include passenger rail service between St. Louis and Chicago via Amtrak. Along with rail-based passenger and freight service, Springfield also accommodates both passenger and freight service by air from its Abraham Lincoln Capital Airport. Along with fix-based services for private and corporate aircraft, the airport provides scheduled passenger jet service to Chicago's O'Hare International Airport, Orlando International Airport, Tampa International Airport and the Punta Gorda (Fort Myers) Airport in Florida.

Springfield's rich Lincoln heritage, anchored by the Lincoln Presidential Library & Museum and the Lincoln Home National Historic Site, along with Route 66, the Illinois State Fair, Kidzeum Children's Museum, and our many other attractions and special events make Springfield a viable tourism destination for well over 1 million visitors each year from around the globe. In addition to its strong leisure tourism product, Springfield also boasts a fully developed convention and meeting product. With over 4,000 sleeping rooms and strong convention venues throughout the city, Springfield hosts numerous conventions each year. The Illinois Office of Tourism recently released the economic impact for 2023. The results showed a tourism industry annual economic impact in of \$601M in Springfield and Sangamon County. The Springfield area jumped two spots to the second largest tourism destination in the State of Illinois outside of Chicago.

Springfield offers a diverse selection of entertainment, cultural and recreational activities. Lincoln Library, the City's public library, has holdings of nearly 400,000 volumes. The Springfield Park District operates 32 community parks, three public swimming pools, tennis courts, pickle ball courts, disc golf courses, four golf courses, an expanding bicycle trail system, ball parks, as well as the Henson Robinson Zoo. Residents and visitors alike can also enjoy a multitude of other opportunities whether it be playing golf at several non-park district golf courses, hiking at Lincoln Memorial Gardens, taking in a drive-in movie, or taking advantage of the City's growing craft brewery and pub scene.

Additionally, the Illinois Symphony Orchestra, Springfield Municipal Band, Springfield Ballet Company, Springfield Muni Opera, Springfield Theater Center, Sangamon Auditorium, Hoogland Center for the Arts, Bank of Springfield Center, the Springfield Community Concert Association, university sports' teams, Springfield Lucky Horseshoes baseball team and the Junior Blues Junior Class A hockey team provide plenty of options for the citizens of our community. Springfield has also been fortunate to be a recipient of the Levitt Foundation grant award several years in a row, allowing for a series of outdoor concerts downtown throughout the summer.

Financial Planning

The City of Springfield presented an overview of the FY 2025 budget and its financial challenges to the City Council in January 2024.

- Large one-time expenses were discussed with the building of 3 new firehouses budgeted to be spent primarily from the Corporate Fund and the June 2023 incurred derecho related expenses awaiting potential reimbursement from FEMA.
- Increasing Public Safety Pensions assets, liabilities and long-term & fiscal year 25 funding options were reviewed along with the impact on fund balance.

The Office of Budget & Management continued to lean on the side of caution with conservative revenue projections and continued aggressive review of budget expense requests.

In the end the Corporate Fund, ended the year above budgeted expectation due to delay in firehouse construction resulting in only a \$2.8M decrease of fund balance. Other funds, such as Motor Vehicle Parking, continued to not fare as well.

Fiscal Year 2024 Operating Highlights

The focus in fiscal year 2024 was strong oversight over department spending and was budgeted using conservative revenue projections, which in turn necessitates a lower expense budget. Notable initiatives include:

- The Office of Budget and Management continued to lead the effort to track and utilize the City's allocated \$33.8M in federal SLFRF funds, helping mitigate the pandemic's financial and operational impact, while providing economic opportunity for our city.
- On June 29, 2023 the City experienced a Derecho and major wind damage at the height of storms causing power outages to 40,000 of City Water, Light and Power's 68,000 electric customers. Electric system damage occurred throughout the City with thousands of pieces of equipment needing repair or replacement. The event was declared a disaster area by Illinois' Governor Pritzker and also declared a disaster by President Biden. A FEMA review process of submitted claims is underway. The estimate of City costs incurred includes \$7.16 million for CWLP, \$1.6 million for debris, \$81,700 for emergency protective measures and \$63,000 for damaged City roads and equipment. The local share will be 25% of the FEMA approved expenses. In addition, approximately \$50k was received from insurance proceeds for damaged City property.
- Public Works continued to expand use and integration of Cityworks AMS & PLL to improve operational efficiency and coordination amongst departments. The utilization and expansion of Dashboards and Storymaps has aided in improved tracking and transparency.
- Public Works completed construction of the Cook and South Street Underpasses. It involved constructing
 new dual track railroad bridges, and completing drainage, grading and sub-ballast from Capitol Avenue to
 South Grand Avenue supporting future phases of the Springfield Rail Improvement Project. Public Works
 also made substantial progress on the Madison Street and Jefferson Street underpasses. These project
 reduces congestion, improves safety and provides improved access on the east side of the City.
- Public Works made substantial progress on the reconstruction of Stanford Avenue from 11th Street to Taylor Avenue. This project provides bicycle and pedestrian accommodations, improves drainage improves and safety and provides improved access on the south side of the City. We also reconstructed a structurally deficient bridge on Churchill Road over Spring Creek.

- Public Works continues to improve citizen and visitor mobility to the City streets and sidewalks with the
 expansion of preventative maintenance programs, replacing deficient sidewalk and constructing, and
 installing new sidewalk to fill in missing pedestrian network links. Bicycle and pedestrian
 accommodations constructed this past year include connecting Randall Ct. along Cornell Ave to
 Southeast High School, MLK Dr. sidewalk improvements from Capitol Avenue to Ash Street.
- The Springfield Convention and Visitors Bureau (SCVB) welcomed almost 15,000 travelers from 56 different countries at the Visitors Center in FY24. The sales department turned 51,000 future hotel room nights definite and over 125 meetings and conventions were serviced by SCVB in FY24. A Historic Sites Trolley service and Route 66 Glow & Tell were added to History Comes Alive summer programming. The SCVB tourism department secured a \$232,000 Route 66 grant and \$611,000 in LTCB funding.
- The Illinois Office of Tourism released tourism data for 2023 and for the third consecutive year Springfield/Sangamon County realized a record in traveler expenditures with \$601 million spent. The Springfield area also moved two spots to place second for cities outside of Chicago.
- Construction for a new lime lagoon (\$17.5 million) for the CWLP Water Division was completed in October 2023. The new site holds lime byproduct from the water purification process. Building the new lime lagoon is the first step in the utility's efforts to close the Electric Division's ash ponds. This project was funded through the Electric Division's Environmental and Regulatory Initiatives Rebate Fund (ERIRF).
- The Community Development Division of the Office of Planning and Economic Development provided assistance during FY24 utilizing Community Development Block Grant and HOME funds. They were able to assist 23 low income home owners with emergency housing rehabilitation, help with the demolition of a large mill on an 18 acre property that is known to be contaminated with asbestos and lead paint, invested 2 million dollars in low income housing and 1.2 million in street improvements. In addition, they assisted 4 non-profit organizations with public service funds to help create and maintain vital programs in our community and 4 non-profit organizations with public facility funds to help with repairs. The Division also created a one of a kind lead abatement training program to train, certify and license workers to help repair the many homes in our City that contain lead paint that has the potential to poison the residents.
- The Economic Development Division of the Office of Planning and Economic Development successfully administered various grant and incentive programs during FY24. These initiatives, including Tax Increment Financing (TIF) programs, Cannabis grants, and City Wide grants, provided critical support to homeowners and businesses across the community. The home rehab programs, funded through the Far East and Enos Park TIFs and code violation fees (city wide program), assisted nine homeowners with over \$118,000 in assistance. Cannabis grants were awarded to 22 businesses, totaling over \$622,000, to further local economic growth. Additionally, the Far East TIF supported 14 small businesses with \$404,000 in funding and backed two multi-home development projects. Moreover, 11 redevelopment projects received assistance through the Central Area TIF, Enos Park TIF, and SHA Madison Park TIF, showcasing the division's commitment to fostering community development and economic vitality.
- The City Treasurer introduced new payment options on the online portal enhancing user convenience and also collaborated with local banks to secure the most favorable rates of return.

Relevant Financial Policies

The City's Annual Comprehensive Financial Report has been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as set forth by the Governmental Accounting Standards Board (GASB). Significant accounting policies are described in the accompanying notes to the financial statements.

The Office of Budget and Management is responsible for assuring that a system of internal controls exists to safeguard the City's assets and preserve financial integrity and for the fair presentation of the City's financial position and results of operations.

In developing and evaluating the City's accounting control system, consideration is given to the adequacy of internal accounting controls. Accounting control indicates the plan of organization and the procedures and records that are concerned with the safeguarding of assets and the reliability of financial records, and consequently, are designed to provide reasonable assurance that:

- Transactions are executed in accordance with management's general or specific authorization;
- Transactions are recorded as necessary (1) to permit preparation of financial statements in conformity with accounting principles generally accepted in the United States of America or any other criteria such as finance related legal issues and contractual compliance requirements applicable to such statements, and (2) to maintain accountability for assets: and
- Access to assets is permitted only in accordance with management's authority.

The recorded accountability for assets is compared with the existing assets at reasonable intervals, and appropriate action is taken with respect to any difference.

The definition of accounting control means reasonable, but not absolute, assurance that the objectives expressed in it will be accomplished by the system. The concept of reasonable assurance recognizes that the cost of internal controls should not exceed the benefits derived. The benefits consist of reductions in the risk of failing to achieve the objectives implicit in the definition of accounting control.

All internal control evaluations occur within the above framework. We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Certificate of Achievement for Excellence in Financial Reporting

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reports to the City of Springfield, Illinois for its Annual Comprehensive Financial Report for the fiscal year ending February 28, 2023. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Independent Audit

State statutes require an annual audit by independent certified public accountants. The Office of Budget and Management selected Lauterbach & Amen, LLP to perform the annual audit for fiscal year 2024. The auditor's report on the basic financial statements, individual fund statements and required supplementary information is included in the financial section of this report.

Acknowledgements

The preparation of the Annual Comprehensive Financial Report on a timely basis was made possible by the work of the Office of Budget and Management. Each member of the Office of Budget and Management has our sincere appreciation for the contributions made in preparation of this report. The leadership and support of the City Council made preparation of this report possible.

Respectfully Submitted,

INDEPENDENT AUDITOR'S REPORT

October 25, 2024

The Honorable City Mayor Members of the City Council City of Springfield, Illinois

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Springfield (the City), Illinois, as of and for the year ended February 29, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Springfield, Illinois, as of February 29, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison schedules, and supplementary pension and other post-employment benefit (OPEB) schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

City of Springfield, Illinois October 25, 2024

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Springfield, Illinois' basic financial statements. The other supplementary information and supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, other supplementary information and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 25, 2024, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City's internal control over financial reporting and compliance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENTAL AUDITING STANDARDS

October 25, 2024

The Honorable City Mayor Members of the City Council City of Springfield, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Springfield, Illinois, as of and for the year ended February 29, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated October 25, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. According, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of Springfield, Illinois October 25, 2024

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis February 29, 2024

This Management's Discussion and Analysis (MD&A) provides the reader with a narrative overview and analysis of the overall financial position and results of operations for the year ended February 29, 2024, for the City of Springfield. Please read it in conjunction with the transmittal letter which can be found in the introductory section of this report and the City's financial statements, which can be found in the basic financial statements section of this report.

FINANCIAL HIGHLIGHTS

- The City's net position totaled \$325,359,310 on February 29, 2024, which includes \$760,566,650 net investment in capital assets, \$77,581,481 subject to external restrictions, and a deficit of \$512,788,821 in unrestricted net position that may be used to meet the ongoing obligations to citizens and creditors.
- The City's net position increased as a result of this year's operations. Net position of the governmental activities an increase by \$33,008,123, or 20.0 percent and net position of the business-type activities increased by \$43,548,387, or 10.5 percent.
- During the year, government-wide revenues for the primary government totaled \$508,432,376, while expenses totaled \$431,875,866, resulting in an increase to net position of \$76,556,510.
- At the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$101,068,810, a decrease of \$15,590,498 in comparison with the prior year.
- The General Fund reported a decrease this year of \$2,363,409 or 3.5 percent, resulting in ending fund balance of \$65,423,048.
- Beginning net position for business-type activities was restated to correct an error in recognition of leases receivable.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the City as a whole and present a longer-term view of the City's finances. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. The remaining statements provide financial information about activities for which the City acts solely as a trustee or agent for the benefit of those outside of the government.

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the City's finances, in a matter similar to a private-sector business.

The Statement of Net Position reports information on all of the City's assets/deferred outflows and liabilities/ deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the City's property tax base and the condition of the City's infrastructure, is needed to assess the overall health of the City.

Management's Discussion and Analysis February 29, 2024

OVERVIEW OF THE FINANCIAL STATEMENTS - Continued

Government-Wide Financial Statements - Continued

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public health and safety, public works, economic development, highways and streets, and culture and recreation. The business-type activities of the City include electric light and power, water, sewer, cemetery, and parking.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The City maintains twenty-seven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, Motor Fuel Tax, and Capital Improvements Funds, which are considered major funds. Data from the other twenty-four governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for all of the governmental funds, except for the Illinois Municipal Retirement Fund, Local Foreign Fire Insurance Fund, and Oak Ridge Endowment Care Sub-Fund. A budgetary comparison schedule for these funds has been provided to demonstrate compliance with this budget.

Management's Discussion and Analysis February 29, 2024

OVERVIEW OF THE FINANCIAL STATEMENTS - Continued

Proprietary Funds

The City maintains two proprietary fund types: enterprise and internal service. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The City uses enterprise funds to account for its Electric Light and Power, Water, Sewer, Cemetery and Parking System functions. The proprietary fund financial statements provide separate information for the Electric Light and Power and Water Funds, which are considered major funds of the City. The remaining proprietary funds are reported in the aggregate. Individual fund data for each of these non-major enterprise funds is provided in the form of combining statements elsewhere in this report. Internal Service Funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses Internal Service Funds to account for the facility maintenance function, fleet management function, unemployment escrow, and the balance of self-insurance activities. Because these services predominantly benefit government rather than business-type functions, they have been included within governmental activities in the government-wide financial statement.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting use for fiduciary funds is much like that used for proprietary funds.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's I.M.R.F. and police and fire employee pension obligations, other post-employment benefit obligations and budgetary comparison schedules for the General Fund and major special revenue funds.

Management's Discussion and Analysis February 29, 2024

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The following table represents the net position as of February 29, 2024. Net position serves over time as a useful indicator of a government's financial position. The following tables show that assets/deferred outflows exceeded liabilities/deferred inflows by \$325,359,310.

		Net Position							
		Governm	ental	s-Type					
		Activit	ies	Activ	ities	Totals			
		2024	2023	2024	2023	2024	2023

Unrestricted (Deficit)		(461,903,829)	(447,503,133)	(50,884,992)	(75,997,032)	(512,788,821)	(523,500,165)		
Total Net Position		(132,410,828)	(165,418,950)	457,770,138	415,197,194	325,359,310	249,778,244		
1041110110011	_	(152,110,020)	(100,110,200)	157,770,130	110,177,174	323,337,310	217,770,277		

A large portion of the City's net position, \$760,566,650, reflects its investment in capital assets (for example, land, construction in progress, buildings and improvements, land improvements, equipment, vehicles, and infrastructure), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion, \$77,581,481 of the City's net position represents resources that are subject to external restrictions on how they may be used. The remaining deficit of \$512,788,821, represents unrestricted net position and may be used to meet the government's ongoing obligations to citizens and creditors.

Management's Discussion and Analysis February 29, 2024

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

Net position of the City's governmental activities an increase by 20.0 percent (a deficit \$132,410,828 in 2024 compared to a deficit \$165,418,951 in 2023). Unrestricted net position, the part of net position that can be used to finance day-to-day operations without constraints, totaled a deficit of \$461,903,829 at February 29, 2024.

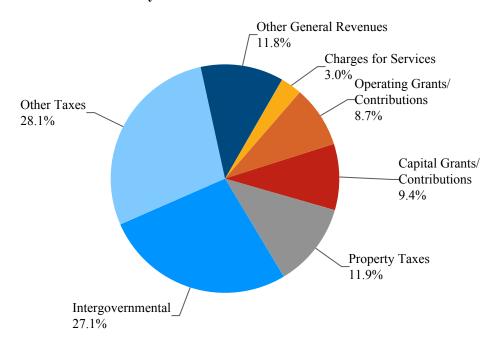

Net position of business-type activities increased by 10.5 percent (\$457,770,138 in 2024 compared to a restated \$414,221,751 in 2023).

Governmental Activities

Revenues for governmental activities totaled \$254,401,405, while the cost of all governmental functions totaled \$228,334,231. This results in a surplus of \$26,067,174 prior to transfers in of \$6,940,949. In 2023, revenues of \$260,445,173 exceeded expenses of \$204,825,534, resulting in a surplus of \$55,619,639 prior to transfers in of \$6,641,680. The surplus decreased from the prior year due to increased costs for public health and safety, \$112,335,772 in 2024 compared to \$107,238,148 in 2023, and highways and streets, \$38,366,476 in 2024 compared to \$36,139,492 in 2023.

The following table graphically depicts the major revenue sources of the City. It depicts very clearly the reliance of intergovernmental revenues to fund governmental activities. It also clearly identifies the less significant percentage the City receives from property taxes.

Revenue by Source - Governmental Activities

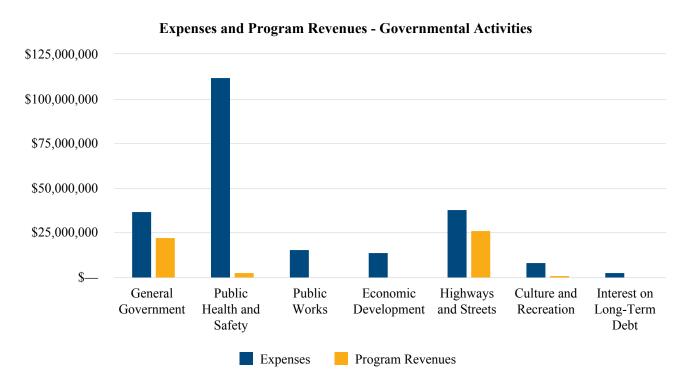

Management's Discussion and Analysis February 29, 2024

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

Governmental Activities - Continued

The 'Expenses and Program Revenues' Table identifies those governmental functions where program expenses greatly exceed revenues.

As depicted in the chart above, general government, public health and safety, public works, economic development, and culture and recreation expenses far exceed any directly allocated revenues. Unlike the Water and Sewer Fund that is supported by user fees, these activities are substantially tax supported.

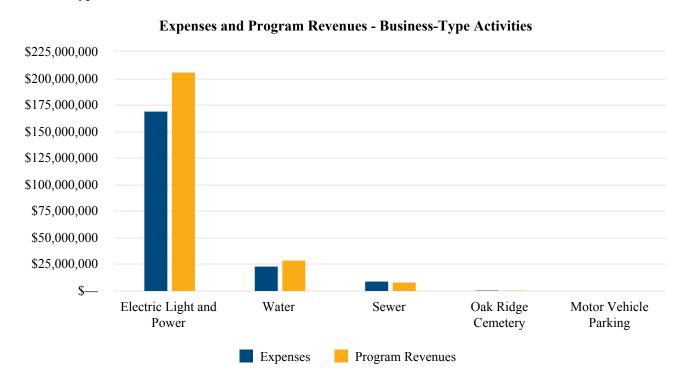

Business-Type Activities

Business-Type activities posted total revenues of \$254,030,971, while the cost of all business-type activities totaled \$203,541,635. This results in a surplus of \$50,489,336, prior to transfers out of 6,940,949. In 2023, expenses of \$243,421,958 exceeded revenues of \$234,794,889, resulting in a surplus of \$8,627,069, prior to transfers out of \$6,641,680. The surplus in 2024 was due to increases in charges for services and other general revenues of \$3,304,123 and \$6,520,048 respectively. Overall, the surplus increased from the prior year due to lower operating expenses, \$203,541,635 in 2024 compared to \$234,794,889 in 2023.

Management's Discussion and Analysis February 29, 2024

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

Business-Type Activities - Continued

The above graph compares program revenues to expenses for the business-type activities.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The City's governmental funds reported combining ending fund balances of \$101,068,810, which is \$15,590,498, or 13.4%, lower than last year's total of \$116,659,308. Of the \$101,068,810 total, \$47,399,986, or approximately 46.9%, of the fund balance constitutes unassigned fund balance.

The General Fund is the chief operating fund of the City. As mentioned earlier, the General Fund reported a decrease in fund balance for the year of \$2,363,409, which is a decrease of 3.5%. This was primarily due to an increase in expenses of \$21,405,649. Public Health and Safety and Capital Outlay expenditures increased \$7,736,644 and \$8,133,278, respectively, from the prior year.

Management's Discussion and Analysis February 29, 2024

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS - Continued

Governmental Funds - Continued

Unassigned fund balance in the General Fund was \$62,662,497, which represents 95.8% of the total fund balance of the General Fund. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance in the General Fund represents approximately 37.0% of total General Fund expenditures.

The Motor Fuel Tax Fund is a major special revenue fund of the City. At the end of the current fiscal year, the Motor Fuel Tax Fund reported a decrease in fund balance of \$13,570,860 and ending deficit fund balance of \$14,844,999. On a budgetary basis the fund would not show a negative ending position, however, audit accruals for pending invoices from the Illinois Department of Transportation to the City created a deficit fund balance.

The Capital Improvements Fund is a major capital projects fund of the City. At the end of the current fiscal year, the Capital Improvements Fund reported an increase in fund balance of \$2,322,769 to an ending fund balance of \$30,346,018. The Capital Improvement Fund houses budgetary authority for various capital projects. An increase in fund balance represents the planned use of fund balance for various capital infrastructure activities approved by the City Council.

Proprietary Funds

The City's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail.

The City reports the Electric Light and Power Fund and Water Fund as a major proprietary funds.

The Electric Light and Power Fund's net position increased by \$30,923,617 and the net position of the Water Fund increased by \$9,870,744 for 2024.

The Electric Light and Power Fund operating income increased \$27,419,299.00 or 50% due to actuarial adjustments to IMRF and OPEB accruals.

The Water Fund operating income increased \$4,971,646.00 or 63% due to due to actuarial adjustments to IMRF and OPEB accruals.

Management's Discussion and Analysis February 29, 2024

GENERAL FUND BUDGETARY HIGHLIGHTS

The City Council approved General Fund budgetary amendments totaling \$13,716,739 for FY 2024. The largest single budgetary amendment was in the Fire Department personal services cost center. General Fund actual revenues for the year totaled \$165,174,275, compared to budgeted revenues of \$183,015,723. All other revenue categories were over budget by \$6.7M.

General Fund actual expenditures for the year were \$46,443,731 lower than budgeted (\$169,544,097 actual compared to \$215,987,828 budgeted) due to lower than expected actual costs in the areas of public health and safety and general government. Lower than expected expenses are largely attributable to difficulty in hiring replacement staff for vacated positions. Project expenditure delays also contributed towards lower actual costs.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The City's investment in capital assets for its governmental and business type activities as of February 29, 2024 was \$1,343,152,311 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings and improvements, land improvements, equipment, vehicles, and infrastructure.

Moody's Investors Service upgraded the city's bond rating from A3 to A2 in March 2024. Improved operations which have bolstered the city's reserves were cited as the primary reason for the rating adjustment.

Additional information on the City's long-term debt can be found in Note 3 of this report.

Management's Discussion and Analysis February 29, 2024

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The City of Springfield prepared the FY 2025 budget with the following factors in mind:

- The FY 2025 budget preparation began in October 2023 when the Office of Budget & Management instructed City agencies to prepare a baseline/maintenance budget with attention to re-appropriation for unfinished projects as well as new initiatives.
- The lingering effects of inflation and high interest rates continue to be a factor in Springfield's local economy.
- The FY 2025 budget includes extensive use of Corporate Fund balance and American Rescue Plan Act
 dollars for a multitude of projects, including construction of 3 new fire houses, lead water line
 replacement, and sewer repairs.
- Aggressive review of budget requests and early financial planning and implementation remains critical in preserving healthy fund balance.
- Springfield's economy remained relatively stable for the past several years until recently, largely due to the pandemic. The local economy continues to rebound to its pre-pandemic level. The unemployment rate has remained within a stable with range with February 2024 rate of 4.8% compared to the February 2023 rate of 4.5%.

REQUESTS FOR INFORMATION

This financial report is designed provide citizens, customers, investors and creditors and for all those with an interest in the government's finances, a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. Questions concerning this report or requests for additional financial information should be directed to Ramona M. Metzger, Director, Office of Budget & Management, City of Springfield, Room 210, Municipal Center West, Springfield, Illinois 62701.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

Government-Wide Financial Statements

Fund Financial Statements

Governmental Funds

Proprietary Funds

Fiduciary Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

Reconciliation of the Total Governmental Fund Balance to the Statement of Net Position - Governmental Activities

February 29, 2024

Total Governmental Fund Balances	\$	101,068,810
Amounts reported for governmental activities in the Statement of Net Position are different because:		
Capital assets used in Governmental Activities are not financial resources and therefore, are not reported in the funds.		388,631,134
Internal service funds are used by the City to charge the costs of insurance and supporting services to individual funds.		
The assets and liabilities of the internal service funds are included in the governmental activities in the Statement of Net Position.		6,130,891
A net pension asset is not considered to represent a financial resource and therefore is not reported in the funds.		
Net Pension Asset - SLEP		38,950
Deferred outflows (inflows) of resources related to the pensions not reported in the funds.		
Deferred Items - IMRF		14,824,218
Deferred Items - SLEP		12,322
Deferred Items - Police Pension		(16,616,138)
Deferred Items - Firefighter's Pension		(12,525,154)
Deferred Items - RBP		(36,601,581)
Certain revenues that are deferred in the governmental funds are recognized as revenue		
in the governmental activities.		22,568,000
Long-term liabilities are not due and payable in the current		
period and therefore are not reported in the funds.		
Compensated Absences Payable		(7,174,286)
Net Pension Liability - IMRF		(20,826,399)
Net Pension Liability - Police Pension		(183,350,931)
Net Pension Liability - Firefighter's Pension	((176,912,828)
Total OPEB Liability - RBP	((133,361,383)
General Obligation Bonds Payable		(48,310,000)
Tax Increment Financing Bonds Payable		(17,081,403)
Unamortized Bond Premium		(3,943,883)
Installment Contracts Payable		(8,057,762)
Accrued Interest Payable		(923,405)
Net Position of Governmental Activities	((132,410,828)

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of the Governmental Funds to the Statement of Activities - Governmental Activities For the Fiscal Year Ended February 29, 2024

Net Change in Fund Balances - Total Governmental Funds	\$ (15,590,498)
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the	
Statement of Activities the cost of those assets is allocated over their estimated	
useful lives and reported as depreciation expense.	
Capital Outlays	48,522,082
Depreciation Expense	(10,746,719)
Disposals - Cost	(155,957)
Disposals - Accumulated Depreciation	148,185
Internal service funds are used by the City to charge the costs of insurance and supporting	
services to individual funds. The net revenue of certain activities of internal service funds is	
reported with governmental activities.	(852,271)
The net effect of deferred outflows (inflows) of resources related	
to the pensions not reported in the funds.	
Change in Deferred Items - IMRF	(4,510,244)
Change in Deferred Items - SLEP	(4,872)
Change in Deferred Items - Police Pension	(25,200,461)
Change in Deferred Items - Firefighter's Pension	(13,713,904)
Change in Deferred Items - RBP	19,975,281
A deduction to certain revenues recognized as revenue only in the governmental funds.	(636,055)
The issuance of long-term debt provides current financial resources to	
governmental funds, while the repayment of the principal on long-term	
debt consumes the current financial resources of the governmental funds.	
Change in Compensated Absences	(780,590)
Change in Net Pension Liability/(Asset) - IMRF	9,725,093
Change in Net Pension Liability/(Asset) - SLEP	15,293
Change in Net Pension Liability - Police Pension	25,743,415
Change in Net Pension Liability - Firefighter's Pension	15,808,296
Change in Total OPEB Liability - RBP	(23,015,021)
Retirement of Debt	7,564,819
Amortization of Bond Premium	646,631
Changes to accrued interest on long-term debt in the Statement of Activities	
does not require the use of current financial resources and, therefore, are not	
reported as expenditures in the governmental funds.	 65,620
Changes in Net Position of Governmental Activities	 33,008,123

Notes to the Financial Statements February 29, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Springfield, Illinois (the City) was incorporated in 1838. The City operates under a mayoral/aldarmanic form of government and provides the following services: police and fire safety, highways and street maintenance and reconstruction, public improvements, economic development, planning and zoning, waterworks services, sewerage services, electrical power services, parking system services, and general adminsitrative services.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the City's accounting policies established in GAAP and used by the City are described below.

REPORTING ENTITY

The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is both legally and substantively separate from the government. Management has determined that there are two fiduciary component units that are required to be included in the financial statements of the City as pension trust funds and there are no discretely component units to include in the reporting entity.

Police Pension Employees Retirement System

The City's sworn police employees participate in the Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. The pension board is comprised of two members elected from active participants of the fund, one elected pension beneficiary of the fund and two members appointed by the City Mayor, with the advice and consent of the Board of Trustees. The participants are required to contribute a percentage of salary as established by Illinois statute and the City is obligated to fund all remaining PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the City is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it is legally separate from the City, the PPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the City's police employees. The PPERS is reported as a fiduciary fund, and specifically a pension trust fund, due to the fiduciary responsibility exercised over the PPERS.

Firefighters' Pension Employees Retirement System

The City's sworn firefighters participate in the Firefighters' Pension Employees Retirement System (FPERS). FPERS functions for the benefit of those employees and is governed by a five-member pension board, with two members appointed by the City Mayor, two elected from active participants of the Fund, and one elected from the retired members of the Fund. The participants are required to contribute a percentage of salary as established by state statute and the City is obligated to fund all remaining FPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the City is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it is legally separate from the City, the FPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the City's sworn firefighters. The FPERS is reported as a fiduciary fund, and specifically a pension trust fund, due to the fiduciary responsibility exercised over the FPERS.

Notes to the Financial Statements February 29, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION

Government-Wide Statements

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The City's general government, public health and safety, public works, economic development, highways and streets, and culture and recreation services are classified as governmental activities. The City's electric, water, sewer, cemetery, and parking services are classified as business-type activities.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are: (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The City's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The City first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the City's functions and business-type activities (general government, public health and safety, public works, etc.). The functions are supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, licenses, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (general government, public health and safety, public works, etc.) or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property tax, home rule sales tax, intergovernmental revenues, interest income, etc.).

The City does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, etc.).

This government-wide focus is more on the sustainability of the City as an entity and the change in the City's net position resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the City are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories.

Notes to the Financial Statements February 29, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Fund Financial Statements - Continued

GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows, liabilities/deferred inflows, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The City electively added funds, as major funds, which either had debt outstanding or specific community focus. The nonmajor funds are combined in a column in the fund financial statements. A fund is considered major if it is a primary operating fund of the City or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the City:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the City:

General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is a major fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The City maintains one major special revenue fund, the Motor Fuel Tax Fund, which is used to account for the City's motor fuel tax allotment from the state and expenditures for street improvements and operating transfers for the retirement of special assessment bonds. Additionally, the City maintains twenty-one nonmajor special revenue funds.

Debt Service Funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The City does not maintain any debt service funds.

Capital Projects Funds are used to account for all financial resources used for the acquisition or construction of major capital facilities, equipment, and capital asset replacement (other than those financed by business-type/proprietary funds). The City maintains one major capital projects fund, the Capital Improvements Fund, which is used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds. Additionally, the City maintains four nonmajor capital projects funds.

Notes to the Financial Statements February 29, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Fund Financial Statements - Continued

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the City.

Enterprise Funds are required to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The Electric Light and Power Fund, a major fund, accounts for the production, transmission, and distribution of electricity in the City and certain nearby municipalities. The Water Fund, a major fund, accounts for the collection, purification, and distribution of water in the City and certain nearby municipalities. Additionally, the City maintains three nonmajor enterprise funds.

Internal Service Funds are used to account for the financing of goods or services provided by an activity to other departments, funds or component units of the City on a cost-reimbursement basis. The City maintains three internal service funds which account for health insurance, workers compensation claims, sick payouts, sick sell back, property casualty and liability insurance, building and grounds maintenance, fleet maintenance, and unemployment compensation insurance services provided to other departments or agencies of the government. The City's internal service funds are presented in the proprietary funds financial statements. Because the principal users of the internal services are the City's governmental activities, the financial statements of the internal service funds are consolidated into the governmental column when presented in the government-wide financial statements. To the extent possible, the cost of these services is reported in the appropriate functional activity (general government, public health and safety, public works, etc.).

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or custodial capacity for others and therefore are not available to support City programs. The reporting focus is on net position and changes in net position and is reported using accounting principles similar to proprietary funds.

Pension Trust Funds are used to account for assets held in a trustee capacity for pension benefit payments. The Police Pension Fund accounts for the accumulation of resources to pay retirement and other related benefits for sworn members of the City's police force. The Firefighters' Pension Fund accounts for the accumulation of resources to pay retirement and other related benefits for sworn members of the City's Fire Department.

The City's pension trust funds are presented in the fiduciary fund financial statements. Since by definition these assets are being held for the benefit of a third party (pension participants and others) and cannot be used to address activities or obligations of the City, these funds are not incorporated into the government-wide statements.

Notes to the Financial Statements February 29, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus as defined below. In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/ deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All proprietary and pension trust funds utilize an "economic resources" measurement focus. The accounting objectives of the "economic resources" measurement focus is the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows, liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported. Proprietary and pension trust fund equity is classified as net position.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The City recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues, except for sales taxes and utility taxes which use a ninety-day period. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for expenditures related to compensated absences, claims and judgments, general obligation bond principal and interest, and pension and other post-employment benefits, which are recognized when due.

Franchise taxes, Personal Property and Replacement taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual in the fund financial statements as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Notes to the Financial Statements February 29, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING - Continued

Basis of Accounting - Continued

Property taxes are recognized as revenues in the year for which they are budgeted. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

All proprietary and pension trust funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds and of the City's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

Cash and cash equivalents on the Statement of Net Position are considered to be cash on hand, demand deposits, cash with fiscal agent. For the purpose of the proprietary funds "Statement of Cash Flows," cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Restricted Cash and Investments

Certain proceeds of bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by bond covenants.

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents a consumption/acquisition of net assets/net position that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Notes to the Financial Statements February 29, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Internal service fund services provided and used are not eliminated in the process of consolidation. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes, sales and use taxes, franchise taxes, and grants. Business-type activities report charges for services as their major receivables.

Notes Receivable

Notes receivable are loans made through housing rehabilitation and economic development programs under the terms of mortgage-secured installment notes. The terms of the notes are one to ten years. Notes are classified as interest bearing with ranges from 0 percent per year to 5.0 percent per year. Notes receivable that are not available as current financial resources are offset by deferred inflow of resources.

Prepaids/Inventories

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements. Prepaids/inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type prepaids/inventories are recorded as expenditures when consumed rather than when purchased.

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets, are reported in the applicable columns in the government-wide financial statements and in the proprietary funds financial statements. Capital assets are defined by the City, as equipment and vehicles with an initial, individual cost of more than \$15,000 (\$5,000 threshold for capital assets purchased with grant funds), construction, infrastructure and improvement of more than \$50,000 and intangible assets of \$100,000 or more and an estimated useful life in excess of one year. Capital assets are defined by Electric Light and Power and Water Funds, as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost if purchased or constructed.

Notes to the Financial Statements February 29, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Capital Assets - Continued

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the City as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. Infrastructure such as streets, traffic signals and signs are capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets are the same as those used for the general capital assets. Donated capital assets are capitalized at estimated acquisition value on the date donated.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Buildings and Improvements 15 - 50 Years
Equipment 3 - 50 Years
Infrastructure 10 - 100 Years

Compensated Absences

Employees are granted vacation and sick leave benefits in varying amounts based on tenure. In the event of termination, a nonunion employee is paid for accumulated vacation days up to a maximum of two years vacation accrual. A union employee takes vacation per the union contract. Union employees may accumulate sick leave per the union contract to be paid upon death or retirement. Nonunion employees may accumulate an unlimited number of days of sick leave. A portion of accumulated sick leave is to be paid upon death or retirement as decided by the Springfield City Council. No sick leave is paid upon termination. An actuarially determined liability is recognized for that portion of accumulated sick leave benefits estimated to be payable upon death or retirement.

Accumulated unpaid vacation leave, related to governmental fund activities, that is expected to be paid with expendable available financial resources, is reported as an expenditure and as a liability of the governmental fund that will pay it. Amounts of accumulated unpaid vacation leave that are not expected to be paid with expendable available financial resources are reported in the government-wide statements. A liability for these amounts is reported in governmental funds only if they have matured, for example as a result of employee resignations and retirements. The liabilities for all accrued sick leave benefits expected to be paid at death or retirement are recorded in an Internal Service Fund, except for the portions applicable to the Electric Light and Power and Water Funds, which are recorded in each respective fund. The actuarial determination of the liability for sick leave has been funded by charges to other funds by an Internal Service Fund which will ultimately pay the liability when due. Accumulated unpaid vacation benefits for proprietary funds are recorded in those funds when earned.

Notes to the Financial Statements February 29, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets - Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted - All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund, certain Special Revenue Funds, the Capital Improvement Fund and the Capital Projects Funds. Any encumbrances still open as of the year-end lapse must be reappropriated in the budget of the subsequent year.

Any encumbrances remaining at the end of the fiscal year that represent projects and/or program costs which will be remitted in subsequent fiscal years are carried into the next fiscal year. These encumbrances represent a reservation of the new year's appropriation authority. Appropriation authority held for projects and/or programs that are complete are released and become part of fund balance.

Notes to the Financial Statements February 29, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumption that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- Prior to February 28/29, the Director of the Office of Budget and Management submits to the City Council, a proposed operating budget for the fiscal year commencing March 1. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted to obtain taxpayer comments.
- Prior to March 1, the budget is legally enacted through passage of an ordinance.
- The level of budgetary control is by major object within each fund.
- The department head responsible for approval of transfers, certifies the transfer is necessary and transmits a copy of the approval so that the Director of the Office of Budget and Management may record the transfers. The sum of such transfers cannot exceed 2 percent of the total appropriation within specified major objects. Budgeted amounts may be transferred between line items within a department within a fund; however, any revisions that alter total departmental expenditures of any fund must be approved by the City Council. Unexpended appropriations remaining at year-end lapse, rolled, or re-appropriated in the next fiscal year.
- Supplemental budgetary appropriations were necessary during the fiscal year ended February 29, 2024. Supplemental appropriations totaled \$42,099,652.
- Budgets are adopted on the modified accrual basis of accounting for the General Fund, Special Revenue Funds, Oak Ridge Cemetery Operating Fund, Motor Vehicle Parking System, Sewer, Debt Service Funds and the Capital Projects Funds, except for the Illinois Municipal Retirement Fund, Local Foreign Fire Insurance Fund, and Oak Ridge Endowment Care Sub-Fund.
- Budgets are also adopted in accordance with revenue bond ordinances for the following Enterprise Funds: Water, and Electric Light and Power. The Water and Electric Light and Power budgets are adopted on the accrual basis.

Notes to the Financial Statements February 29, 2024

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - Continued

EXCESS OF ACTUAL EXPENDITURES OVER BUDGET IN INDIVIDUAL FUNDS

The following funds had an excess of actual expenditures over budget for the fiscal year:

Fund	Excess	
Illinois Municipal Retirement	\$ 1,588,173	

DEFICIT FUND BALANCE

The following funds had deficit fund balance as of the date of this report:

Fund		Deficit		
Motor Fuel Tax	\$	14,844,999		
ENOS Park TIF Project		417,512		

NOTE 3 - DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The City maintains a cash and investment pool that is available for use by all funds except the pension trust funds. Each fund type's portion of this pool is displayed on the financial statements as "cash and investments." In addition, investments are separately held by several of the City's funds. The deposits and investments of the pension trust fund are held separately from those of other funds.

Permitted Deposits and Investments - Illinois Statutes authorizes the City to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, and local government investment pools.

Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. The Illinois Funds is not registered with the SEC as an investment company. Investments in Illinois Funds are in 2a7-like investment pools that are measured at the net asset value per share determined by the pool.

Notes to the Financial Statements February 29, 2024

NOTE 3 - DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS - Continued

City

Deposits. At year-end, the carrying amount of the City's deposits for governmental and business-type totaled \$264,288,440 and the bank balances totaled \$267,684,502.

Investments. The City has the following investment fair values and maturities at year-end:

	_	Investment Maturities (in Years)			
	Fair	Less Than			More Than
Investment Type	Value	1	1-5	6-10	10
U.S. Agency Securities	\$ 11,757	_	109	11,233	415

NOTE 3 - DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS - Continued

City - Continued

Investments - Continued. Debt Securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the City limits its exposure to interest rate risk not directly investing in securities with maturities of greater than five years three months from the date of purchase. Reserve funds, however, may be invested in securities exceeding five years three months if the maturity of such investments is made co coincide as nearly as practicable with the expected use of funds. In accordance with the master revenue bond ordinance, the Electric Light and Power Fund limits investments to those with a maturity of ten years or less.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City's investment policy does not specifically address credit risk for investments. At year-end, the City's investments in the U.S. agency securities are not rated, the corporate bonds were rated A to BBB by Standard & Poor's and the Illinois Funds were rated AAA by Fitch Ratings.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's investment policy requires that deposits with financial institutions be collateralized at 105% of the market value of the principal and interest of the deposit. Collateral for any deposit over the FDIC insurance maximum is limited to the limits provided in the Illinois Public Funds Investment Act, 30 ILCS 235/1 et sq. At year-end, the entire carrying amount of the bank balance of deposits is covered by federal depository or equivalent insurance.

For an investment, this is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's investment policy requires all security transactions entered into by the City be conducted on a delivery versus payment basis. Securities are held by a third party custodian, designated by the City Treasurer and evidenced by a safekeeping receipt. The investment in the Illinois Funds is not subject to custodial credit risk.

Concentration of Credit Risk. This is the risk of loss attributed to the magnitude of the City's investment in a single issuer. The City investment policy calls for diversification of its investments by security type and institution. With the exception of U.S. Treasury notes and authorized pools, no more than 50 percent of the City's total investment portfolio will be invested in a single security type or with a single financial institution. At yearend, the City does not have any investments over 50 percent of cash and investments (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

DEPOSITS AND INVESTMENTS - Continued

Police Pension Fund

The Illinois Police Officers Pension Investment Fund (IPOPIF) is an investment trust fund responsible for the consolidation and fiduciary management of the pension assets of Illinois suburban and downstate police pension funds. IPOPIF was created by Public Act 101-0610, and codified within the Illinois Pension Code, becoming effective January 1, 2020, to streamline investments and eliminate unnecessary and redundant administrative costs, thereby ensuring assets are available to fund pension benefits for the beneficiaries of the participating pension funds. Participation in IPOPIF by Illinois suburban and downstate police pension funds is mandatory. Investments of the Fund are combined in a commingled external investment pool and held by IPOPIF. A schedule of investment expenses is included in IPOPIF's annual comprehensive financial report. For additional information on IPOPIF's investments, please refer to their annual comprehensive financial report, which can be obtained from IPOPIF at 456 Fulton Street, Suite 402 Peoria, Illinois 61602 or at www.ipopif.org.

Deposits. The Fund retains all its available cash with one financial institution. Available cash is determined to be that amount which is required for the current expenditures of the Fund. The excess of available cash is required to be transferred to IPOPIF for purposes of the long-term investment for the Fund. At year-end, the carrying amount of the Fund's cash on hand totaled \$7,805,691 and the bank balances totaled \$7,805,691.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Fund's deposits may not be returned to it. To limit its exposure, the Plan has a third-party custodian acting as the Plan's agent to safe-keep the assets of the Plan. All assets are held in the name of the Plan. At year-end, the entire carrying amount of the bank balance of deposits is covered by federal depository or equivalent insurance.

Investments. At year-end the Fund has \$206,051,096 invested in IPOPIF, which is measured at the Net Asset Value (NAV) per share as determined by the pool. The pooled investments consist of the investments as noted in the target allocation table available at www.ipopif.org. Investments in IPOPIF are valued at IPOPIF's share price, which is the price the investment could be sold. There are no unfunded commitments at year-end. The fund may redeem shares with a seven calendar day notice. IPOPIF may, at its sole discretion and based on circumstances, process redemption requests with fewer than a seven calendar day notice. Regular redemptions of the same amount on a particular day of the month may be arranged with IPOPIF.

Investment Policy. IPOPIF's current investment policy was adopted by the Board of Trustees on December 17, 2021. IPOPIF is authorized to invest in all investments allowed by Illinois Compiled Statutes (ILCS). The IPOPIF shall not be subject to any of the limitations applicable to investments of pension fund assets currently held by the transferor pension funds under Sections 1-113.1 through 1-113.12 or Article 3 of the Illinois Pension Code.

Rate of Return. For the year ended February 29, 2024, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 8.52%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Firefighters' Pension Fund

The Illinois Firefighters' Pension Investment Fund (IFPIF) is an investment trust fund responsible for the consolidation and fiduciary management of the pension assets of Illinois suburban and downstate firefighter pension funds. IFPIF was created by Public Act 101-0610, and codified within the Illinois Pension Code, becoming effective January 1, 2020, to streamline investments and eliminate unnecessary and redundant administrative costs, thereby ensuring assets are available to fund pension benefits for the beneficiaries of the participating pension funds. Participation in IFPIF by Illinois suburban and downstate firefighter pension funds is mandatory. Investments of the Fund are combined in a commingled external investment pool and held by IFPIF. A schedule of investment expenses is included in IFPIF's annual report. For additional information on IFPIF's investments, please refer to their annual comprehensive financial report, which can be obtained from IFPIF at 1919 South Highland Avenue, Building A, Suite 237, Lombard, IL 60148 or at www.ifpif.org.

Deposits. The Fund retains all its available cash with one financial institution. Available cash is determined to be that amount which is required for the current expenditures of the Fund. The excess of available cash is required to be transferred to IFPIF for purposes of the long-term investment for the Fund. At year-end, the carrying amount of the Fund's cash on hand totaled \$3,715,633 and the bank balances totaled \$3,823,725.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Fund's deposits may not be returned to it. The Fund's investment policy does not specifically address custodial credit risk. To limit its exposure, the Fund has a third party custodian acting as an agent to safe-keep the assets of the funds. At year-end, the entire carrying amount of the bank balance of deposits is covered by federal depository or equivalent insurance.

Investments. At year-end the Fund has \$171,874,613 invested in IFPIF, which is measured at the Net Asset Value (NAV) per share as determined by the pool. The pooled investments consist of the investments as noted in the target allocation table available at www.ifpif.org. Investments in IFPIF are valued at IFPIF's share price, which is the price the investment could be sold. There are no unfunded commitments at year-end. The plan may redeem shares by giving notice by 5:00 pm central time on the 1st of each month. Requests properly submitted on or before the 1st of each month will be processed for redemption by the 14th of the month. Expedited redemptions may be processed at the sole discretion of IFPIF.

Investment Policy. IFPIF's current investment policy was adopted by the Board of Trustees on June 17, 2022. IFPIF is authorized to invest in all investments allowed by Illinois Compiled Statutes (ILCS). The IFPIF shall not be subject to any of the limitations applicable to investments of pension fund assets currently held by the transferor pension funds under Sections 1-113.1 through 1-113.12 or Article 4 of the Illinois Pension Code.

Rate of Return. For the year ended February 29, 2024, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 13.71%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

LEASES RECEIVABLE

The City has entered into 787 lease agreements as lessor for certain parcels of land. An initial leases receivable balance was recorded in the amount of \$17,973,819 during the current fiscal year. The City applied an incremental borrowing rate of 3.08 percent as the interest rate for the right-to-use land lessor agreements. During the fiscal year, the Water Fund has recognized \$1,387,177 of lease revenue. The leases expire at various dates through fiscal year 2123.

TAXES RECEIVABLE

A summary of taxes receivable in governmental activities as of February 29, 2024 follows:

		Motor	Capital	Nonmajor	
	General	Fuel Tax	Improvements	Governmental	Total
Property Tax	\$ 25,747,398		_	7,377,120	33,124,518

Nonmajor Governmental	General		214,846	
Nonmajor Governmental	Electric Light and Power		187,359	
Electric Light and Power	General		282,996	
Electric Light and Power	Nonmajor Governmental		120	
Electric Light and Power	Water		4,000,000	*
Electric Light and Power	Nonmajor Business-Type		530	
Electric Light and Power	Internal Service		834	
Water	General		733,541	
Water	Nonmajor Governmental		5,956	
Water	Electric Light and Power		12,479	
Water	Nonmajor Business-Type		30	
Water	Internal Service		34,178	
Nonmajor Business-Type	General		183,482	
Nonmajor Business-Type	Electric Light and Power		2,690,751	*
Nonmajor Business-Type	Nonmajor Business-Type		90,545	
Internal Service	Electric Light and Power		15,486	
Internal Service	Water		868,034	-
			10,508,188	=

^{*}Due to timing issues between receipts of revenue sources and necessary cash outflows.

PROPERTY TAXES

Property taxes for 2024 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by Sangamon County and are payable in two installments, on or about June 1, and September 1. The County collects such taxes and remits them periodically. The allowance for uncollectible taxes has been stated at 1% of the tax levy, to reflect actual collection experience.

		515,200,000		18,905,000	496,295,000

Asset Retirement Obligation

The City has recognized an asset retirement obligation (ARO) and related deferred outflow of resources in connection with its obligation for the closure of existing lime ponds, the Dallman ash pond and the Lakeside ash pond at the end of their estimated useful lives in accordance with federal, state, and/or local requirements. The ARO was measured using actual historical costs for similar abandonments, adjusted for inflation through the end of the year. The estimated remaining useful lives of the lime ponds, the Dallman ash pond and the Lakeside ash pond are approximately four years.

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

LONG-TERM DEBT - Continued

Long-Term Liabilities Activity - Continued

For the governmental activities, payments on the compensated absences, net pension liabilities/(assets), and other post-employment benefits are made by the General Fund. Payments on general obligation bonds are liquidated by the Capital Improvements Fund. Payments on the Tax Increment Financing Bonds are made by the South Central Business District Fund. Payments on the capital leases are made by the Capital Equipment Fund. Payments on claims and judgments are made by the Self Insurance Fund.

Additionally, for business-type activities, the compensated absences, net pension liabilities, total OPEB liabilities are made by the Electric Light and Power Fund, Water Fund, Sewer Fund, Oak Ridge Cemetery Fund, and Motor Vehicle Park System Fund. The revenue bonds are being paid by the Electric Light and Power Fund and Water Fund. The IEPA loans are being paid by the Water Fund and Sewer Fund and the asset retirement obligation is liquidated by the Electric Light and Power Fund.

Legal Debt Margin

Article VII, Section 6(k) of the 1970 Illinois Constitution governs the computation of legal debt margin. "The General Assembly may limit by law the amount and require referendum approval of debt to the incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property...(2) if its population is more than 25,000 and less than 500,000 an aggregate of one percent: indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum...shall not be included in the foregoing percentage amounts." To date the Illinois General Assembly has set no limits for home rule municipalities. The City is a home rule municipality.

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

FUND BALANCE CLASSIFICATIONS

In the governmental funds financial statements, the City considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The City first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Trustees; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the City Council' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the City Council itself or b) a body or official to which the City Council has delegated the authority to assign amounts to be used for specific purposes. The City's highest level of decision-making authority is the City Council, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The City's fund balance policy states the unassigned fund balance of the General Fund should be a minimum of 8% of the total annual appropriations.

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the City's employees; and natural disasters.

The City is self-insured for medical benefits. When a probable medical claim liability has been incurred at year-end, and the amount of such claims can be reasonably estimated, the City records the estimated amount in its Self-Insurance Fund. The claim liability includes claims incurred and unpaid and an estimation for claims incurred but not reported (IBNR), based on historical data. Rates are developed annually to fund the medical self-insurance program, both claims and administrative costs, in an Internal Service Fund. All funds and departments of the City are charged monthly thereafter. The annual cost of this medical program is recorded as an operating cost in both the governmental funds and proprietary funds. The City is also self-insured for certain general liability claims and for workers' compensation claims. Resources are available and reserved as of February 29, 2024, to pay these estimated claims, including those incurred but not reported.

The City is required by bond ordinance to maintain insurance for the utility systems of the kinds and in the amounts customarily carried by private parties operating similar properties; provided, however, that the City may self-insure over all or a part of such risks by establishing reasonable reserves or budgetary provisions. The City uses a combination of insurance policies and self-insurance to comply with the provisions of the bond ordinance. The City has a property coverage contract with ACE American Insurance, National Union Fire Insurance Company of Pittsburgh, Pa., Princeton Excess and Surplus Lines Insurance Company, Lloyd's of London, and Lloyd's StarStone, all of which provides property insurance coverage for the facilities of the utility system. This contract which expires on July 14, 2022 has a liability limit of \$350,000,000. Settlement amounts have not exceeded insurance coverage for the current and three prior fiscal years. In addition, the City has established, within the General Account of the Electric Light and Power Fund and Water Fund, the Insurance Reserve Accounts which are used to pay for losses incurred by the System which are not covered by insurance policies and are less than \$900,000. As of February 29, 2024, the amount on deposit in the Electric Insurance Reserve Account was \$1,146,559 and the Water Insurance Reserve Account was \$1,085,189. The Electric Light and Power and Water Funds pay actual workers' compensation claims by reimbursing the Self-Insurance Fund.

Changes in the balances of claims liabilities are as follows:

	2024	2023
Claims Payable - Beginning	\$ 10,423,238	10,151,061
Incurred Claims	45,876,867	40,850,716
Claims Paid	(43,752,389)	(40,578,539)
Claims Payable - Ending	 12,547,716	10,423,238

Notes to the Financial Statements February 29, 2024

NOTE 4 - OTHER INFORMATION

COMMITMENTS

The City participates in a number of federal financial assistance programs, principal of which are the National Infrastructure Investment Grant and the Community Development Block Grant and Rental Subsidy programs. Although the City grant programs have been audited through February 29, 2024 in accordance with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), these programs are still subject to financial and compliance audits and resolution of any previously identified questioned costs. The amounts, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

By ordinance, the City is required to annually provide \$100,000 from hotel-motel taxes for operations of the Springfield Metropolitan Exposition and Auditorium Authority (SMEAA).

City Council approved a Resource Management Agreement with The Energy Authority (TEA), giving TEA the exclusive right to market the City's excess generation capacity, effective March 1, 2003. Under this agreement, the City pays a monthly resource management fee to TEA. The City paid resource management fees of \$891,102 to TEA during the year ended February 29, 2024.

The City is a transmission-owning member of Midcontinent Independent System Operator (MISO) and participates in the energy market operated by MISO (the "MISO Energy Market") under a Resource Management Agreement with TEA. The City has designated TEA to be the Market Participant for the transaction of power sales and purchases in the MISO Energy Market on behalf of the City. The MISO Energy Market consists of both Day Ahead and Real Time energy markets. Participation in the MISO Energy Market gives the System the ability to offer excess generating capacity for sale into the MISO Energy Market and also provides the opportunity for economical power purchases to accommodate the System's native load needs at certain times of the year. Net (purchases) sales to MISO totaled (\$9,041,002) for the year ended February 29, 2024. Net sales to MISO are included with operating revenues.

The City utilizes encumbrance accounting to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At fiscal year end the amount of encumbrance expected to be honored upon performance by the vendor in the next fiscal year were as follows:

General	\$ 2,601,583
Motor Fuel Tax	10,086,186
Capital Improvements	157,647
Nonmajor Governmental	957,365
Nonmajor Enterprise	3,217,300
Total	17,020,081

The City is party to several arbitrations regarding union employees. These cases are either awaiting a decision from the arbitrator or in the early discovery stages. Any potential liabilities have been considered in the general liability of the City.

Notes to the Financial Statements February 29, 2024

NOTE 4 - OTHER INFORMATION - Continued

COMMITMENTS - Continued

The Police Pension and Springfield Firefighters' Pension Plans are subject to a program compliance audit by the Illinois Department of Insurance. The compliance audit for the year ended February 29, 2024 is underway. Accordingly, the Plans' compliance with applicable requirements will be established at some future date. The amount of adjustments, if any, to be made by the Illinois Department of Insurance cannot be determined at this time although the Plans expect such amount, if any, to be immaterial.

ECONOMIC DEVELOPMENT BONDS

The City has approved Economic Development Bonds, Hospital Bonds and Mortgage Bonds in favor of several corporations and homeowners. The purpose of these bond issues is to acquire and construct facilities for these entities' use in their operations and to provide low interest mortgage loans to homeowners. The economic costs of the bond issues are paid by the individual corporations and homeowners. As provided in the ordinance authorizing the issuance of the bonds, the City has no liability, as the following describes: "No holder or holders of any of the bonds shall have any right to compel any exercise of the taxing power of the City to pay the bonds or the interest or premium, if any, thereon, and said bonds shall not constitute an indebtedness of the City or a loan of the credit thereof within the meaning of any constitutional or statutory provision." The City has approved Economic Development Bonds and Mortgage Bonds totaling \$512,719,050. As of February 29, 2024 the outstanding principal of one bond issued in 2003 was not determinable. The aggregate outstanding principal of the remaining bonds have an amount payable of \$2,316,981.

SERVICE CONCESSION ARRANGEMENT

The City entered into a service concession arrangement with Pinnacle Limited Partnership (Pinnacle) on May 17, 1989 for the operation and maintenance of the parking ramp at Seventh and Monroe Street. During fiscal year 2017, the agreement was extended for a period of twenty five years beginning May 1, 2039 and ending on April 30, 2064. The agreement entitles Pinnacle to all income, revenues, and receipts from the operation of the ramp, including parking and other revenues. The agreement states rates and charges for use of the ramp must be reasonable and not be less than nor greater than rates and charges established by the City in other City-owned parking garages in the downtown area. Under the terms of the agreement, Pinnacle is required to pay all costs of operating and maintaining the ramp. In exchange, Pinnacle shall pay the City a basic monthly payment equal to \$6,750, less any maintenance costs actually incurred and paid, as limited by the agreement. The monthly rent amount is to be renegotiated every five years, but is capped by the consumer price index (CPI).

In the original agreement, significant capital improvements to the ramp were to be shared by the City and Pinnacle. With the new agreement, the City is responsible for a structural and cosmetic rehabilitation of the ramp at an approximate cost of \$3.4 million. After completion of this repair, Pinnacle will be solely responsible for all future maintenance and rehabilitation of the ramp.

The City has reported this service concession arrangement as receivable and deferred inflows of resources in the Motor Vehicle Parking Fund in an amount equal to the net present value of remaining basic monthly payments under the remaining term of the agreement, which totaled \$2,544,019.

Notes to the Financial Statements February 29, 2024

NOTE 4 - OTHER INFORMATION - Continued

TAX ABATEMENTS

The City of Springfield is a home rule unit defined in Section 6 of Article VII of the Illinois Constitution of 1970 and pursuant to The Tax Increment Allocation Redevelopment Plan, as amended 65 ILCS 5/11-74.4.-1, et seq. has entered into a tax abatement agreement with Developer, LSI Properties, LLC, in the form of a sales tax rebate payment to stimulate economic development. The abatement is authorized through the Redevelopment Agreement ordinance 198-05-18 and 440-11-18. The Developer pays sales taxes as they become due, and after meeting the criteria established in the Annexation Agreement, is entitled to a future incentive payment that directly correlates to the taxes paid. The incentive is calculated based on 0.75% of the 2.5% municipal sales tax from the Redeveloper's retail sales from the Project location. The sales tax rebate shall apply to retail sales amounts over the first \$3,000,000 of annual retail sales from the business operation. The Developer's commitment includes rehabilitating the structures situated at 3441 Lumber Lane. The incentive payment for the year ended February 29, 2024 was \$103,681.

The City of Springfield is a home rule unit defined in Section 6 of Article VII of the Illinois Constitution of 1970 and has entered into a tax abatement agreement with an Owner, Kent-Robbins, LLC, in the form of a sales tax rebate payment to stimulate economic development. The abatement is authorized through the Annexation Agreement- ordinance 379-1020. The Owner pays sales taxes as they become due, and after meeting the criteria established in the Annexation Agreement, is entitled to a future incentive payment that directly correlates to the taxes paid. The incentive is calculated based on 0.75% of the taxable sales made by the Owner or Owner's tenant in the City up to one third of the \$59,820 cost of the project. The Owner's commitment included adding a water main extension and hook up to the Land for municipal water service. The incentive payment for the year ended February 29, 2024 was \$12,382.

PLEDGED REVENUES

The Electric Light and Power Fund has pledged future net revenues, net of operations and maintenance costs, to repay \$616.12 million in electric revenue bonds issued in 2006, 2007 and 2008. Proceeds from these bonds provided financing for various electric system projects including the construction of Dallman Unit 4. The bonds are payable solely from electric net revenues and are payable through March 1, 2037. Annual principal and interest payments on the bonds are required to be 80 percent or less of net revenues as per the bond ordinance.

During fiscal year 2016, the issuance of the Series 2015 Senior Lien Bonds refunded a portion of the 2006, 2007 and 2008 Electric Revenue Bonds. The Series 2015 Bonds are payable solely from electric net revenues and are payable through March 1, 2040. As of February 29, 2024, the total principal and interest remaining to be paid on the bonds is \$611,961,037. For fiscal year ended February 29, 2024, the total principal and interest paid and total net revenues were \$36,182,900 and \$64,799,772, respectively.

The Water Fund has pledged future net revenues, net of operations and maintenance costs, to repay \$84.66 million in water revenue bonds issued in 2012, 2018, and 2021. Proceeds from these bonds provided financing for various water system projects. The bonds are payable solely from water system net revenues and are payable through March 1, 2041. The total principal and interest remaining to be paid on the bonds is \$93,426,328 as of February 29, 2024. Annual principal and interest payments on the bonds are required to be 80 percent or less of net revenues as per the bond ordinance. For fiscal year 2024, the total principal and interest paid and total net revenues were \$4,877,297 and \$12,849,507, respectively.

Notes to the Financial Statements February 29, 2024

NOTE 4 - OTHER INFORMATION - Continued

PLEDGED REVENUES - Continued

The City has pledged a portion of future property tax revenues to repay tax increment financing and special service area bonds issued to finance the redevelopment in areas designated as declining and/or blighted. The bonds are payable solely from the incremental property taxes generated in those areas. The City may use a special 1% sales and hotel tax from within the Business District to repay the Legacy Pointe Area SSA bonds. Total principal and interest remaining on the bonds is \$20,860,108 payable through March 2032. For the year ended February 29, 2024, principal and interest paid was \$1,489,804 and total incremental sales tax was \$683,829 and total property tax was \$851,276.

CONTINGENT LIABILITIES

Litigation

The City is also party to various other legal proceedings that have occurred during normal governmental operations. There are multiple suits filed for automobile accidents involving City vehicles. The City is contesting all liability. Although outcome of these law suits is not presently determinable, in the opinion of the City Attorney, the resolutions will not have a material adverse effect on the financial condition of the City.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

DEFERRED COMPENSATION PLAN

Certain employees paid by the City participate in a deferred compensation plan (the Plan) established in accordance the requirements of the Internal Revenue Code Section 457 and sponsored by the City. Participation in the plan is available to all employees of the City. The City holds no administration responsibility, investment responsibility or liability for losses under the plan.

RELATED ORGANIZATION

The City's officials are responsible for appointing the members of the boards of other organizations, but the City's accountability for these organizations does not extend beyond making the appointments. The Mayor appoints a majority of the board members of the Springfield Airport Authority (SAA) as required by statute. The City paid \$14,109 to SAA during the year.

Notes to the Financial Statements February 29, 2024

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS

The City contributes to three defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system, the Police Pension Plan, which is a single-employer pension plan, and the Firefighters' Pension Plan, which is a single-employer pension plan. Publicly available financial reports that include financial statements and required supplementary information (RSI) for the Police Pension Plan and Firefighter' Pension Plan may be obtained by writing to the City at 800 East Monroe, Springfield, IL 62701. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

The aggregate amounts recognized for the pension plans are:

	Pension Expense/ (Revenue)	Net Pension Liability/ (Asset)	Deferred Outflows of Resources	Deferred Inflows of Resources
IMRF				
Regular	\$ (9,738,280)	67,674,425	48,524,400	435,222
SLEP	(10,421)	(38,950)	12,322	
Police Pension	13,750,872	183,350,931	34,734,008	51,350,146
Firefighters' Pension	13,074,875	176,912,828	25,354,551	37,879,705
				_
	17,077,046	427,899,234	108,625,281	89,665,073

Illinois Municipal Retirement Fund (IMRF)

Plan Descriptions

Plan Administration. All employees (other than those covered by the Police and Firefighters' Pension Plan) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Benefits Provided - Continued. IMRF provides two tiers of pension benefits. Employees hired **before** January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Plan Membership. As of December 31, 2023, the measurement date, the following employees were covered by the benefit terms:

	Regular	SLEP
Lucativa Dlan Manchana Commently Descriving Danaster	1 742	2
Inactive Plan Members Currently Receiving Benefits	1,743	2
Inactive Plan Members Entitled to but not yet Receiving Benefits	460	
Active Plan Members	874	
Total	3,077	2

Contributions. As set by statute, the City's Regular Plan and SLEP Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended February 29, 2024, the City's contribution was 9.93% of covered payroll for the Regular Plan and there was no covered payroll for the SLEP Plan.

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Net Pension Liability. The City's net pension liability was measured as of December 31, 2023. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2023, using the following actuarial methods and assumptions:

	Regular	SLEP
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Asset Valuation Method	Fair Value	Fair Value
Actuarial Assumptions Interest Rate	7.25%	7.25%
Salary Increases	2.85% to 13.75%	2.85% to 13.75%
Cost of Living Adjustments	2.75%	2.75%
Inflation	2.25%	2.25%

For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 108.0%) and Female (adjusted 106.4%) tables, and future mortality improvements projected using scale MP-2021. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Actuarial Assumptions - Continued.

		Long-Term
		Expected Real
Asset Class	Target	Rate of Return
Fixed Income	24.50%	4.75%
Domestic Equities	34.50%	5.00%
International Equities	18.00%	6.35%
Real Estate	10.50%	6.30%
Blended	11.50%	6.05% - 8.65%
Cash and Cash Equivalents	1.00%	3.80%

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents the net pension liability/(asset) of the City calculated using the discount rate as well as what the City's net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended February 29, 2024, the City recognized pension revenue of \$9,738,280 for the Regular Plan and a pension revenue of \$10,421 for the SLEP Plan. At February 29, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Regular Plan		SLEP Plan		
	Deferred	Deferred	Deferred	Deferred	
	Outflows of	Inflows of	Outflows of	Inflows of	
	Resources	Resources	Resources	Resources	Totals
Difference Between Expected and Actual	\$ 8,695,390	_			8,695,390

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS - Continued

Police Pension Plan

Plan Descriptions

Plan Administration. The Police Pension Plan is a single-employer defined benefit pension plan that covers all sworn police personnel. The defined benefits and employee and minimum employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/3-1) and may be amended only by the Illinois legislature. The City accounts for the Fund as a pension trust fund. The Fund is governed by a five-member pension board. Two members of the Board are appointed by the City Mayor, one member is elected by pension beneficiaries and two members are elected by active police employees.

Plan Membership. At February 29, 2024, the measurement date, membership consisted of the following:

Inactive Plan Members Currently Receiving Benefits	305
Inactive Plan Members Entitled to but not yet Receiving Benefits	58
Active Plan Members	232
Total	595

Benefits Provided. The following is a summary of the Police Pension Plan as provided for in Illinois State Statutes.

The Police Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Covered employees hired before January 1, 2011 (Tier 1), attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit of ½ of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.5 percent of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75 percent of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3 percent of the original pension and 3 percent compounded annually thereafter.

Notes to the Financial Statements February 29, 2024

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS - Continued

Police Pension Plan - Continued

Plan Descriptions - Continued

Benefits Provided - Continued. Covered employees hired on or after January 1, 2011 (Tier 2), attaining the age of 55 or older with 10 or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the police officer during the 48 consecutive months of service within the last 60 months of service in which the total salary was the highest by the number of months of service in that period. Police officer salary for the pension purposes is capped at \$106,800, plus the lesser of ½ of the annual change in the Consumer Price Index or 3 percent compounded. The annual benefit shall be increased by 2.5 percent of such a salary for each additional year of service over 20 years up to 30 years to a maximum of 75 percent of such salary. Employees with at least 10 years may retire at or after age 50 and receive a reduced benefit (i.e., ½ percent for each month under 55). The monthly benefit of a Tier 2 police officer shall be increased annually at age 60 on the January 1st after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3 percent or ½ of the change in the Consumer Price Index for the proceeding calendar year.

Contributions. Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The City is required to contribute the remaining amounts necessary to finance the plan and the administrative costs as actuarially determined by an enrolled actuary. However, effective January 1, 2011, ILCS requires the City to contribute a minimum amount annually calculated using the projected unit credit actuarial cost method that will result in the funding of 90% of the past service cost by the year 2040. For the year-ended February 29, 2024, the City's contribution was 57.64% of covered payroll.

Concentrations. At year end, the Pension Plan does not have any investments over 5 percent of net plan position available for retirement benefits (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Notes to the Financial Statements February 29, 2024

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS - Continued

Police Pension Plan - Continued

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation performed, as of February 29, 2024, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Fair Value
Actuarial Assumptions	
Interest Rate	7.00%
Salary Increases	3.75% - 16.79%
Cost of Living Adjustments	2.25%
Inflation	2.25%

Mortality rates were based on the Sex Distinct Raw Rates as developed in the PubS-2010(A) Study. Mortality improvement uses MP-2019 Improvement Rates applied on a fully generational basis.

Discount Rate

A Single Discount Rate of 6.96% was used to measure the total pension liability, while the prior year used a discount rate of 6.49%. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- 1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- 2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.00%, the municipal bond rate is 3.54%, and the resulting single discount rate is 6.96%.

Firefighters' Pension Plan

Plan Descriptions

Plan Administration. The Firefighters' Pension Plan is a single-employer defined benefit pension plan that covers all sworn firefighter personnel. The defined benefits and employee and minimum employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/4-1) and may be amended only by the Illinois legislature. The City accounts for the Fund as a pension trust fund. The Fund is governed by a five-member pension board. Two members of the Board are appointed by the City President, one member is elected by pension beneficiaries and two members are elected by active fire employees.

Plan Membership. At February 29, 2024, the measurement date, membership consisted of the following:

Inactive Plan Members Currently Receiving Benefits	
Inactive Plan Members Entitled to but not yet Receiving Benefits	
Active Plan Members	225
Total	486

Benefits Provided. The following is a summary of the Firefighters' Pension Plan as provided for in Illinois State Statutes.

The Firefighters' Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Covered employees hired before January 1, 2011 (Tier 1), attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit of ½ of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.5 percent of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75 percent of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a firefighter who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3 percent of the original pension and 3 percent compounded annually thereafter.

Notes to the Financial Statements February 29, 2024

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS - Continued

Firefighters' Pension Plan - Continued

Plan Descriptions - Continued

Benefits Provided - Continued. Covered employees hired on or after January 1, 2011 (Tier 2), attaining the age of 55 or older with 10 or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the firefighter during the 48 consecutive months of service within the last 60 months of service in which the total salary was the highest by the number of months of service in that period. Firefighters' salary for the pension purposes is capped at \$106,800, plus the lesser of ½ of the annual change in the Consumer Price Index or 3 percent compounded. The annual benefit shall be increased by 2.5 percent of such a salary for each additional year of service over 20 years up to 30 years to a maximum of 75 percent of such salary. Employees with at least 10 years may retire at or after age 50 and receive a reduced benefit (i.e., ½ percent for each month under 55). The monthly benefit of a Tier 2 firefighter shall be increased annually at age 60 on the January 1st after the firefighter retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3 percent or ½ of the change in the Consumer Price Index for the proceeding calendar year.

Contributions. Covered employees are required to contribute 9.455% of their base salary to the Firefighters' Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The City is required to contribute the remaining amounts necessary to finance the plan and the administrative costs as actuarially determined by an enrolled actuary. However, effective January 1, 2011, ILCS requires the City to contribute a minimum amount annually calculated using the projected unit credit actuarial cost method that will result in the funding of 90% of the past service cost by the year 2040. For the year-ended December 31, 2014, the City's contribution was 75.28% of covered payroll.

Concentrations. At year end, the Pension Plan has investments (other than U.S. Government and U.S. Government-guaranteed obligations) in any one organization that represent 5 percent or more of net position available for benefits as follows:

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS - Continued

Firefighters' Pension Plan - Continued

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation performed, as of February 29, 2024, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Fair Value
Actuarial Assumptions	7 000/

Interest Rate 7.00%
Salary Increases 3.75% - 16.54%
Cost of Living Adjustments 2.25%
Inflation 2.25%

Mortality rates were based on the Sex Distinct Raw Rates as developed in the PubS-2010(A) Study. Mortality improvement uses MP-2019 Improvement Rates applied on a fully generational basis.

Discount Rate

The discount rate used to measure the total pension liability was 7.00%, while the prior valuation used a rate of 6.82%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Notes to the Financial Statements February 29, 2024

OTHER POST-EMPLOYMENT BENEFITS

General Information about the OPEB Plan

Plan Description. The City's defined benefit OPEB plan, Retiree Benefits Plan (RBP), provides OPEB for all permanent full-time general and public safety employees of the City. RBP is a single-employer defined benefit OPEB plan administered by the City. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the City Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits Provided. RBP provides healthcare, dental and vision for retirees. Eligibility is based on the IMRF and Police Officers plans. Coverage ends when the retiree stops paying for it. Spouses and dependents of eligible retirees are also eligible for benefits at 100% of the premium costs. Coverage ends at the same time as the retiree.

Plan Membership. As of February 29, 2024, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	457
Inactive Plan Members Entitled to but not yet Receiving Benefits	
Active Plan Members	1,296
Total	1,753

Total OPEB Liability

The City's total OPEB liability was measured as of February 29, 2024, and was determined by an actuarial valuation as of the same date.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the February 29, 2024 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.25%
Salary Increases	2.75%
Discount Rate	3.92%
Healthcare Cost Trend Rates	Initial rate of 6.75%, grading down to the ultimate trend rate of 5.00%
Retirees' Share of Benefit-Related Costs	100% of the benefit costs

Notes to the Financial Statements February 29, 2024

NOTE 4 - OTHER INFORMATION - Continued

OTHER POST-EMPLOYMENT BENEFITS - Continued

Total OPEB Liability - Continued

Actuarial Assumptions and Other Inputs - Continued. The discount rate was based on an index of 20-year general obligation bonds with an average AA credit rating.

Mortality rates were based on the PubG-2010 table base rates Improved Generationally using scale MP-2021. Police and Firefighter Mortality follows the Sex Distinct Raw Rates as Developed in the PubS-2010(A) Study Improved to 2017 using MP-2019 Improvement Rates. These rates are then Improved Generationally using MP-2019 Improvement Rates.

INDIVIDUAL FUND DESCRIPTIONS

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund. Included in the General Fund is the Lincoln Library Fund, which accounts for the replacement taxes, grant revenues, and fees to finance the City's public library and expenditures related to the operation of the library.

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital projects funds) that are legally restricted to expenditure for specified purposes.

Motor Fuel Tax

The Motor Fuel Tax Fund is used to account for motor fuel tax allocations from the State of Illinois and expenditures related to the City's annual road rehabilitation and construction program.

Convention and Visitors Fund

The Convention and Visitors Fund accounts for Hotel-Motel Tax and expenditures for the promotion of tourism and conventions in Springfield.

Illinois Municipal Retirement Fund

The Illinois Municipal Retirement Fund (IMRF) accounts for the City's IMRF contributions and is custodial in nature

Community Development Block Grant Fund

The Community Development Block Grant Fund accounts for entitlement revenue from the U.S. Department of Housing and Urban Development (HUD) and designated expenditures in the areas of Housing and Neighborhood Revitalization; Public Facilities Improvement; and Economic Development and Public Services for the City.

Community Development Block Grant Home Program Fund

The Community Development Block Grant Home Program Fund accounts for entitlement revenue from the U.S. Department of Housing and Urban Development (HUD) and expenditures in the areas of Housing and Neighborhood Revitalization.

HUD Grant Fund

The HUD Grant Fund accounts for entitlement revenue from the U.S. Department of Housing and Urban Development (HUD) and expenditures in the areas of Housing and Neighborhood Revitalization.

SPECIAL REVENUE FUNDS - Continued

Special Allocation Project Fund

The Special Allocation Project Fund (Downtown TIF) is a special revenue fund which accounts for revenues including property taxes, and loan payments received and expenditures made for downtown TIF eligible projects.

State Drug Profit Forfeiture Fund

The State Drug Profit Forfeiture Fund accounts for State revenues received from the sale of seized assets in narcotic arrests and expenditures related to police activities.

Police Evidence Fund

The Police Evidence Fund accounts for monies collected as evidence in legal cases and is custodial in nature.

Federal Drug Profit Forfeiture Fund

The Federal Drug Profit Forfeiture Fund accounts for revenues received from the sale of seized assets in narcotic arrests and expenditures related to police activities.

Police Law Enforcement Block Grant Fund

The Police Law Enforcement Block Grant Fund accounts for the revenue received from the U.S. Department of Justice and designated expenditures within the areas of crime reduction and public safety.

Madison Park Place TIF Project Fund

The Madison Park Place TIF Project Fund accounts for revenues, including property taxes, and loan payments received and eligible TIF project expenditures.

Local Foreign Fire Insurance Fund

The Local Foreign Fire Insurance Fund accounts for revenues received from out of state insurance companies and expenditures per State statute. This Fund is in the custody of the Foreign Fire Insurance Board.

Police Laboratory Fund

The Police Laboratory Fund accounts for revenues received from the court systems for marijuana drug testing completed by certified Springfield police detectives.

SPECIAL REVENUE FUNDS - Continued

Enos Park TIF Project Fund

The Enos Park TIF Project fund accounts for revenues, including property taxes, and loan payments received and eligible TIF project expenditures.

Recycling Fee Fund

The Recycling Fee Fund accounts for the recycling fee committed by City Council for designated expenditures in recycling and waste management.

Northeast TIF Project Fund

The Northeast TIF project accounts for revenues, including property taxes, and loan payments received and eligible TIF project expenditures.

MacArthur TIF Fund

The MacArthur TIF Fund accounts for revenues, including property taxes, and loan payments received and eligible TIF project expenditures.

Dirksen Parkway Commercial Redevelopment Fund

The Dirksen Parkway Commercial Redevelopment Fund accounts for revenues, including property taxes, and loan payments received and eligible TIF project expenditures.

Peoria Road TIF Redevelopment Project Area Fund

The Peoria Road TIF Redevelopment Project Area Fund accounts for revenues, including property taxes, and eligible TIF project expenditures.

CAPITAL PROJECTS FUND

Capital project funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary and trust funds. The City's capital project funds are as follows:

Capital Improvement Fund

The Capital Improvement Fund accounts for the resources restricted, committed, or assigned for the acquisition and construction of major capital facilities other than those financed by proprietary trust funds.

1996 Capital Improvement Fund

The 1996 Capital Project Fund (also included bond proceeds for Wanless' Iles Junction Special Service Area) accounts for the Issuance of the Series 1996C General Obligation Bonds and expenditures related to the Stanford Avenue, Eleventh Street and Koke Mill Road construction projects. This fund also accounts for the revenues and expenditures related to Wanless' Iles Junction Special Service Area.

South Grand Pointe TIF Project Fund

The South Grand Pointe TIF Project Fund accounts for the bond issuance of the Series 1995 Tax Incremental Revenue Bonds and expenditures related to South Grand Pointe Project.

South Central Business District Fund

The South Central Business District Fund accounts for revenues from City sales tax and eligible expenditures in the District.

Capital Equipment Fund

The Capital Equipment Fund accounts for the committed revenues and expenditures for the purchase of capital equipment other than the equipment financed by proprietary and trust funds.

ENTERPRISE FUNDS

The Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where it has been decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purpose.

ENTERPRISE FUNDS - Continued

Electric, Light and Power Fund

The Electric Light and Power Fund accounts for the production, transmission and distribution of electricity in the City and certain nearby municipalities.

Water Fund

The Water Fund accounts for the collection, purification and distribution of water in the City and certain nearby municipalities.

Sewer Fund

The Sewer Division accounts for user fees billed through the Department of Public Utility and maintains the City sewer system including sanitary, combined and storm sewers and all manholes, catch basin and inlets.

Oak Ridge Cemetery Fund

Oak Ridge Cemetery accounts for the revenue and costs incurred for the operation of the municipal owned cemetery. The cemetery is the home of the Lincoln Tomb, a national historic site. In addition to being the final resting place of our 16th president, the site is home to the Illinois Vietnam Memorial, the Korean War Memorial and the World War II Memorial.

Motor Vehicle Parking System Fund

The Motor Vehicle Parking System Fund is used to account for revenues generated and costs incurred from the operation of the parking lots, parking meters, and garages owned by the City.

INTERNAL SERVICE FUNDS

Support Services Revolving Fund

The Support Service Revolving Fund is comprised of the Fleet Maintenance Division and the Facilities maintenance Division. The Fleet Maintenance Division is responsible for repair and maintenance of the majority of all city vehicles and equipment. The Facilities Maintenance Division is responsible for the for routine janitorial and maintenance activities of the Municipal Center Complex.

Self Insurance Fund

The Self Insurance Fund accumulates and allocates costs internally for health, workers' compensation, and general insurance liability as well as sick payout. In addition, the City also accounts for a portion of its self-insurance activities directly within the business-type enterprise funds.

INTERNAL SERVICE FUNDS - Continued

Unemployment Compensation Fund

The Unemployment Compensation Fund accumulates and allocates costs internally and is a direct payer to the State of Illinois for qualifying former City employees' incurred unemployment payments.

PENSION TRUST FUNDS

Police Pension Fund

The Police Pension Fund is used to account for the accumulation of resources to be used for retirement annuity payments to employees on the police department at appropriate amounts and times in the future. Resources are contributed by employees at rates fixed by law and by the City at amounts determined by an annual actuarial study.

Firefighter's Pension Fund

The Firefighters' Pension Fund is used to account for the accumulation of resources to be used for retirement annuity payments to employees on the fire department at appropriate amounts and times in the future. Resources are contributed by employees at rates fixed by law and by the City at amounts determined by an annual actuarial study.

STATISTICAL SECTION (Unaudited)

This part of the annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

⁽¹⁾ Does not include property tax receipts from Tax increment Districts or Special Assessments.

Source: City of Springfield, Office of Budget and Management and the County Clerk.

Notes:

Due to the Home Rule status of the City of Springfield, there are not any rate restrictions for these taxes.

There are no overlapping property taxing bodies that also have a City Sales Tax.

Numerous schedules for overlapping property tax districts follow this schedule.

Due to Sangamon County system limitations the following information is unavailable: collections as of the end of the levy year in dollars and as a percentage of the levy; collections in subsequent years.

^{(2) .25%} increase effective for 2 months of fiscal year.

(1) Excludes tax levy on increases in assessed valuation after 1980 of tax increment district property. The City receives the difference between the cumulative tax rate for all taxing bodies multiplied times the current assessed valuation and the 1980 assessed valuation of property within the tax increment district.

Note: Due to Sangamon County system limitations the following information is unavailable collections as of the end of the levy year in dollars and as a percentage of the levy, collection in subsequent years.

Schedule of Legal Debt Margin February 29, 2024 (Unaudited)

The City is a home rule municipality.

Article VII, Section 6(k) of the 1970 Illinois Constitution governs the computation of legal debt margin. "The General Assembly may limit by law the amount and require referendum approval of debt to the incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property...(2) if its population is more than 25,000 and less than 500,000 an aggregate of one percent: indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum...shall not be included in the foregoing percentage amounts." To date the Illinois General Assembly has set no limits for home rule municipalities. The City is a home rule municipality.
